University ISEE

What is ISEE?

The ISEE is the Equivalent Economic Situation Indicator and is issued by INPS. It serves to certify the economic and patrimonial "capacity" of the family unit.

To obtain the ISEE release it is necessary to sign a DSU (Substitute Declaration Unique) which contains:

- data self-declared by the user;
- pre-filled data provided by the Revenue Agency and INPS.

Single Substitutive Declarations (DSU) and ISEE 2026 Certifications signed starting from 01/01/2026 are valid until 31/12/2026.

The income and asset data used for the Single Substitute Declaration (DSU) and the ISEE Certification are updated using the second preceding calendar year as a reference (therefore 2024 for the 2026 ISEE Certifications).

How do I get it?

Any member of the registered family unit, and therefore with the same residence, can go to a CAAF (Authorized Tax Assistance Center) located throughout Italy.

When can I request the DSU?

It can be requested from January to December and is valid until

December 31st of the year of subscription, regardless of the day of issue.

What do I need to ask the CAAF to obtain the UNIVERSITY ISEE?

You must request the completion of **SECTION C University Benefits of the DSU** (make sure **page 3** of your DSU is **completed**).

How do I know if he's a university student?

You must make sure that **YOUR** tax code is indicated on the first page of the ISEE .

ATTENTION! ... If YOUR TAX CODE IS NOT indicated ...

means it DOES NOT APPLY TO UNIVERSITY BENEFITS for you.

You will be **EXCLUDED** from the provisional rankings and **will be readmitted IF AND ONLY IF you present an ISEE certificate** that applies to university benefits **for you**.

You can do so by submitting a formal complaint (ISEE data) within the deadline for complaints regarding the benefit you requested. (Check the deadlines on the Notice.)

What documents do I need to bring to the CAAF to obtain the University ISEE?

- Tax code and identity document of the declarant;
- Tax code of all members of the family unit and, if applicable, of the **non-resident spouse or parent**;

- any document certifying your cohabitation (if you reside in a family home, a reception community, if you are a soldier, are subjected to detention or if you belong to a religious order) **ATTENTION! You must be resident in one of the facilities listed above;**

- If you are a **CARE LEAVER student**, by presenting the order for removal from your family of origin to the CAAF, you are authorised to sign a DSU as **the only member of the family unit**.

ATTENTION!

The data entered will be cross-referenced with those contained in the databases of the Revenue Agency and credit institutions!

CHECK THAT YOUR ISEE DOES NOT CONTAIN ANY OMISSION/DEFICIENCY NOTES and that therefore, at the bottom of the first page of the ISEE (table below) indicated, they are **not** present.

La Dichiarazione Sostitutiva Unica è **valida** fino alla data gg/mm/aa

Annotazioni:

Codice fiscale per cui sono state rilevate omissioni / difformità	Tipologia di omissione / difformità	Specifiche

Il commissario straordinario

If you find the table filled in, it means that your certificate is recorded.

Go to the CAAF to submit the missing documentation on the ISEE and sign a new DSU.

How do I submit my University ISEE to EDISU?

You don't have to send anything because EDISU uses electronic retrieval.

Remember that:

- the latest certificate present in the INPS database is found;
- within 48 hours of receipt of the application acquisition, you will be sent the "Data Receipt INPS"
 • check your email inbox;
- **IF** you find a retrieval error (non-university ISEE, omissions/discrepancies, failure to find ISEE) you must sign a new DSU and, once the ISEE has been issued, you can:

 - or send the correct data via "Modify Data" (*before the deadline benefit requested*);
 - or submit a formal "Complaint" request (*after the complaints deadline of the benefit requested*);
- check that the data found corresponds to what you wanted to communicate to EDISU.

If they don't match you can:

 - or send the correct data via "Modify Data" (*before the deadline benefit requested*);
 - or submit a formal "Complaint" request (*after the complaints deadline of the benefit requested*).

ISEE Parificato

What is the ISEE Parificato?

The ISEE Parificato is a certificate containing information regarding the composition of the family unit, the income and assets (movable and immovable assets) of the student who is not resident in Italy (whether Italian, international EU or non-EU) and whose family unit is partially or totally abroad.

How do I get it?

Starting from the 2026-2027 academic year, the ISEE Parificato will be calculated directly by EDISU Piemonte with the support of the affiliated CAAF offices.

The student must send the translated and certified consular documentation by mail or courier to EDISU Piemonte. The documentation is evaluated and, if compliant, is delivered to a CAAF operator present at an EDISU office to calculate the ISEE Parificato.

The ISEE Parificato value is made available to the student when the provisional rankings for the benefit the student intends to request are published.

EDISU does not consider any ISEE Parificato value that may be sent together with the consular documentation.

Documents must be submitted to EDISU by the deadlines!

Current ISEE

What is it?

It is an ISEE certificate that is **updated** with the income situation and benefits of the last twelve months.

Starting April 1st of each year, the financial situation (movable and immovable assets) may also be updated, as the ISEE calculated according to the ordinary rules refers to the situation two years prior to signing the DSU and may no longer reflect the family situation.

It is possible to request the calculation of a CURRENT ISEE in the event of significant changes in the income or assets of at least one member of the household, or following adverse events, where such income and assets do not reflect the true economic situation of the household. The Current ISEE consists of an ISEE updated to reflect the income and benefits of the last twelve months (or two months—to be calculated as a full year—in the event of interruption of social security, welfare, and compensation benefits or of a permanent employee whose employment has been lost, suspended, or reduced) or assets of the year prior to the year in which the DSU was submitted.

Before requesting the calculation of the CURRENT ISEE, the ISEE 2026 certification valid for university education benefits must already have been signed.

What requirements do I have to meet to request it?

You can request it if you or a member of your household has had a:

INCOME REDUCTION:

- **REDUCTION IN INCOME**, due to **job loss, redundancy, suspension or reduction of work activity** (including for self-employed workers) or **interruption of social welfare benefits** (NASpl **Ÿ** **New Social Insurance for Employment**, RDC **Ÿ** **Citizenship Income**, RDS **Ÿ** **Solidarity Income**, etc.);
- **SIGNIFICANT CHANGE IN FAMILY INCOME (greater than 25%);** _____
- **TERMINATION OF COMPENSATORY ASSISTANCE BENEFITS** received in the last 12 months;
- **CESSATION OF VAT NUMBER.**

ASSET REDUCTION:

It can be requested starting from April 1st of each year IF AND ONLY IF you or a member of your family has had a reduction in real estate assets compared to the ORDINARY ISEE certification.

How do I request it from the CAAF?

You must have already signed a DSU and therefore be in possession of a valid ISEE certificate.

INCOME REDUCTION: submit both supporting documents for the **factors that caused** the income change (letter of dismissal, termination of VAT number, redundancy fund, etc.) and updated documents (new pay slip, etc.).

ASSET REDUCTION: The ISEE certificate and the related DSU signed according to the standard rules must be submitted, along with supporting documents for the reduction in assets (deed of sale of building, closing of current account, divestment of an investment, sale of shares, etc.).

The CAAF will help you fill out a Substitute Form that represents the current income situation (at the time) by presenting the personal data of the member who finds himself in one of the conditions described above and the certification proving the cause (letter of dismissal, letter of redundancy payment, etc.).

ATTENTION!

THE SUBMISSION OF THE SUBSTITUTE FORM IS NOT EQUIVALENT TO THE ISSUANCE OF THE CURRENT ISEE: it is the INPS that issues it, after having carried out the appropriate checks and **if and only if** the family unit actually finds itself in one of the conditions dictated by the law.

How long is the current ISEE valid for?

The current ISEE is valid:

- six **months** from the date of submission of the current ISEE DSU, if **only the income is updated**, unless changes occur:
 - or in the employment situation;
 - or in the use of treatments. In both cases the current ISEE must be updated within two months of the change;
- **until December 31** of the year of submission of the current DSU, if **only the assets are updated**;
- **until December 31** of the year of submission of the current DSU, if **the assets and income are updated**, unless changes occur:
 - or in the employment situation;
 - or in the use of treatments. In both cases the current ISEE must be updated within two months of the change.

In both cases, the current ISEE must be valid at the time of submitting the benefit request or at the time of submitting complaints.

Check the Call for Applications to verify the deadlines.

How do I submit my current ISEE?

~~If the current ISEE has already been "attached" through the online retrieval, you do not need to do anything.~~

Otherwise, you must open a ticket (ISEE/FINANCIAL REQUIREMENTS section) and send a copy of the ISEE and DSU prepared according to the ordinary rules and a copy of the Current ISEE and supplementary form.
