SECTION I

RECIPIENTS AND AMOUNTS

ART. 1 COURSES AND UNIVERSITIES FOR WHICH BENEFITS ARE GRANTED

Art. 1 paragraph 1 COURSES

Italian and international students who meet the economic and merit requirements set out in Articles 6 (General Requirements), 9 (First Years), 15 (Subsequent Years), 24 (PhD and Specialization Schools), 29 (Students with Disabilities), and 30 and 31 (International Students) enrolled for the 2026/27 academic year at the Piedmontese Universities indicated in the following paragraph, in the following types of courses, may apply for the scholarship and, if away from home, the housing service:

- ¹ degree;
2. single-cycle master's degree;
3. master's degree (DM 270/04);
4. PhD courses (Legislative Decree 210/98) that do not benefit from the scholarship;¹
5. Specialization schools lasting at least two years, excluding medical schools as per Legislative Decree 368/1999.

Please note that students enrolled in doctoral programs and specialization schools can only apply for the scholarship.

The scholarships refer to the 2026/27 academic year. For students enrolled in specialist schools, the scholarships can be awarded to those who are actively enrolled in the relevant academic year of the relevant school².

For scholarships awarded to students enrolled in the additional semester, in addition to the merit and income requirements, enrollment in the current academic year at the time of application is sufficient, as established by Article 3, paragraph 5 of Ministerial Decree 1320/2021.

and therefore EDISU will not proceed with the verification of their enrollments for the 2026/27 academic year.

Students graduating in September 2026 will not be able to apply for a scholarship for the additional semester but only for the graduation award if they meet the requirements set out in section V below.

Students enrolled at the University of Turin in the joint degrees EAP – Economic Analysis and Policy LM-56 or EISD – Economics of Innovation for Sustainable Development LM-56 are eligible to participate, provided they have not previously received scholarships awarded by the French right to education (based on merit and income) or other scholarships awarded for similar purposes by the European Community (e.g., the Erasmus Mundus Joint Master's Degree). If these students wish to access the reduced-cost canteen service only, they must submit an application in accordance with the Canteen Service Regulations and the Fees Resolution for the 2026-27 academic year.

Students enrolled at the Politecnico di Torino in the Master's Degree in Energy and Nuclear Engineering (Turin), SELECT - Environmental Pathways for Sustainable Energy Systems - EIT Joint Programme track, are eligible to participate in this call, provided they have not been awarded other scholarships for similar purposes by the European Community (e.g., Erasmus Mundus Joint Master's Degree). These students, if they wish to access the reduced-cost canteen service only, must submit an application in accordance with the Canteen Service Regulations and the Fees Resolution for the 2026-27 academic year.

Students enrolled in Double Degrees and international programs under the Erasmus Mundus Joint Master's program who are initially enrolled at a foreign university (lead institution) are not eligible to apply for an EDISU scholarship. However, these students will be able to access the canteen like incoming exchange students at the rate established by the Tariff Resolution for the 2026-27 academic year. The University will send EDISU a list of these students during their academic year in Turin; therefore, they do not need to register for EDISU online services.

Please refer to Article 9 for specific provisions for students attending the "filter semester" of the Medicine and Surgery, Dentistry and Dental Prosthetics, and Veterinary Medicine courses.

Please refer to Section X of this Notice regarding the "Contribution for students with a disability equal to or greater than 46% enrolled in targeted placement pursuant to Law No. 68 of 12 March 1999". Please note that the scholarship referred to in this article is NOT compatible with the contribution referred to in Section X of this Notice.

² Regional Criteria 2026/27 section II point 4.

Art. 1 paragraph 2 UNIVERSITIES

Students enrolled in Piedmontese universities, SSML (Higher Schools for Linguistic Mediators), institutes of higher education in art, music, and dance, and ISIA with registered offices in Piedmont (hereinafter referred to as Universities) are eligible to apply for the benefits.

For the 2026/27 academic year, students enrolled at *the University of Turin, the Polytechnic of Turin, the University of Eastern Piedmont, the University of Gastronomic Sciences, the Academy of Fine Arts of Turin, the Giuseppe Verdi Conservatory of Turin, the Higher School for Linguistic Mediators of Turin, the Academy of Fine Arts of Cuneo, the European Academy of Fine Media Arts of Novara, the Conservatory of Alessandria "A Vivaldi", the Conservatory of Novara "Guido Cantelli", the State Conservatory of Cuneo "GF Ghedini", the Higher School for Linguistic Mediators "A. Macagno" of Cuneo, the School of Musical Theatre of Novara, are eligible to apply.*
IAAD.

Art. 1 paragraph 3 COURSE LOCATIONS

For the purposes of requesting benefits, all course locations activated by the Universities referred to in the previous paragraph 2 are recognized.

Art. 1 paragraph 4 DISTRIBUTION OF SCHOLARSHIPS AND BED SPACES

The scholarships are financed with the proceeds from the regional tax for the right to study, any regional resources allocated to the provision of scholarships and other services, (Directorate "Education and Right to University Study, Training and Work", Sector "Right to University Study, Corporate Welfare and Integration of Education, Training and Work Policies") with a state supplementary fund (FIS), resources from the European Social Fund (ESF+) and sums returned by students in the event of revocation³.

The scholarships financed by the resources of the European Social Fund 2021/2027 (ESF+) will be divided as follows:

- CUP J61I26000220009 with an allocation of €9 million: they will be awarded to students enrolled in STEP courses
- CUP J61I26000240009 with an allocation of €12 million: will be assigned, first of all, to female students in subsequent years of STEM courses (not STEP), then to male and female students with disabilities in subsequent years pursuant to art. 29 of this announcement, subsequently to students enrolled in STEM courses and, in the event of residual funds, to other students who do not fall into the above categories.
- CUP J61I26000230009 with an allocation of 6 million: will be allocated to non-EU international students in disadvantaged situations (with ISEE up to half the maximum limit).

The final scholarship rankings are drawn up in such a way as to provide each University with the same percentage of Scholarships are awarded based on the number of eligible applicants, with the exception of doctoral and specialization school programs, for which scholarships are awarded based on the number of applications regularly submitted for the 2026/27 academic year, regardless of the requirements.

The scholarships are distributed according to the following criteria:

1. 15%, according to the ranking order defined in Article 12, paragraph 1, for students enrolled in the first years of bachelor's, single-cycle master's, master's, doctoral, and specialization school programs who submit a Standard Application. Both the winners of the November 9, 2026, and December 16, 2026, rankings will be eligible to apply if the 15% threshold is reached.
2. 85%, according to the ranking order defined in Article 17, paragraph 1, for enrolled students:
 - a. to subsequent years of the bachelor's degree, single-cycle master's degree, and master's degree courses that confirm merit-based benefits (art. 15, paragraph 1.2);
 - b. to the first years of master's degree courses that confirm merit-based benefits (art. 9 paragraph 1);
 - c. to subsequent years of bachelor's degrees, single-cycle master's degrees, master's degrees, doctorates and specialization schools that submit the Standard Application (art. 15, paragraph 1.1 and art. 26, paragraph 1).

The final rankings for housing services are drawn up using the same procedures established for scholarships, so as to distribute the places indicated in the competition announcement among the universities for each location, maintaining the same percentage in relation to those eligible and guaranteeing at least one place per university.

For each location, available beds are distributed according to the following criteria:

1. 15%, according to the ranking order defined in Article 12, paragraph 1, for students enrolled in the first years of bachelor's, single-cycle master's, and master's degrees. The number of places thus identified is further divided, reserving 15% for students with non-EU citizenship whose family unit resides in a non-EU country and for students with international protection, while the remaining 85% is reserved for students with Italian and EU citizenship and for students with non-EU citizenship whose family unit resides in an EU country.
2. 85%, according to the ranking order defined in Article 17, paragraph 1, for enrolled students:
 - a. to subsequent years of the bachelor's degree, single-cycle master's degree, and master's degree courses that confirm merit-based benefits (art. 15, paragraph 1.2);
 - b. to the first years of master's degree courses that confirm merit-based benefits (art. 9 paragraph 1);
 - c. to subsequent years of the bachelor's degree courses, single-cycle master's degree courses, and master's degree courses that present the Standard Application (art. 15, paragraph 1.1).

There are no reserved places for students enrolled in doctoral courses and specialization schools.

³ Regional Criteria 2026/27 section X and Regional Council Resolution of the Piedmont Region no. 8-2810 of 08/07/2026

ART. 2 DURATION OF BENEFITS

Benefits may be requested for initial enrollment at any course level according to the following terms, calculated from the academic year of initial enrollment, without prejudice to the provisions of Articles 3 and 9 below. The scholarship may be requested only once per academic year. For transfers, please refer to Article 15, paragraph 4.

Course type	Duration of benefits
Degree courses	Three academic years plus a possible additional semester (seventh semester).
Single-cycle master's degree courses	A period equal to the duration of the course provided for by the respective teaching regulations (5 or 6 academic years) plus a possible additional semester.
Master's Degree Courses ⁴	Two academic years plus a possible additional semester (fifth semester)
Doctorates Of research ⁵ or specialization schools, lasting at least two years, excluding medical schools as per Legislative Decree 368/1999	A period of time equal to the duration of the course provided for by the respective teaching regulations.

The durations indicated are expected and valid for both full-time and part-time enrollment.

The duration of benefits for students with disabilities is indicated in Article 29, paragraph 1.

ART. 3 CONDITIONS OF NON-ADMITTANCE AND EXCLUSION

Applications not completed and submitted as directed in this announcement will not be considered for the competition.

The application procedures for non-EU or EU international students with family units residing abroad are set out in Articles 30 and 31.

Art. 3 paragraph 1 CONDITIONS FOR NON-ADMISSION

The following cases constitute grounds for non-admission to the benefits:

- failure to comply with the deadlines for submitting the complete application set out in this notice in Articles 10, paragraph 2 (first years), 16, paragraph 2 (subsequent years), 21 (degree award), 25, paragraph 3 (PhDs and specialization schools), and 41 (contributions for students with a disability of 46% or higher enrolled in targeted placement);

6. for students enrolled in years subsequent to the first of a bachelor's degree, single-cycle master's degree, or master's degree, failure to meet the merit requirements set forth in Article 15, paragraph 2, or, for students with disabilities, Article 29, paragraph 3.2;
7. Failure to complete and submit complaints online, if necessary, to correct incorrect or modified data by EDISU following checks with the Universities during the provisional ranking process. Complaints must be submitted within the deadlines and according to the procedures indicated in Articles 7, paragraph 6, 12, paragraph 3 (first years), 17, paragraph 4 (subsequent years), 22, paragraph 2 (degree award), 26 paragraph 3 (PhDs and specialist schools), students with a disability equal to or greater than 46% registered for targeted placement;
8. obtaining similar benefits¹² (grant, scholarship, free accommodation, etc.) from other public or private institutions without the students having declared that they would opt for one of the benefits (with the exception of scholarships awarded by national or foreign institutions aimed at integrating, with stays abroad, the training or research activities of scholarship holders¹³);
9. Students who have won an INPS scholarship or other types of scholarship for free access (art. 5 paragraph 1 - amount of on-site scholarship) or for a reduction in the fee in any form (art. 5 paragraph 2 - amount of commuter scholarship) at a university college (Einaudi, Camplus, etc.) cannot benefit from a scholarship with an off-site amount;
10. withdrawal from studies during the 2026/27 academic year prior to June 1, 2027, for successful candidates enrolled in bachelor's, master's, and single-cycle master's degree programs. For successful candidates enrolled in doctoral programs, please refer to Article 24, paragraph 2;
11. Transfer to non-Piedmontese universities during the 2026/27 academic year (prior to 1 June 2027);
12. Transferring from any Italian university or changing courses within one's own university if this results in the failure to obtain the credits necessary to meet the merit requirements set forth in Article 15, paragraphs 2 and 4, or, for students with disabilities, Article 29, paragraph 3.2;
13. The freezing or suspension of the university career during the 2026/27 academic year;
14. failure to return the scholarship and/or the value of the revoked housing service or other benefits, or revoked services or other financial debts towards EDISU Piemonte;
15. in relation to the request for housing service, having incurred the revocation of housing service in previous academic years following a provision pursuant to the provisions of the Internal Regulations of University Residences and subsequent amendments;
16. with regard to requests for both scholarships and housing services, having incurred the revocation of EDISU benefits in previous academic years following a provision pursuant to the provisions of the Internal Regulations of University Residences and subsequent amendments;
17. limited to the housing service, the verification of the lack of requirements for non-resident students pursuant to the following article 4.

If EDISU determines that such conditions for non-admission or exclusion exist during checks following the publication of the final rankings, the benefits received will be revoked (Article 47). EDISU may also conduct checks on benefits provided in academic years prior to 2026/27 and, if necessary, revoke any benefits received (Article 47).

ART. 4 "STUDENT TYPE" FOR SCHOLARSHIP PURPOSES

The scholarship amount varies based on the following types of students.

IN HEADQUARTERS	1. Residents of the municipality where their course of study is located. 2. Attending distance learning courses offered by Piedmontese universities. 3. Subjected to detention. These students can apply for the scholarship only, without accommodation services.
COMMUTER	Residents of a municipality other than the one in which their course of study is based, which can be reached by public transport within 60 minutes. These students can apply for the scholarship only, without accommodation services.
OUT OF SITE	Residents of a municipality other than the one in which their course of study is based, which cannot be reached by public transport within 60 minutes. Such students may request: 1. the housing service at the EDISU residences and the scholarship; 2. the only scholarship. Independent students pursuant to Article 6, paragraph 1.5 of this announcement.

If the student, pursuant to the table above, falls into the "non-resident" category based on the municipality of residence and intends to compete for the scholarship amount provided for this category pursuant to Article 5, paragraph 1.3, he or she is required to submit an appropriate declaration of paid accommodation as required by Article 8.

In the absence of such a declaration, or if the student does not intend to pay for paid accommodation, they must apply as an "out-of-town" student but will automatically be eligible for the scholarship amount available for the "commuter" category. Further information on scholarship amounts is available in Article 5 of this announcement.

For scholarship awarding purposes, registered residence as of November 12, 2026, will be considered. If students acquire or change their registered residence after submitting their application for benefits, but by November 12, 2026, they must promptly notify EDISU by opening a ticket. Student status will be determined based on the new registered residence and the effective date of the change.

However, if students are assigned housing or a scholarship with a non-resident amount, they are required to declare their change of residence, even if it occurs after November 12, 2026. If the change of residence results in a change in student status, the "non-resident" status and the corresponding scholarship amount will lapse; consequently, the amount will be reset to the amount established for the "commuter" status for the 2026/27 academic year.

Please note that international students from the EU and non-EU whose families reside entirely abroad maintain their non-resident status, regardless of whether they take up registered residence in Italy, provided they submit a declaration of paid accommodation pursuant to Article 8, paragraph 2 below.

EU and non-EU international students enrolled in a doctoral program or specialization school who are registered as residents in Italy and apply for EDISU Piemonte benefits by submitting an ISEE Doctorate certificate or ISEE certificate with the Nucleo Ristretto option will instead be considered based on their registered residence in Italy.

If international students take up registered residence in Italy and this is the same as at least one member of their family unit (parent, uncle, cousin, sibling, etc.) who generates income of any kind, the student's status will be considered based on their registered residence in Italy.

Travel times are determined based on the times indicated by transport service companies. This data is acquired through the Muoversi in Piemonte system, the reference system for the Piedmont Region, as well as through similar tracking systems, such as Google and the train timetables available on the websites of local operators.

For the purposes of the calculation, the connections between the railway or bus station of the municipality of residence of the student and the municipality of study, including any walking distance between the various stops. Only routes that allow, in the shortest possible time, arrival in the municipality of study by 8:00 a.m. and return to the municipality of residence by 8:00 p.m. will be considered.

For the Municipality of Turin, the reference station is the first scheduled arrival or departure stop on the route in question; for the Municipality of Milan, the reference station is Central Station.

For the purposes of the calculation, only the Municipalities are considered, without taking into account any hamlets or localities belonging to them.

ART. 5 SCHOLARSHIP AMOUNTS

The amount of the scholarship¹⁴ is determined according to the methods described in the following paragraphs on the basis of the type of student (art. 4) and the University/Parified/Doctoral ISEE (art. 6).

Scholarship-winning students can access EDISU canteens or alternative services affiliated with EDISU at the rate corresponding to bracket 1, which for the 2026/27 academic year amounts to €3.00 for a full meal.

Even for students enrolled in the "filter semester", pursuant to Legislative Decree no. 71 of 15 May 2025 and the implementing regulations for the new access methods to the single-cycle master's degree courses in Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine, academic year 2026/27, in cases where this semester is made up of at least 51% in-person teaching activities, the discounted rate corresponding to the first band of the catering service, equal to €3.00 for a full meal, will apply¹⁵.

All information regarding the catering service can be found in the Catering Regulations and in the Implementing Provisions for the catering service for the 2026/27 academic year.

For students applying for only the additional semester of their course, the amounts and deductions relating to accommodation services and the catering service contribution are halved.

In case of exhaustion of financial resources:

1. Students enrolled in years subsequent to the first who are eligible in the final scholarship rankings are eligible to receive one free daily meal in EDISU cafeterias or alternative services during the 2027 calendar year, starting in January, until they remain eligible. Students who apply for the additional semester of their course may receive the free daily meal until March 31, 2027. In the event of circumstances that prevent them from receiving the free daily meal (such as participation in international mobility programs, internships, or other), the value of the meals will not be cashed under any circumstances.
2. Students enrolled in the first years, who are eligible in the final scholarship rankings, can consume meals in the EDISU canteens or in alternative services at the rate of band 1, which for the 2026/27 academic year amounts to €3.00 for a full meal¹⁷;
3. to students requesting housing services, who have been found suitable in the housing service rankings and in the final ranking of scholarship, a place in EDISU residences or those affiliated with the Institution is recognized, if available.

Art. 5 paragraph 1 FULL-TIME STUDENTS

The amounts indicated in the following paragraphs were identified pursuant to art. 3 paragraphs 2, 3, and 5 of Ministerial Decree 1320/2021, the subsequent circular 13676 of May 11, 2022, and DD 181/2025, which updated the amounts for the 2026/27 academic year and implemented by the Regional Criteria for the 2026/27 academic year. Pursuant to Annex A of the Regional Criteria, the amounts for students with a University ISEE between €23,626.01 and €26,306.25 are reduced by 50% compared to those established by Ministerial Decree 204/2023.

The amounts allocated to students with disabilities are indicated in Article 29 of this announcement.

Students who receive a scholarship for enrollment in a STEM program and transfer to a non-STEM program, if they still meet the requirements, will have their tuition recalculated and receive the second installment at the reduced rate. If they receive a non-STEM scholarship and transfer to a STEM program, the amount will be increased in the second installment, if funds are available.

The scholarship consists of a cash payment, net of €150.00, as a contribution towards the catering service at EDISU canteens or alternative services (the amounts indicated below are already calculated net of €150.00).

Only students belonging to the following categories are eligible for this scholarship amount:

- 1.** have not requested accommodation services; **2.** have cancelled their request for accommodation services by 12:00 on 4 September 2026; **3.** have submitted a "renouncement of the bed space" by 12:00 on 16 September 2026, by means of a complaint against the ranking. temporary housing service;
- 4.** excluded from the final ranking of housing service for other reasons but winners in the final ranking of scholarship studio;
- 5.** eligible in the final ranking for housing services but declare that they are not interested during the declaration of interest phase or do not submit the declaration of interest procedure (Article 33, paragraph 2), or renounce the bed-space assigned during the "declaration of interest results" phase (renounce it when the residence is assigned or do not show up at the assigned residence within the required timeframe);
- 6.** eligible candidates in the final ranking for housing services who were not "assigned" a bed-space at the time of their declaration of interest despite having declared their interest, and who therefore cannot benefit from the service due to the exhaustion of available beds (art. 33 paragraphs 1 and 2);
- 7.** Winners or eligible candidates in the final housing service ranking, who have completed the acceptance or declaration of interest form, accepting the bed-space with:
- the Erasmus Option with a stay abroad of 8 months or more (art. 33 paragraph 4.1), who must self-certify the cost of domicile according to the methods and timeframes indicated in art. 8 paragraph 2;
 - the Renato Einaudi Option (art. 33 paragraph 5), who do not have to self-certify the cost of the domicile;
- 8.** applicants for accommodation services but attending course locations without EDISU residences, who do not have to submit the declaration of interest but only the declaration of paid accommodation.

In order to receive the scholarship amount for out-of-town students, the aforementioned categories of students must be ranked among the final scholarship winners and have submitted a declaration of paid accommodation (Article 8).

Independent students are also eligible for this scholarship amount, as set forth in Article 6, paragraph 5.1 below. These students do not need to submit a declaration of paid accommodation, but must attach the paid rental contract or purchase deed to the scholarship application. If the independent student fails to submit documentation regarding paid accommodation, he or she will not be considered a non-resident student for the purposes of the scholarship amount, but will receive the commuter amount.

To receive the scholarship with the amount paid for non-resident students, non-resident students who are not residents of an EDISU residence, whether they are from the EU, non-EU countries with family in Italy, Europe, or a non-European country, must self-certify their residence fees according to the deadlines and methods indicated in Article 8, paragraph 2. Otherwise, if they are awarded the scholarship, they will be paid the amount provided for commuter students.

For non-EU first-year international students with an entry visa for enrollment in the 2026/27 academic year, the provisions of Article 31, paragraph 1.1 (Table) apply.

Art. 5 paragraph 2 STUDENTS ENROLLED PART-TIME

Students enrolled in bachelor's, single-cycle master's and part-time master's degree courses can benefit from the scholarship only, according to the amounts indicated in the table below²⁸.

To obtain the relevant amount, non-resident students must self-certify their residence fees according to the procedures and deadlines indicated in Article 8, paragraph 2.

Student type	
In office	€ 606,00
Commuter	€ 775,00
Out of office	€ 1.409,00

Verifications regarding enrollment and type of commitment will be carried out on October 31, 2026 (for first-year students in bachelor's and single-cycle master's degree programs who enroll by October 31, 2026), November 30, 2026 (for first-year and subsequent-year students who enroll by November 30, 2026), and April 2, 2027 (for first-year and subsequent-year students suspended from the December rankings but eligible to compete in the final April rankings). Students who are enrolled part-time at that date, if they are awarded a scholarship in the final rankings, will receive the above-mentioned amount. No additional payments will be made if, after that date, they change their commitment type from "part-time" to "full-time."

Full-time scholarship recipients who change their enrollment type during the academic year will have their scholarship amount recalculated from full-time to part-time, with possible partial revocation.

Please note that the scholarship is exempt from income tax as provided by Law No. 476 of August 13, 1984, and Circular No. 109/e of April 6, 1995, issued by the Ministry of Finance. Therefore, the amount received does not need to be included in income tax returns and does not affect the overall amount to be considered a "dependent family member."

Please also remember that any housing service fee deducted from the gross scholarship amount for out-of-town students can be deducted from your IRPEF tax (IRPEF) at 19% with code 18.

SECTION II

GENERAL PROVISIONS

ART. 6 ECONOMIC REQUIREMENTS

To access the benefits provided for in this announcement, students must meet the financial requirements specified below on the date of application submission.

Art. 6 paragraph 1 ECONOMIC REQUIREMENTS (UNIVERSITY ISEE, PARIFIED ISEE, ISEE DOCTORATE AND ISEE LIMITED CORE)

The economic conditions of students are identified, in terms of ISEE, by Prime Ministerial Decree 5 December 2013, n. 159 and Ministerial Decree 7 November 2014 of approval of the standard DSU model for ISEE purposes, of the certification, as well as the related instructions for completion pursuant to the aforementioned Article 10, paragraph 3, of the Prime Ministerial Decree of 5 December 2013, no. 159, published in the Official Journal, Ordinary Series, no. 267 of 17 November 2014, and subsequent updates approved with directorial decrees of 29 December 2015, 1 June 2016, 12 April 2017, 4 October 2019, 31 December 2019, 29 May 2020, 7 September 2021, 13 December 2023, 2 April 2025, departmental decree of 2 March 2026, as well as on the basis of the additional selection criteria pursuant to art. 3 of Ministerial Decree 1320/2021 and art. 5 of Prime Ministerial Decree 09/04/2001 and arts. 7 and 8 of Legislative Decree 68/2012.

The information below should NOT in any way be considered a substitute for the current legislation regarding the completion of the DSU to obtain the University ISEE.

To apply for benefits provided by EDISU Piemonte, such as scholarships, housing services, and graduation awards, students must have: • a university ISEE certificate with no omissions or discrepancies. If the university ISEE contains omissions or discrepancies, EDISU Piemonte requires the submission of documentation proving the accuracy of the DSU information, as indicated in INPS and Ministry of Labor message no. 8415 of October 26, 2020;

- the receipt certifying the submission and signing of the DSU at the CAAF without the related processing of the certification by INPS.

OR

in the case of an Italian, EU or non-EU student with a family residing partly or entirely abroad and who requires the calculation of the ISEE Parificato: • of the consular documentation as required in the following art. 30.

The University ISEE required to submit the scholarship application for the 2026/27 academic year must be valid or must have been signed starting from January 1, 2026. The University ISEE will be retrieved online using the latest certificate present in the INPS Database for the year 2026. The 2026 University ISEE (hereinafter University ISEE) or the calculation of the family unit's Equivalent ISEE cannot exceed the limit of €26,306.25.

However, students whose Equivalent Asset Situation Indicator (hereinafter referred to as ISPE, equivalent to the indicator called ISPEUP in the case of calculating the ISEE Parificato) exceeds the limit of €57,187.5329 are excluded from the benefits provided for by this announcement.

The ISPE is calculated by dividing the Asset Situation Indicator (hereinafter referred to as ISP) or the Asset Situation Indicator integrated with Prime Ministerial Decree criteria of 9 April 2001 (hereinafter referred to as ISPU) by the equivalence scale (SE) indicated in the University/Parificato ISEE.

Requirements	INCOME	HERITAGE
	University ISEE $\dot{y}$ €26,306.25	ISPE $\dot{y}$ €57,187.53

Students applying for scholarships and, if away from home, housing for the 2026/27 academic year MUST have a university ISEE certificate or complete consular documentation, under penalty of exclusion from the competition (Articles 6, paragraph 5, 30 and 31).

The ISEE Universitario/Parificato certification must, therefore, be signed in 2026.

- If submitting a University ISEE, the relevant DSU must be signed by the application submission deadline and must refer to income earned in the 2024 tax year and assets held as of December 31, 2024.

If the University ISEE contains omissions/inconsistencies, EDISU Piemonte requires the submission of documentation proving the accuracy of the DSU's contents, as indicated in INPS and Ministry of Labor message no. 8415 of October 26, 2020;

- in the case of calculating the ISEE Parificato for EU international students only, including Italian students without residence in Italy, the consular documentation must be delivered within the deadlines indicated in Article 31, paragraphs 2 and 3 and must refer exclusively to the income earned in the 2024 tax year and to the assets owned as of 31 December 2024 (for further information, consult the section relating to international students, Articles 30 and 31);
- If calculating the ISEE Parificato for non-EU international students only, the consular documentation must be submitted within the deadlines indicated in Article 31, paragraphs 1 and 3, and must refer exclusively to income earned in the 2025 tax year and assets held as of December 31, 2025 (for further information, see the section relating to international students, Articles 30 and 31).

For students enrolled in a doctoral program or specialization school, please refer to section VI, art. 24 of this announcement for further information.

Students in Medicine and Surgery, Dentistry and Dental Prosthetics, and Veterinary Medicine who do NOT attend the filter semester in Piedmont but who subsequently enroll in Piedmont must have the 2026 University ISEE Certificate, which they submitted for the 2026/27 academic year scholarship application to the institution for the right to education in the region in which they attended the filter semester.

Art. 6 paragraph 1.1 PRESENTATION OF UNIVERSITY ISEE OR CALCULATION OF THE PARIFIED ISEE

For explanatory and non-exhaustive purposes, for the request for the processing of the ISEE (Indicator of Economic Situation) certificate Equivalent) students must check their condition in the table below:

STUDENTS	WITH CORE FAMILY ENTIRELY RESIDENT IN ITALY	WITH CORE FAMILY ENTIRELY RESIDENT ABROAD	WITH FAMILY UNIT RESIDENT PARTLY IN ITALY AND PARTLY ABROAD

STATELESS OR OWNER OF PROTECTION INTERNATIONAL	University ISEE For ISEE purposes, the family unit will be identified based on the applicant's registered family status.		

Students granted political asylum, international protection, temporary protection, or stateless status must have a university ISEE (Equivalent Economic Situation Indicator) that takes into account any income and assets generated and/or owned in Italy.

These students do not need to refer to their family of origin. For ISEE purposes, their family unit is the one residing in Italy, consisting of the applicant for the benefit and anyone else listed in the family status. Two exceptions apply:

1. in case of family reunification: the ISEE must include all members of the student's family status;
2. In the case of family reunification in an EU country: consular documentation of the family unit, income, and assets must be submitted, as indicated in the following Article 30, paragraph 3.

For non-EU or EU international students whose families reside entirely or partially abroad, the provisions of Article 30 of this Call apply.

¹⁰ pursuant to art. 27 of Presidential Decree 223/89 see art. 6, paragraph 5.

Art. 6 paragraph 1.2 INCOME RECEIVED IN THE 2024 TAX YEAR FOR ISEE CALCULATION

To determine the University ISEE, all tax-declared or similar income earned in the 2024 tax year must be considered, as well as any other tax-exempt income, including scholarships and all EDISU contributions received in the 2024 tax year (with the exception of support for students with disabilities and reimbursements for the Regional Tax or travel expenses), part-time collaborations with EDISU, universities, or other organizations, income from employment performed abroad exclusively taxed in the foreign country, allowances actually received for child support, welfare, social security, and compensation payments (not already included in total income).

To determine the ISEE Parificato calculation, only non-EU international students must refer to income earned in 2025 (for further information, see the section on international students, in the following article 30).

Pursuant to the Ruling of the Council of State of 29 February 2016³¹, it is specified that the amounts deriving from disability BENEFITS are NOT to be considered INCOME and therefore do NOT need to be indicated in the DSU.

To complete the ISEE Universitario/Parificato certificate, the income earned by all members of the household must be declared for ISEE Universitario/Parificato purposes, even if they are exempt from filing a tax return. These incomes are not subject to IRPEF tax.

To determine the Asset Situation Indicator (ISP), the amount of movable assets (including average balance) and real estate of all members of the household must be indicated for the purposes of the University/Parificato ISEE as of 12/31/2024; non-EU students must instead refer to the date of 12/31/2025 (see the section relating to international students, in the following art. 30)³².

Art. 6 paragraph 1.3 SCHOLARSHIP AMOUNTS RECEIVED IN THE 2024 TAX YEAR FOR ISEE CALCULATION

To calculate the ISEE for subsidized benefits for the right to university education, for scholarship applications and, if away from home, for housing services, the amount of the scholarship from EDISU Piemonte or another university education institution, received in the 2024 tax year, is subsequently deducted by the awarding institution, dividing it by the equivalence scale and then subtracting the result of this division from the previously calculated ISEE value. Amounts relating to other contributions paid by EDISU or scholarship amounts received by other family members other than the applicant for benefits cannot be deducted for ISEE purposes in the same tax year. When completing the scholarship application, the 2025 Single Certification relating to any income received as a scholarship must be attached.

Non-EU international students required to submit income for the 2025 tax year must also submit the 2025 Single Certification, relating to 2024 income, for the calculation of the ISEE Parificato.

Please remember that the scholarship amount indicated as a deduction must necessarily correspond to the value already declared as exempt income in section FC4 of the DSU.

Art. 6 paragraph 1.4 FAMILY UNIT FOR ISEE PURPOSES

We recommend checking the composition of your family unit using an updated family status when submitting your scholarship application, and going to the CAAF to complete a new ISEE Universitario/Parificato certificate if there is a discrepancy.

Please note that for ISEE University purposes, the family unit is defined primarily on the basis of the registered family unit, to which any family members must be added, such as a spouse with a different residence or registered with AIRE, as well as the natural parent not living with the recognized child. Therefore, it is extremely important to clearly state your family situation when signing the DSU, as it is the initial and fundamental element for defining the DSU and is one of the few elements still declared in self-certification pursuant to Presidential Decree 445/2000.

If students no longer have a relationship with one of their parents, in order to obtain the University/Parificato ISEE, appropriate documentation must be provided to demonstrate the financial and emotional independence of the parent no longer living with the students. These rulings or reports must be issued by the competent court or by the Social Services Offices of the Municipality of residence responsible for the family unit living with the students (or by an equivalent foreign institution for international students).

Students granted political asylum, international protection, temporary protection, or stateless status must have a university ISEE (Equivalent Economic Situation Indicator) that takes into account any income and assets generated and/or owned in Italy.

These students do not need to refer to their family of origin. For ISEE purposes, their family unit is the one residing in Italy, consisting of the applicant for the benefit and anyone else listed in the family status. Two exceptions apply:

- ¹ *in case of family reunification: the ISEE must include all members of the student's family status;*
- ² *In the case of family reunification in an EU country: consular documentation of the family unit, income, and assets must be submitted, as indicated in the following Article 30, paragraph 3.*

³¹ Council of State rulings no. 838, 841, and 842 of 2016

³² Articles 4 and 5 of Prime Ministerial Decree 159/2013

Art. 6 paragraph 1.5 "INDEPENDENT STUDENT" FAMILY UNIT

To be eligible for the scholarship, students must form a family unit independent of their family of origin if both of the following requirements are met:

- residence outside the family of origin's housing unit, for at least two effective years from the date of submission of the application, in accommodation not owned by a member of the family;
- Adequate personal income³⁴ earned in the tax years 2024 and 2025³⁵ of no less than €9,000.00³⁶ for each year. This amount includes any tax-declared or similar income or self-employment income earned in the tax years 2024 and 2025, as well as any other tax-exempt income, income from employment performed abroad and taxed exclusively in the foreign country, and welfare, social security, and compensation benefits (not already included in total income). If income support provided by INPS contributed to reaching the minimum threshold mentioned above, documentation proving the amounts received must be attached to the application.

When completing the application for benefits, independent students are required to attach the rental agreement or deed to their home, even if they have a mortgage, to confirm their *status*.

If the independent student fails to submit documentation regarding paid accommodation, they will not be considered non-resident for the purposes of the scholarship amount but will receive the commuting amount. Please note that verification of the attached documentation is subject to ex post verification.

Students who do not live with their family of origin but do not meet the requirements to be considered independent are integrated into their parents' household. The economic and financial circumstances of their parents are used to calculate the university ISEE, as required by current legislation.

If a married student does not independently meet the income threshold for independent *status* (€9,000.00 per year for 2024 and 2025), the spouse's income³⁷ for the same years is considered. If the spouse also does not reach this amount, the two incomes can be combined to meet the requirement.³⁸ In both cases, the DSU will refer exclusively to the new family unit (student and spouse), excluding the family of origin. If, however, the threshold is not reached even by combining the incomes, the student is not independent and the DSU must include his or her family of origin, excluding the spouse and any children.

If the family status indicates that the independent student lives with other people, it is mandatory to calculate the income of all members of the household, regardless of whether they are related.

Please note: Students enrolled in doctoral programs or graduate schools cannot apply for benefits as independent students. This requirement applies only to the University ISEE, not the Doctorate ISEE (for details, see Article 24, paragraph 3).

SEPARATED or DIVORCED students, even if they have children, but DO NOT meet the requirements to be considered an independent student, must complete the University ISEE with their family of origin (paragraph 1.4).

Art. 6 paragraph 1.6 CASES WITH A FAMILY UNIT COMPOSED OF ONLY THE STUDENT

Students who do not meet the requirements to be considered independent can still submit a university ISEE relating solely to their economic condition only if they are orphans of both parents or if they are living together registered as such, as described in the following paragraph 1.7.

Care Leavers and students who are in the care of Social Services or have been ordered to be removed from their families by a judge constitute a separate group.

The application must be accompanied by appropriate documentation proving one's financial situation. For any information or assistance in completing the application, students can open a ticket in the ISEE economic requirements section of the dedicated system.

Art. 6 paragraph 1.7 COHABITATION IN THE REGISTRATION REGISTRATION PURSUANT TO ART. 5 OF DPR 223/89

Definition of registered cohabitation: a group of people who normally live together for religious, care, assistance, military, or penal reasons and who reside at the same address (religious institution, nursing home, barracks, prison, etc.).

In all cases where students meet the requirements set forth in Article 5 of Presidential Decree 223/89, they can request the issuance of the University ISEE certificate while living together by submitting appropriate documentation proving their status to the CAAF and subsequently to EDISU Piemonte.

If the applicant is a "married" person (e.g., detention), the applicant must refer to the family unit of his or her spouse and any children, as described in the previous paragraph 1.4, to prepare the university ISEE certificate. If the applicant lives with a minor child in the same household, the minor child must be considered a member of the applicant's parent's family unit.

Art. 6 paragraph 2 FINANCIAL REQUIREMENTS WITH PRESENTATION OF UNIVERSITY ISEE

To apply for a scholarship and, if away from home, for accommodation services, students must request an ISEE Certificate that applies to the Subsidized Benefits for the Right to University Education (hereinafter referred to as ISEE).

University student³⁹ For students requesting benefits, please contact an Authorized Tax Assistance Center (CAAF) or, if you have an SPID, by connecting to the INPS website. Please note that to obtain the University ISEE, it is essential to complete Section C (University Benefits) of the Single Substitute Declaration (DSU). If the University ISEE

If there are any omissions/inconsistencies, EDISU Piemonte requires that documentation be submitted to prove the accuracy of the DSU's contents, as indicated in INPS and Ministry of Labor message no. 8415 of 10/26/2020.

You can complete the EDISU benefit application if you have a University ISEE certificate for the applicant, or simply use the receipt certifying the DSU subscription to CAAF41 without having to process the certificate by INPS.

Please note that the University ISEE is NOT issued immediately. Based on the information contained in the DSU and other information collected from INPS and the Revenue Agency, a certificate containing the ISEE calculation and the information used to obtain it will be issued within ten working days. Therefore, we recommend that you do not contact the CAAF offices immediately before the benefit application deadlines listed in the following Notice for the DSU application, in order to ensure you have the University ISEE by the deadline for complaints (Article 7, paragraph 6).

EDISU Piemonte is in NO WAY responsible for the failure to transmit the data contained in the DSU and/or processing of the University ISEE for the request of the benefits referred to in this Notice.

Art. 6 paragraph 2.1 NON-ACCEPTANCE OF THE ISEE CERTIFICATE BY EDISU PIEMONTE

Please note that for benefit requests for the 2026/27 academic year, EDISU Piemonte will verify that the ISEE Certification applies to the University Education Right Benefits for the benefit applicant.

Students will be included as "excluded" in the provisional ranking when:

- The ISEE Certificate or Single Substitute Declaration data are not available in the INPS database. The data can be remedied upon complaint only if the applicant has a valid DSU (Equivalent Study Certificate) for the right to education, signed by the benefit application deadline. The latest ISEE Certificate in the INPS database is not
- valid for the applicant's right to university education. The data can be remedied upon complaint only if the applicant has an ISEE certificate valid for the right to education, issued by INPS within the deadline for complaints regarding the requested benefit.
- The certificate has a non-calculated ISEE value, and therefore no certificate or DSU was found in the INPS database by the benefit request deadline. The data cannot be corrected upon appeal.

Students are responsible for verifying any reasons why the University ISEE certificate is unavailable or incalculable and for promptly correcting it within the applicable deadline.

EDISU Piemonte is not responsible for the inability to obtain or calculate the university ISEE certificate.

Art. 6 paragraph 2.2 INPS DATA RECEIPT

To retrieve ISEE University data, EDISU Piemonte will electronically download the latest certification in the INPS database for 2026. It is therefore necessary to verify that the latest ISEE processing request is valid for the right to university education for the applicant for EDISU Piemonte benefits, i.e., by completing section C in the relevant DSU, and that there are no omissions/inconsistencies. If an ISEE certification valid for the right to university education has not been requested, it is necessary to request one by completing this section in the DSU by the application deadline for the 2026/27 academic year.

⁴¹ INPS Circular No. 171/2014 point 10.4

Following the electronic retrieval of ISEE data, students will be sent a receipt containing the ISEE data retrieved from the INPS database. This receipt will be sent within 48 business hours of receiving the email with the subject "Receipt of Application" as described in Article 7, paragraphs 1.1 and 2 below. The receipt, called "INPS Data Receipt," may contain:

- the summary of the ISEE Universitario-Scala di Equivalenza-ISP values resulting from the latest ISEE Universitario certification found in the INPS database and the related recalculation carried out automatically for the purposes of the request;
- any communications of non-acceptance of the same certification for the purposes of the competition, namely: the invalidity of the ISEE for the right to university study for the person requesting the benefits, the failure to find data relating to the certification ISEE due to the lack of valid certificates in the INPS database;

If an ISEE, even a university-level one, is found containing "omissions or discrepancies," students will be asked to submit documentation proving the accuracy of the DSU information in the INPS data receipt, as indicated in INPS and Ministry of Labor message no. 8415 of October 26, 2020. The documentation can be submitted via the "Data Modification" procedure by 12:00 p.m. on September 4, 2026, the application deadline, or subsequently via the ticketing system, ISEE economic requirements section. It is also possible to submit a new University ISEE certification that corrects the omissions/ discrepancies found in the previous one.

If the automatic search for the latest ISEE certificate processed for 2026 in the INPS database does not yield any results, students will still be sent a receipt labeled "INPS Data." However, it will specify that the ISEE certificate data was not found. In this case, EDISU Piemonte will regularly search the INPS database until the benefit application deadline. If an ISEE certificate processed in 2026 is found by that date, students will receive a new "INPS Data" receipt, which will contain a summary of the ISEE-SE-ISP values found and/or any notification of rejection. Otherwise, students will be excluded from the provisional ranking, with no possibility of rectifying their situation through the appeal process.

If students, when completing the online application in the appropriate box in the financial data section, indicated a scholarship amount received in the 2024 tax year, the amount will be automatically deducted. This amount must also be reported in the DSU (Diritto di Sustainability Statement) as exempt income (section FC4). Students will be included in the final ranking with the ISEE and ISPE indicators, recalculated net of the entered scholarship amount, relating to the most recent valid certification for University Education Benefits. The recalculated ISEE and ISPE values will be included in the "INPS Data" receipt described above.

Students who have an "INPS Data" receipt indicating a case of non-acceptance or failure to obtain the ISEE certificate may enter new financial information deemed valid for the purposes of the competition through the data modification procedure within the benefit application deadline, as described in Article 7, paragraph 5, or, exclusively in the case of non-acceptance, after the application deadline, by submitting a formal complaint, as described in Article 7, paragraph 6.

Art. 6 paragraph 3 CURRENT ISEE

In the event of significant changes in income due to adverse events (for example, job loss, suspension or reduction of work activity, or interruption of social welfare benefits), or due to a reduction in assets, INPS offers citizens the option of calculating a current ISEE⁴² based on their income over the last twelve months (or two months for permanent employees) and, starting April 1st of each year, on assets held as of December 31st of the year preceding the DSU (December 31st, 2024). The current ISEE can also be issued following a significant change in household income, exceeding 25%, or in the event of a reduction in assets exceeding 20%⁴³, compared to the income or asset situation identified in the ISEE calculated according to the ordinary rules. Before requesting the calculation of the current ISEE,

an ISEE certificate must have already been issued, calculated using the ordinary rules.

The current ISEE must be valid on the date of submission of the application for the requested benefit (or on the date of submission of the complaint).

If only income is updated, the current ISEE is valid for six months from the date of submission of the DSU, unless there are changes in employment status or in the use of benefits, in which case the current ISEE must be updated within two months of the change. If only assets or both assets and income are updated, the current ISEE is valid until December 31, 2026. If during the validity period of the CURRENT ISEE, in which the income component has also been updated, there are changes in employment status or in the use of benefits,

The current ISEE must be updated within two months of the change.

If the current ISEE certificate is the latest one in the INPS database, it will be retrieved electronically (see paragraph 2.2 above). It will be the student's responsibility to verify the data reported in the "INPS Data Receipt" and, if any anomalies are found, proceed with modifying the financial data using the appropriate procedures.

Students receiving a reduced scholarship whose financial situation has worsened since the declaration submitted when the scholarship was awarded may submit appropriate documentation for the purpose of recalculating the amount of the second scholarship installment by submitting their current ISEE.

⁴³ Decree of 5 July 2021 (Official Journal no. 203 of 25.08.2021, implementing paragraph 4 of art. 10 of Legislative Decree 147/2017)

Art. 6 paragraph 4 ISEE FOR DOCTORATE COURSES

The family unit of students resident in Italy enrolled exclusively in PhD courses or specialization schools can be formed ONLY by the applicants themselves and any spouses, children under 18 years of age (RESTRICTED nucleus) as well as by adult children, without prejudice to the possibility for beneficiaries to form the family unit according to the ordinary rules⁴⁴. Please note that the ISEE for a RISTRETTO household can also be requested by students enrolled in doctoral programs or specialization schools whose registered household consists of their family of origin. In this case, it is necessary to make a specific request to the CAAF when completing the DSU (Directorate for Student Income Tax) form by completing section A "RISTRETTO FAMILY UNIT." Please note that to avail of the "Restricted Household" option, interested students must sign the DSU for the issuance of the ISEE certificate as the "declarant."

Students enrolled in doctoral programs or graduate schools cannot apply for benefits as independent students. This condition applies only to the University ISEE and not to the Doctorate ISEE (for details, please refer to Article 24, paragraph 3).

Please note that students enrolled in PhD programs or specialization schools residing abroad must submit an ISEE Parificato certificate and therefore will not be able to take advantage of the "close family unit" option.

Students enrolled in a doctoral program or specialization school are invited to consult Section VI of this call for applications to obtain all specific information.

The information above should in no way be considered a substitute for the current legislation regarding the compilation of the University ISEE (Prime Ministerial Decree 159/2013).

Students enrolled in doctoral courses or specialization schools are advised that the ISEE and ISPE thresholds are the same as those indicated in the previous article 6, paragraph 1.

Art. 6 paragraph 5 ECONOMIC REQUIREMENTS FOR CALCULATING THE PARIFIED ISEE

The ISEE Parificato takes into account income earned and assets held abroad, including those of family members who are not resident in Italy.

EDISU Piemonte only accepts the ISEE Parificato (equivalent financial statement) prepared by the operators of the affiliated CAAF offices and calculated directly in EDISU. Equivalent ISEE certificates, even if valid, submitted by students and processed at the CAAF offices, even if they have an agreement with the organization, will not be accepted under any circumstances.

To calculate the ISEE Parificato, it is mandatory to submit consular documentation, translated and certified in accordance with current legislation, regarding the composition of the family unit and the income produced and assets held abroad by all family members (for further information, see Article 30).

The Parificato indicator is issued exclusively by CAAF offices affiliated with EDISU Piemonte, located on EDISU Piemonte premises. These offices will process the parificato ISEE following a compliant evaluation of the consular documentation. Please note:

The evaluation of consular documentation and the calculation of the ISEE parificato will be visible to students only upon publication of the provisional or final ranking of the requested benefit. Therefore, it is very important to carefully read the list of consular documentation contained in Article 30, Annexes E and F. If in doubt, it is recommended to contact the EDISU offices through the ticketing system.

Please note that consular documentation will not be evaluated through the ticketing system and that the offices are required to provide information only.

International students from outside the EU and from the EU whose family unit does not reside in Italy must follow the provisions of Articles 30 and 31.

These guidelines also apply to Italian students whose family members (all or some) reside abroad without being registered with AIRE (Registry of Italians Resident Abroad), as well as in the case of a family unit entirely resident abroad. Students in this situation are invited to consult the following paragraph 5.1 for further information regarding the required documentation and how to apply for the benefit.

AIRE is regulated by Article 27 of Presidential Decree 223/89 and contains the data of Italian citizens residing abroad for a period exceeding twelve months. This registration, which is not mandatory, entails the removal of residency in Italy; consequently, if both parents are registered, the economic and financial situation of the household must be reported in the ISEE Parificato.

Please note that consular documentation must be sent to EDISU Piemonte, under penalty of permanent exclusion from the competition:

- according to the timeframes and methods described in the following article 31 for international students from outside the EU and the EU;
- according to the timeframes and methods described in the following paragraph 5.1 for students with Italian citizenship (including students with dual citizenship, who make use of the Italian one).

⁴⁴ ISEE Restricted Nucleus, art. 8, paragraph 4 of Prime Ministerial Decree 159/2013

⁴⁵ Art. 8 paragraph 3 of Prime Ministerial Decree 159/2013

The ISEE parificato is calculated by EDISU exclusively for internal use and only once the documentation has been deemed suitable and complete. ISEE parificato are not calculated based on incomplete or inappropriate documentation, nor is it permitted to use it to request benefits outside of EDISU, unless otherwise specified.

The ISEE Parificato is calculated based on the data obtained from the first complete and correct documentation received by EDISU: additional documentation regarding income and assets aimed at changing the value of the ISEE Parificato already calculated by EDISU will not be accepted.

EDISU Piemonte will also send the ISEE values to the enrolling university following the publication of the final rankings.

If a student believes that the ISEE parificato calculation performed by EDISU does not reflect their family's actual financial situation, or that errors have occurred during its calculation, they may report this exclusively through the complaints procedure (Article 7, paragraph 6). For this reason, students are encouraged to submit documentation by the deadlines indicated in Article 31, paragraphs 1, 2, and 3, so that their ISEE value can be viewed in the provisional ranking.

Art. 6 paragraph 5.1 SPECIFICATIONS FOR STUDENTS WITH ITALIAN CITIZENSHIP WHO NEED CALCULATION OF THE EQUALIZED ISEE

Italian students (including dual-citizen students who use Italian citizenship) who require an ISEE parificato calculation must submit all the consular documentation indicated in Article 30, paragraph 3, under penalty of exclusion from the competition. Please note that for students with Italian citizenship, documents relating to the income generated by the family unit, both in Italy and abroad, must refer only to the 2024 tax year and to December 31, 2024 for assets.

Please note that students with Italian citizenship are equally required to have their foreign consular documentation legalized and translated into Italian if the document is written in another language. For further information, students are advised to carefully consult Article 30, paragraph 3 below. This documentation must be submitted to EDISU Piemonte by the application deadline.

Italian students (including students with dual citizenship who use Italian citizenship) who are required to calculate the ISEE Parificato must submit documentation regarding their family composition, income, and foreign assets using only the attachment procedure available during the online application process. Students must attach the following documents via the online procedure by the application deadline, under penalty of exclusion from the competition:

the consular documentation (both the original language version and the one translated into Italian) relating to the composition of the family unit and the income and assets produced/owned (both in Italy and abroad) by the students' family unit.

If students have been resident in Italy since 2024, before applying for a scholarship and/or housing service, they must sign a DSU (Diritto di Sostenibile) to request an ordinary ISEE (Equivalent Economic Situation Indicator) containing the data of their registered family unit in Italy, which will subsequently be supplemented with the data relating to their family of origin. Please note that the ordinary ISEE must include the scholarship amount received from EDISU Piemonte or another institution for the right to university education, as specified in paragraph 1.3 above. This data is calculated based on the aforementioned consular documentation, which must be translated and legalized in accordance with current legislation. The ordinary ISEE certification must be attached to the scholarship application along with the required consular documentation.

If the ordinary ISEE is missing by the application deadline for benefits, students must submit a copy of the certification and any missing consular documents needed to calculate the equivalent ISEE through the complaint procedure, according to the procedures indicated in Article 7, paragraph 6 below.

Once the online application is completed and submitted, the attached consular documentation will be reviewed by EDISU Piemonte operators, and students will see the outcome of the evaluation of their documentation during the ranking process.

For the evaluation to be published in the provisional ranking, it must be received by EDISU by the online application deadline (September 4, 2026, 12:00 PM). If the documentation is received after this deadline but by the deadline for submitting complaints, the evaluation will be published directly in the final ranking, without the possibility of submitting further complaints. Therefore, students are encouraged to submit their documentation early so that the provisional evaluation results can be viewed.

In the event of a negative outcome in the evaluation of the consular documentation, students may submit the missing/correct documentation as set out in the following Article 7, paragraphs 5.1 and 6.1.

Once EDISU has received the new documentation via the online complaint procedure, the new outcome will be published in the final ranking.

The procedure for uploading the required documentation requires a maximum of five PDF attachments, each no larger than 1MB. Students must combine the different types of documents into a single file, for example, a single file containing the ordinary ISEE and related DSU, another containing the composition of the family unit and any divorce decrees or death certificates, another containing all income earned by the family unit, and one relating to movable assets (current accounts, savings, deposits, etc.) and real estate (buildings expressed in square meters).

ART. 7 APPLICATION SUBMISSION METHODS

(International students from outside the EU or from the EU with family residing abroad must also follow the provisions of Articles 30 and 31.)

The provisions relating to the University ISEE present in this article are aimed at students: 1. with Italian citizenship who must present a University ISEE certification;
2. with citizenship of a non-EU or EU country but with the entire family unit resident in Italy

Italian students who need to submit an ISEE Parificato certificate must submit the application referring to also as provided for in the previous art. 6 paragraph 5.1.

Art. 7 paragraph 1 ACCESS CREDENTIALS AND ONLINE PROCEDURE

To submit an application, go to www.edisu.piemonte.it and, from the "ONLINE SERVICES" section, access "Scholarships, Accommodation, Meals, Reimbursements and Contributions" (hereinafter referred to as the Online Help Desk) by the deadlines indicated in Articles 10, paragraph 2 (first years), 15, paragraph 2 (subsequent years), and 25, paragraph 3 (PhD and specialization schools). Students must use SPID, CIE, or, for international students not resident in Italy, the Temporary Access Code for the 2026/27 academic year.

When completing the application, students must already have a University ISEE certificate issued after January 1, 2026, or a receipt certifying the submission and signing of the DSU at the CAAF (without the relevant certification being processed by INPS).

When registering for its online services, EDISU Piemonte always requires an email address. It is recommended that this address be directly attributable to the requesting student, not to any other party, and that it be provided by the student. Managed directly, as all communications not included in those viewable exclusively on your personal page at the Online Help Desk will be sent directly: from the Ticketing procedure and/or from the information service noreply@edisu-piemonte.it (this latter address should not be used for direct communications or replies). Any changes to your email address must be promptly communicated using the appropriate procedure available on your personal page at the Online Help Desk.

During the year, communications may also be sent to student email addresses provided by the University.

Art. 7 paragraph 1.1 SPID and CIE

Students must submit the application by accessing the online procedure exclusively with SPID or CIE (Law 100/2020). Students with SPID or CIE must complete the following steps:

1. Fill out the online application in all mandatory fields;
2. transmit the request exclusively online, by clicking on the appropriate "Transmit" button, by 12:00 on the day of expiration.

EDISU cannot provide assistance to students accessing the procedure via SPID. Students must contact the appropriate authority to obtain it. If the problem occurs close to the deadlines, please open a ticket before the deadline in the dedicated section of the website www.edisu.piemonte.it.

Art. 7 paragraph 1.2 TEMPORARY ACCESS CODE 2026/27

The Temporary Access Code 2026/27 is a code that can be requested starting in July and expires annually (expires in June of the following year). It can only be used by international students who do not have SPID and cannot apply for one because they are not residents of Italy. These students must complete the following steps:

1. Register at the Online Service Desk, using your personal details (surname and name) as they appear on your passport or valid Italian identity document, to obtain the Temporary Access Code 2026/27;
2. Complete the online application for the requested benefit, in all mandatory fields;
3. Press the "SAVE FINALLY" button to complete the form. After clicking this button, you will no longer be able to make changes to the application, so make sure you have entered all the information requested on the previous pages.
4. press the "PRINT" button: a new web tab will open in the browser containing the application form, which must be printed on paper (with the exception of students who use the qualified electronic signature referred to in point 5 below);
5. sign the printed application form in pen and by hand or with a qualified electronic (or digital) signature⁴⁶ as per the previous point 4. Signatures inserted with Word or in other forms will not be accepted;
6. Attach ONLY the following documents in PDF format following the instructions in the procedure:
 - a. the application form scanned and signed by the students in their own hand or with a qualified electronic signature and any authorization form if the students are minors (Article 10, paragraph 1);
 - b. front/back copy (also in black and white) of a valid identity document in Italy (passport or identity card) (Italian or EU) scanned on a single sheet;
7. Submit the online application and the above-mentioned documentation exclusively online by clicking on the "SUBMIT" button by 12 noon on the deadline day.

⁴⁶ Regulated by the CAD Legislative Decree 82/2005 and European Regulation 910/2014. For information on qualified electronic (or digital) signatures, visit www.agid.gov.it.

All documents must be correctly saved in PDF format and no larger than 1 MB. A single PDF is required for each attachment, even if it is multiple pages. Attachments in formats other than PDF will not be accepted.

If students attach a document not saved in PDF format, the file will not be visible and will not be accepted for the purposes of the competition.

Students are required to check the accuracy and formats of attached files.

The identity document must be scanned in its entirety, both front and back, and legible in every part, including the signature, if applicable.

Unreadable images (pixelated, blurry, distorted, incomplete, etc.) must not be attached.

If the student accesses the application with both SPID/CIE and Temporary Code, he/she must send it as per the provisions from this paragraph for submitting the application with Temporary Code (print, sign, attach the application and send).

It may take up to 6 hours from the request for the Temporary Access Code to its issuance by EDISU. Applicants must take this time into account when calculating the time required to complete and submit the application within the deadlines established by the call for applications, and assume full responsibility for this.

Please remember that access codes are strictly personal, therefore the applications are considered to have been completed directly by students in possession of the 2026/27 Temporary Access Code. Since this is a temporary code, students must always attach a copy of their legally valid Italian identity document. The temporary code 2026/27 will expire on June 30, 2027.

Further information on using and requesting codes is available on the website www.edisu.piemonte.it. If you experience problems with your Temporary Access Code or password, enter an incorrect email address, or need to change it, please use the procedures available on the Online Help Desk login page, under "Temporary Access Code Assistance 2026/27."

Application checks will only begin after the application deadline.

Art. 7 paragraph 2 RECEIVED

Following submission of the application, two receipts will be sent to the indicated email address:

1. The first receipt, with the subject "Data acquisition via web", is sent following the online submission of the application. Students who applied with a Temporary Access Code (TEMP) attached to the application form will have the previously signed documents attached to the application process. Students who applied with SPID (SPID) attached to the application form will have the PDF version available for safekeeping.
2. The second receipt, with the subject "Receipt of application", is sent following the import of the application into the database EDISU. The application's protocol number is indicated in the text.

The application is considered successfully submitted if and only if the first receipt is received. Receipts will remain available on the Student Online Help Desk's personal page in the "Receipts" section.

Students who entered the ISEE protocol or the DSU release protocol during the compilation phase, within 48 working hours

After the second receipt, they will receive another with the subject "INPS Data Receipt" containing the data related to EDISU's query of the INPS database.

If EDISU does not find a valid ISEE, the reason for the invalidity will be indicated.

Students whose receipt with the subject "INPS data receipt" contains the wording "The INPS database contains an ISEE certificate that is not valid for the right to university education for the applicant for benefits" must enter the ISEE data relating to the new and correct University ISEE certificate in the Data Modification procedure by 12 noon on 4 September 2026, the deadline for submitting the application.

Students whose receipt with the subject line "INPS data receipt" contains the wording "ISEE with annotations of omissions and/or discrepancies" must submit documentation proving the accuracy of the DSU information, as indicated in INPS and Ministry of Labor message no. 8415 of October 26, 2020. The documentation can be submitted through the "Data modification" procedure by 12:00 p.m. on September 4, 2026, the deadline for submitting the application, or subsequently through the ticketing system, ISEE economic requirements section. They may also submit a complaint, as per paragraph 6 below, attaching the annotated ISEE and DSU along with the documentation proving the discrepancies found.

Applications submitted using methods even partially different from those described in this article will not be accepted. Online submission of the application must be completed by 12:00 noon on the deadline date. The procedure closes automatically at 12:00 noon on that day, and the countdown timer is reset. After 12:00 noon on the deadline date, it will not be possible to submit the application, even if the failure to submit is due to force majeure or the actions of third parties (e.g., problems with the internet connection or the device in use).

Any event occurring after the application submission date (awarding of another scholarship or other financial aid, transfer to another university, withdrawal from studies, change of commitment from part-time to full-time or vice versa, inability to continue studies, withdrawal from enrollment, change of department or program, change of program location, etc.) must be promptly reported and documented to the EDISU offices, which will verify continued compliance with the requirements and take any necessary measures to revoke the benefits. Otherwise, EDISU reserves the right to take action related to the failure to notify.

Art. 7 paragraph 3 IBAN

Students must enter their SEPA IBAN using the appropriate procedure on their personal page at the Online Desk.

Winners may receive the scholarship exclusively through a bank account or prepaid card with an IBAN of which they are the holder or joint holder. Postal savings books are excluded.

To enter a new IBAN or to modify an IBAN previously entered in the EDISU database, you must access your personal page at the Online Help Desk, complete the procedure called "Bank Details - IBAN", and finally submit the data exclusively online using the "Save and submit" button.

Students enrolled at the University of Turin can provide consent to transmit the IBAN to the Fees and Refunds Office of the own University, in order to receive any refunds.

After submitting the IBAN online, a receipt containing the information relating to the declared code is sent to the email address provided by the student. This receipt is available on the student's personal page in the "Receipts" section of the Online Student Help Desk.

The scholarship will be paid only if the IBAN has been entered within the deadlines set out in the following articles 13 (first years), 18 (subsequent years), and 27 (PhDs).

International students, who are not permitted to open a current account under current Italian banking regulations, may enter a foreign IBAN, provided it is part of the SEPA network. To proceed with the payment, the winner must provide an Italian address. Payment cannot be made until such time as the winner receives such notification.

Payments to students from certain "high-risk third-party countries" identified by current European legislation may experience delays or failure to process payments. EDISU will not be held responsible in such cases.

The scholarship can be paid to international students under 18 only if a legal guardian is appointed with registered residence in Italy and a bank account with an Italian or foreign IBAN, provided it is part of the SEPA network. In this case, the minor student must submit by December 10, 2026, a copy of a notarized deed (translated and legalized using the same methods as the consular documentation referred to in Article 30, paragraph 3) in which one or both parents declare the legal guardian's personal details and authorize the payment of the scholarship to their bank account, indicating the relevant IBAN/SEPA code. A copy of an identification document and the legal guardian's tax code must also be attached. In the absence of such a notarized deed, minor students must wait until they turn 18 before receiving the payment.

The amounts must be collected by December 31, 2028. If the IBAN is not communicated by this date, the amount relating to the benefit is no longer collectible.

Art. 7 paragraph 4 TRANSFER OF APPLICATION SUBMITTED TO OTHER BODIES

Students who have applied to a Right to Education Agency in another region and transfer to a Piedmontese university can transfer their application. To do so, they must:

- ask the institution in another region to send the application to EDISU Piemonte at the certified email address; • open a ticket indicating your personal details, tax code, telephone number, and the institution where the application was submitted, along with a copy of both sides of a valid ID;
- After receiving notification from EDISU Piemonte, they must submit their application through the EDISU Piemonte online portal in the "Application for Scholarship, Housing, and Meals" section within the deadlines indicated in this paragraph. The transfer will be considered valid only after the application has been submitted and the receipts referred to in the previous paragraph 2 have been received.

The procedure described above must be completed by 12:00 p.m. on September 16, 2026, the deadline for submitting complaints regarding housing services (if you wish to transfer an application for both a scholarship and housing services) or by 12:00 p.m. on November 12, 2026, the deadline for submitting complaints regarding the scholarship only (if you wish to transfer an application for a scholarship only).

Students who were not "out of town" in the region where they applied for a scholarship or who did not request housing may supplement their application by requesting housing, provided they meet the "out of town" status pursuant to Article 4 and the application is transferred by September 22, 2026.

For students enrolled in the "filter semester" in other regions who have submitted a scholarship application to their relevant education institution, the EDISU Piemonte application will be reopened between February 6 and March 6, 2027, using a specific online procedure, as indicated in Article 9, paragraph 3.2 below.

Art. 7 paragraph 5 CHANGES TO THE DATA ENTERED IN THE APPLICATION

For students who submit their application using SPID or CIE, the data entered can be modified up until the application is submitted online.

For international students who complete the form with a Temporary Access Code for the academic year 2026/27, the online procedure can be revisited in all its parts and the data entered can be modified until the "save permanently" button is pressed.

Subsequently, the application will be frozen and no longer possible to modify. The data entered and requests made may be corrected only using the methods indicated in paragraph 5.1 below, until 12:00 noon on the application submission deadline.

Art. 7 paragraph 5.1 CHANGES TO DATA AND REQUESTS AFTER TRANSMISSION BUT WITHIN THE DEADLINE OF APPLICATION SUBMISSION

After submitting the application online, the data entered can only be modified online until 12:00 noon on the application deadline, for the following cases and according to the following procedures:

1. Using the specific "EDIT DATA" button, available by accessing the benefit request from your personal page of the Online counter.
 - a. You can edit data separately for each of the following categories: "Residence/Domicile," "Disability Data," "International Protection" (for non-EU citizens only), "Educational Data," "Merit," "Second Degree Course," "Economic Data," and "Attached Documentation" (for Temporary Access Code 2026/27 only). When opening each category, the data declared in the application is displayed in read-only mode. You must enter only the data you wish to edit, not the data you wish to confirm. Only one change request per category can be submitted;
 - b. Each amendment form must be completed and submitted online individually by 12:00 noon on the deadline day of submitting the request.
2. Out-of-town students who applied for a scholarship only can add a housing request using the "Add Housing Request" button, available by accessing the benefits request from their personal page in the Online Help Desk. Similarly, students who applied for both a scholarship and a housing request but intend to apply for a scholarship only can delete their housing request using the "Delete Housing Request" button, available by accessing the benefits request from their personal page in the Online Help Desk.

Students who apply for the following year's bachelor's degree for the additional semester but intend to enroll in a master's degree program in the 2026/27 academic year may request a change to their application for the first year of the master's degree, if they meet the requirements, by modifying their "School Data."

Students enrolled in a degree program in the 2023/24 academic year who apply for the first year of a master's degree but do not enroll can change their application to an application for subsequent years for the additional semester of their degree program, if they have not graduated by September 2026 and if they meet the merit requirements, by modifying their "School Data."

This provision applies to students with disabilities whether they enrolled in the 2023/24 academic year or the 2022/23 academic year.

Only one data change can be submitted for each type of data change. Students are encouraged to verify the information entered before submitting the correction.

Requests for data modifications that differ even slightly from those indicated in this article will not be handled, and in any case no later than the application submission deadline.

Following online submission, a receipt will be sent to the email address provided by the student, with the subject line relating to the operation performed (modification + modification type, addition/deletion of bed space), and the relevant PDF attached.

The transaction is considered to have been successfully transmitted if and only if the receipt is delivered to the email address provided by the student and appears in the "Receipts" section of their personal page at the Online Help Desk.

Sending the receipt does not imply acceptance of the requested change: the outcome of the request will be available with the publication of the provisional ranking for the requested benefit.

Please note that the "economic data" section of the online "data modification" procedure will be active after the "INPS Data" receipt has been sent.

The economic data submitted with the data modification procedure must necessarily refer to an ISEE certification.

University student ID number present in the INPS database, even if issued prior to the date of online retrieval, or by submitting a *new* ISEE 2026 that addresses the reasons for EDISU's rejection. Changes to data that only indicate the DSU protocol number will not be considered valid without an ISEE being processed.

Students whose receipt with the subject line "INPS Data Receipt" contains the wording "The INPS database contains an ISEE Certificate that is not valid for the right to university education for the applicant for benefits" must enter the ISEE data relating to the new and correct University ISEE Certificate in the Data Change procedure by 12:00 noon on the application submission deadline.

Students whose receipt with the subject line "INPS data receipt" contains the wording "ISEE with omissions and/or discrepancies" must submit documentation proving the accuracy of the DSU information, as indicated in INPS and Ministry of Labor message no. 8415 of October 26, 2020. The documentation can be submitted through the "Data modification" procedure by 12:00 noon on September 4, 2026, the application deadline, or subsequently through the ticketing system, ISEE economic requirements section. It is also possible to submit a new University ISEE certificate that corrects the omissions/discrepancies found in the previous one.

After submitting the online data change to replace the ISEE data, EDISU Piemonte will not send a further INPS Data Receipt, so the University ISEE values that the student will see in the provisional rankings will be those self-certified in the change procedure.

They may also submit a complaint, as per the following paragraph 6, attaching, together with the documentation proving the discrepancies found, the annotated ISEE and DSU.

For applicants as doctoral students and graduate students, please refer to Article 25, paragraph 2.

Art. 7 paragraph 5.2 CHANGES TO DATA AND REQUESTS SENT VIA THE WEB AFTER THE EXPIRY OF APPLICATION SUBMISSION

After the application deadline, the data entered can only be corrected online by submitting a complaint after the provisional ranking has been published, according to the procedures established in the following paragraph.

Art. 7 paragraph 6 COMPLAINTS AGAINST THE PROVISIONAL RANKINGS

Appeals may be filed by both eligible and excluded students in the provisional ranking. Excluded students must take into account all reasons for exclusion. Only requests for corrections of material errors relating to data found in documents dated prior to the application deadline will be accepted. The request referred to in point 2 of subsection 5.1 above cannot be added to the appeal.

The complaints procedure is available by consulting the provisional ranking results for the requested benefit and selecting "COMPLETE." Separate complaints can be submitted for

1. each of the following categories: "Enrollment," "School Data," "Self-Certification of Merit," "Validations," "Financial Data," "Financial Debts with EDISU," "Other Reasons," and "Second Degree Program" (available only to those who have already requested a tuition increase within the application deadline). When opening each complaint, the data in the provisional ranking is displayed in read-only mode. Only the data you wish to modify must be entered, not the data you wish to confirm. Only one complaint can be submitted for each category. If necessary, supporting documents can be attached using the complaint procedure, where available. Exclusions based on the reason "lack of equalized calculation" cannot be remedied during the complaint process.

2. Each complaint form must be completed and submitted online individually by 12:00 noon on the deadline for submitting complaints.

Students who submit a subsequent year's application for the additional semester of a bachelor's degree but intend to enroll in a master's degree program in the 2026/27 academic year may request to change their application to a first-year master's degree application, if they meet the requirements, by submitting a specific complaint by 12:00 noon on November 12th.

Students enrolled in a degree course in the 2023/24 academic year who submit an application for the first year of a master's degree but do not enroll, can change the request to an application for the following year for the additional semester of the degree, if they do not they graduated by September 2026 and if they meet the merit requirements, through a specific complaint by 12:00 on November 12th.

Following the online submission of each complaint, a receipt is sent to the email address provided by the students with the subject line: "Data acquisition via web + complaint type." The relevant PDF is available as an attachment.

The complaint is considered to have been correctly transmitted if and only if the receipt is delivered to the email address indicated by the students and appears in the "Receipts" section of your personal page at the Online Help Desk.

Sending the receipt does not imply acceptance of the complaint: the outcome will be available upon publication of the final ranking of the requested benefit. Please note that complaints must be submitted by 12:00 noon on the deadline date.

For information on how to view the provisional ranking and the deadlines for submitting complaints, please refer to Articles 12, paragraphs 2, 3, and 6 (first years), 17, paragraphs 3, 4, and 6 (subsequent years), and 26, paragraphs 2, 3, and 5 (PhD and specialization schools).

Complaints may not be used to raise questions or concerns with EDISU. Therefore, questions submitted within complaints will not be answered. For this purpose, the ticketing service on the website www.edisu.piemonte.it must be used.

Art. 7 paragraph 6.1 COMPLAINTS AGAINST THE PROVISIONAL RANKINGS RELATING TO ECONOMIC DATA

Appealing exclusions from the provisional rankings for financial reasons is mandatory in order to rectify one's position for the final rankings, as EDISU Piemonte will not proceed with further electronic retrieval through the INPS database before the final rankings are published.

The financial data submitted through the complaint procedure must refer to an ISEE certificate present in the INPS database, issued even prior to the date of electronic retrieval, or through the submission of a new ISEE 2026 that addresses the reasons for EDISU's rejection. Complaints that only indicate the DSU protocol number without an ISEE certificate will not be considered valid.

Below are the possible reasons for exclusion from the provisional ranking based on financial considerations, along with information on the possibility and method of submitting a complaint:

- The ISEE certificate or Single Substitute Declaration data are not available in the INPS database: in this case, the data can be remedied upon complaint only if the applicant has a valid DSU for the right to university education and without any omissions/deficiencies, signed by the deadline for submitting the application for the benefit being requested;
- The ISEE certificate is not valid for the right to university education for the applicant for the benefits: in this case, the data can be corrected upon complaint only if the applicant has an ISEE certificate valid for the right to university education, processed by INPS within the deadline for complaints relating to the requested benefit;
- the ISEE certificate contains notes of omissions or discrepancies: in this case the data can be remedied upon complaint only

presence of an ISEE certificate valid for the right to study for the applicant and free of omissions/deficiencies, processed by INPS within the deadline for complaints relating to the requested benefit, or by submitting the annotated ISEE certificate with the relevant DSU and the documentation proving the omissions/deficiencies noted⁴⁷. If students choose to avail themselves of this latter option, EDISU Piemonte will proceed with an official recalculation of the ISEE certificate for internal use based on the documentation presented: the data recalculated by EDISU will be available with the publication of the final ranking of the requested benefit.

If students do not send EDISU Piemonte the documentation relating to ALL the omissions/deficiencies found in the ISEE certificate, the recalculation will NOT be carried out;

- the ISEE certification submitted via the Data Modification procedure is not valid for participation in the competition: in this case the data can be rectified upon complaint only in the presence of a valid ISEE certification that can correct the type of exclusion communicated in the "INPS Data Receipt";
- incomplete and/or invalid attached documentation: in this case, students are invited to check on their online service which consular documents are missing and/or invalid, and attach the required certificates via the appropriate complaints procedure;
- inconsistency/lack of financial documentation: in this case, students are invited to open a ticket and communicate the requested information to the operators in order to clarify the financial situation of the person requesting the benefits. Instructions on how to submit the complaint will be provided directly to the interested party in response to the ticket.

Please note that exclusion due to failure to obtain the DSU by the deadline for submitting the benefit request CANNOT be remedied during the appeal phase.

Students wishing to submit a CURRENT ISEE (Equivalent Financial Situation Indicator), please note that the certificate must be valid on the date the complaint is submitted.

After submitting the online complaint for ISEE data replacement, EDISU Piemonte will not send a further INPS Data Receipt. Therefore, the University ISEE values that the student will see in the final rankings will be those self-certified using the same procedure.

For applicants as doctoral students and graduate students, please refer to Article 26, paragraph 3.

For non-EU international students who need to submit complaints regarding consular documentation, please refer to Article 31, paragraph 3.

Art. 7 paragraph 7 WAIVER OF BENEFITS 2026/27

Starting September 7, 2026, students wishing to waive a benefit must use the "Waiver" button, available by accessing the benefit request on their personal page of the EDISU Online Help Desk in the "Benefit History" section. This procedure will only be activated once the application has been uploaded to the EDISU database and the students

They will receive an email with the subject "Receipt of Application" (paragraphs 1.1 and 2.1 of this article). Students who have requested both the scholarship and the housing service may waive the housing service alone, but they cannot waive the scholarship alone, since the renunciation of the latter necessarily entails the renunciation of the housing service as well.

Students who are already assigned a place in an EDISU residence must submit their waiver directly to the reception of their University Residence. They must complete the waiver online, selecting the reason for their waiver from the list provided in the procedure. Once completed, they must submit the request online by clicking the "Submit" button. Students will be required to pay for the period of use in accordance with Article 35, paragraph 1.

Following the online transmission of the waiver, a receipt is sent to the email address indicated by the students, with the subject "Web data acquisition, waiver of benefits 2026/27. The PDF of the waiver is available in the attachment. If the student applied for a scholarship and housing service, the waiver will be a "waiver of scholarship and housing service." If the student applied for a scholarship only, the waiver will be a "waiver of scholarship."

The waiver is to be considered correctly transmitted if and only if the receipt is delivered to the email address indicated by the students. and appears in the "Receipts" section of your personal page at the Online Help Desk. Sending a receipt does not automatically mean the waiver has been accepted. The waiver will be evaluated and, if denied, the applicant will be contacted.

The renunciation entails the revocation of the benefits enjoyed by the students and the consequent return of the monetary value of the same (art. 47).

⁴⁷ INPS and Ministry of Labor Message No. 8415 of October 26, 2020

ART. 8 PAID-IN ACCOMMODATION

Art. 8 paragraph 1 OUT-OF-RESIDENT STUDENTS REQUIRED TO SUBMIT THE DECLARATION

Non-resident students who are not assigned a place in EDISU residences and belong to the categories indicated in Article 5, paragraph 1.3, must have paid accommodation in the municipality where their course of study is located or in a neighboring municipality to compete for the "non-resident" amount. The accommodation may be a public residential facility, private accommodation, or a facility managed by public or private entities and must be used for at least 10 months in the 2026/27 academic year (5 months for students applying for an additional semester).

To obtain the scholarship amount provided for non-resident status, students must complete and submit the online self-certification according to the methods and deadlines indicated in paragraph 8.2.

The amount for out-of-town students will be recognized exclusively to students who:

1. are winners in the final scholarship rankings;
2. have correctly submitted the self-certification of accommodation.

In the absence of a valid self-certification, the winning students will only be awarded the amount envisaged for the commuter category (Article 5, paragraph 1.2).

Independent students do NOT need to submit a paid accommodation declaration. Please refer to Article 5, paragraph 1.3, and Article 6, paragraph 1.5.

It is specified that the following are also required to submit the self-certification:

- non-EU students with family units residing abroad;
- International mobility students assigned EDISU accommodations with a stay abroad of 8 months or more pursuant to Article 33, paragraph 4.

If international mobility covers only part of the academic year, the student must submit:

- a declaration relating to foreign domicile;
- a declaration relating to domicile in the municipality where the course of study is located.

Art. 8 paragraph 2 METHODS AND DEADLINES

The paid accommodation declaration is available on the personal page of the EDISU Online Help Desk during the time windows indicated in the specific table.

The self-certification is valid only if submitted according to the methods indicated in this article. Therefore, declarations submitted using other methods will not be accepted.

Accommodation declarations submitted in previous academic years are not valid for the 2026/27 academic year. Therefore, even if the rental agreement is still valid, it is necessary to submit a new declaration according to the methods and deadlines set forth in this article.

The amount of the scholarship does not depend on the type of contract or the amount of the rent or fees.

Beneficiaries will be awarded the amount set forth in Article 5, paragraph 1.3.

Art. 8 paragraph 2.1 TYPE OF ACCOMMODATION

When filling out the application, the student must indicate the length of residence and the type of accommodation, choosing between:

1. RENTAL AGREEMENT (APARTMENT OR ROOM)

The student must indicate the property address, individual monthly rent (excluding expenses), contract identification number, registration date with the Revenue Agency, expiration date, landlord information, and real estate unit identification number (NUI);

Students must indicate only the expiration date shown on the registration receipt or the renewal receipt. Different dates are not permitted, even if automatic renewal clauses exist.

The contract must:

- Be properly registered: when submitting the declaration, the student must already have the registration receipt issued by the Revenue Agency. The receipt must be attached. Without the receipt, the self-certification will be considered invalid.
- report the name of the student in any capacity: the contract can also be registered in the name of a first degree relative, provided that the latter is not the tenant of the property and the contract also indicates the name

Name of the student requesting the scholarship. If multiple siblings share the same accommodation, the name of the interested student must be explicitly stated. The name must refer to a property located in the

- municipality where the course is held or in a neighboring municipality.

The list of neighboring municipalities is available on the EDISU Piemonte website;

- have sufficient duration: the contract must cover at least 10 months in the 2026/27 academic year.

The student must have the contract identification number when completing the application. This number is included on the registration receipt from the Revenue Agency.

The student must also attach the registration receipt issued by the Revenue Agency in PDF format to the procedure.

Registration receipts sent using any other method will NOT be accepted.

In the event of a transfer of the lease agreement or a takeover by law, a single PDF file must be attached containing:

- the original registration receipt of the contract;
- the receipt of registration of the transfer/subrogation in which all the tax codes involved must be reported.

Furthermore, the effective date of the contract to be indicated, in this case, is the date of the transfer/takeover.

In case of extension, a single PDF file must be attached containing:

- the original registration receipt of the contract;
- the receipt of registration of the extension.

2. DIFFERENT PAYABLE TITLE (COLLEGE, BOARDING SCHOOL, PENSIONER, SOCIAL HOUSING)

Students must provide: the address of the facility (which must be located in the municipality where the program is held or in a neighboring municipality), the facility's tax code, and the individual monthly tuition fee. The stay must last at least 10 months. The contract or assignment document issued by the facility must also be attached in PDF format.

Students who have requested EDISU housing and who, during the acceptance or declaration of interest phase, have selected the "Renato Einaudi College" option are not required to submit a self-certification of accommodation (Article 33, paragraph 5).

3. MOBILITY CONTRACT (INTERNATIONAL MOBILITY, NATIONAL MOBILITY, THESIS ABROAD, INTERNSHIPS)

The student must: enter the rental or hospitality contract details and attach the contract in PDF format.

The contract must clearly state the student's name, length of stay, and rent amount due. Contracts with an indefinite expiration date will NOT be considered valid.

Art. 8 paragraph 2.2 MINIMUM PERIODS OF ACCOMMODATION REQUIRED

For bachelor's, master's, and single-cycle master's degree programs, students must have paid accommodation for at least 10 months between September 1, 2026, and September 30, 2027.

In case of request for an additional semester, the minimum period is 5 months between September 1, 2026 and March 31, 2027.

For doctoral and specialization schools, students must have paid accommodation for at least 10 months between October 1, 2026, and March 31, 2028.

Art. 8 paragraph 2.3 DEADLINES

STUDENT TYPE	SELF-CERTIFICATION SUBMISSION DATES
First years of undergraduate and graduate degree courses who enroll by October 31, 2026	From October 21st to November 4th 2026 at 12:00 PM To be considered "out of town" in the final rankings of the 9th November 2026
First years* and subsequent years of undergraduate courses, single-cycle master's degrees, master's degrees	From October 21 to November 19, 2026, at 12:00 PM To be considered "out of town" in the final rankings of December 16, 2026
• First years and subsequent years suspended in the rankings of December 16, 2026 • Doctorates and specialization schools	From March 19 to April 9, 2027, 12:00 PM To be considered "out of town" in the respective final rankings of 30 April 2027

*For first-year undergraduate and single-cycle master's degree students who do NOT enroll by October 31st or are deemed "eligible" but not winners in the final rankings of November 9th, the procedure will reopen from November 9th to 19th 2026 at 12:00 p.m.

In the window from March 19th to April 9th 2027 at 12:00, the following can also submit the declaration of paid accommodation:

- the students who won in the rankings of 9 November 2026 provided that the rental contract is registered after 31 October 2026 or the different onerous title is effective after 31 October 2026;

- students included in the rankings of 16 December 2026 provided that the rental contract is registered after 15 November 2026 or the different onerous title has an effective date after November 15, 2026.

For these categories of students, submitting the declaration in this window allows for the integration of the "commuter" amount to the "non-resident" amount, subject to the availability of funds and the positive outcome of the checks.

In the event of an extension of a previously existing lease agreement, the relevant registration date is that of the original agreement, not the extension.

Art. 8 paragraph 2.4 SECOND COURSE

If the student has also applied for the 20% supplement for simultaneous enrollment in a second course, the paid accommodation declaration must still refer to accommodation located in the municipality where the main course of study for which the scholarship application was submitted is located.

Art. 8 paragraph 2.5 TRANSMISSION AND RECEIPT

The paid accommodation declaration must be completed and submitted exclusively online, using the appropriate procedure, by 12:00 noon on the deadline date, using the "save and submit" button.

Following transmission, a receipt will be sent to the email address provided by the student, with the subject "Self-certification of paid accommodation."

The transmission is considered valid only if the receipt is actually delivered.

The receipt remains available in the personal area of the Online Help Desk, "Receipts" section.

Art. 8 paragraph 2.6 SUPPLEMENTARY DECLARATION OF PAID-IN ACCOMMODATION

Students who declare a contract that does not cover the entire required minimum period of 10 months, including contracts with automatic renewal, will compete exclusively for the amount provided for the commuter category. However, if financial resources are available, it will be possible to obtain a supplement to the amount from non-residents by submitting a specific supplementary declaration complete with: a new registered contract or an extension of the previous contract.

The supplementary declaration can be submitted from March 19, 2027 to 12:00 noon on April 9, 2027.

No additions will be accepted after this deadline, not even via ticket.

Art. 8 paragraph 2.7 CHANGE OF ACCOMMODATION

Successful students with a non-resident grant who change accommodations after submitting their application must update their information using the online "Lease Change" procedure.

The registration receipt for the new contract must be attached to the procedure. The update is necessary to ensure compliance with the 10-month overall requirement.

The procedure will be available from February 15th to June 15th 2027 at 12:00.

Art. 8 paragraph 2.8 CONTROLS AND CONSEQUENCES

If during the checks it emerges that the declared contract has ended and a new contract or extension has not been communicated, even in cases of tacit renewal, the amount of the scholarship will be reclassified to the commuter category.

Registrations made after the irregularity has been reported by EDISU will not be accepted.

EDISU will carry out:

- checks at the Revenue Agency on the registration of contracts;
- checks at the host facilities;
- random checks on at least 30% of declarations.

Random checks are conducted to verify actual payment of at least 10 months' rent or fees. If the check is unsuccessful, payment of the second installment will be suspended until the checks are completed.

If the requirements are not met, the scholarship will be recalculated with the amount established for the commuter category.

EDISU may also request:

- payment receipts in the student's name;
- further documentation to support the statements made.

The required documentation must be submitted by June 15, 2027. Failure to submit will result in the second installment being suspended.

If the checks reveal that the accommodation is not located in the municipality where the course is held or in a neighboring municipality, the scholarship will be reclassified to the amount envisaged for the commuter category.

Please remember that making false statements to the Public Administration entails the responsibilities set forth by current legislation and may constitute the crime of ideological falsehood, with the consequent application of the applicable criminal sanctions as well as the forfeiture of any benefits obtained on the basis of the false statements.

Art. 8 paragraph 3 SPECIFIC PROVISIONS FOR STUDENTS OF COURSES WITH "SEMESTER FILTER" MEDICINE AND SURGERY, DENTISTRY AND DENTAL PROSTHESIS AND VETERINARY MEDICINE AND (CLASSES LM-41, LM-46, LM-42)

Students attending the "filter semester" for one of the courses of study belonging to the classes LM-41, LM-42 or LM-46 (MEDICINE AND SURGERY, DENTISTRY AND DENTAL PROSTHESIS AND VETERINARY MEDICINE) must self-certify paid accommodation in the period included

between March 17 and March 31, 2027, 12:00 PM

in order to be considered "out of town" in the final rankings of April 16, 2027.

Students who:

- do NOT attend the "filter semester" in Piedmont, but continue their studies by enrolling in the second semester at a Piedmont university as "out-of-town" students, pursuant to art. 4 of this announcement or
- attend the "filter semester" in Piedmont, but continue their studies by enrolling in a different location of study (even from a different Piedmontese university) by moving from "on-site" or "commuting" to "off-site".

For these students, the amount of the "off-site" scholarship will be calculated proportionally to the months covered by paid accommodation, provided that they are equal to or greater than three months, also considering any period spent during the filter semester.

The same proportional calculation will be applied to students who attend the "filter semester" in Piedmont as "non-resident" students and continue their studies by enrolling in the second semester while maintaining their "non-resident" status, in order to compete for the amount envisaged for "non-resident" students pursuant to Article 5, paragraph 1.3 of this announcement.

The procedures for submitting the declaration of expensive accommodation are the same as those indicated in Article 8, paragraph 2 of this announcement.

These students will also be able to declare any contract additions from March 20 to April 10, 2026 (by 12:00 p.m.), following the same procedures described in Article 8, paragraph 2.

EDISU Piemonte will implement any new national legislation that will be established after the approval of this Competition Notice.

SECTION III

SPECIFIC PROVISIONS FOR THE FIRST YEARS

ART. 9 WHO CAN APPLY: ACCESS REQUIREMENTS

This section is intended for students enrolling in the 2026/27 academic year in a first-year bachelor's degree, master's degree, or single-cycle master's degree, or first- or second-level academic diploma (AFAM).

Students who have changed or are transferring from another university, even if not in Piedmont, cannot apply as a first-year student but must apply as a subsequent year (Article 15, paragraph 1.3).

In case of part-time enrollment, only the standard application can be submitted.

Students must submit the application by the deadline indicated in Article 10, paragraph 2, even if they are not yet enrolled at the time of application. If students enroll in a program other than the one indicated in the application, they must promptly notify EDISU of the change using the methods indicated in Article 7, paragraphs 5 and 6.

Students attending the "filter semester" of the Medicine and Surgery, Dentistry and Dental Prosthetics, and Veterinary Medicine courses, even at a non-Piedmontese university, must follow the instructions in the following paragraph 3.

Art. 9 paragraph 1 ACCESS REQUIREMENTS TO THE COMPETITION

In addition to the financial requirements (Article 6), applicants must also meet the following entry requirements when submitting their application. These requirements will be verified when preparing the provisional and final scholarship rankings.

Merit requirements are required only for the disbursement of the second installment and to maintain the right to the first installment already assigned or to maintain eligibility, according to the methods and terms established in the following article 13, except as provided in paragraph 2 of this article in the case of recognitions from previous careers.

COURSE TYPE	ACCESS REQUIREMENTS
Bachelor's and single-cycle master's degree courses, Standard Question	1. High school diploma, regardless of grade; 2. enrollment in the course by the deadlines set by your University, in any case no later than October 31, 2026 (inclusion in the final rankings of November 9, 2026) or November 30, 2026 (inclusion in the rankings of December 16, 2026). Students not yet enrolled by November 30, 2026, will be deemed "suspended" (unless they have other reasons for exclusion) and must be enrolled by April 2, 2027, to be included in the final rankings of April 30, 2027. International students not residing in Italy must refer to Articles 31, paragraphs 1.1 and 1.2 (for non-EU students) and 31, paragraph 2 (for EU students). Students enrolling in the first year of the Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine courses or in related courses⁴⁸ after having attended the filter semester must follow the instructions in the following paragraph 3.
Master's degree courses	Standard Question Enrollment in the master's degree course by a) November 30, 2026 to be included in the final rankings of December 16 or b) April 2, 2027 to be included in the final rankings of April 30 pursuant to art. 11 comma 2.

⁴⁸ The related courses relating to the single-cycle Master's Degree Classes LM-41, LM-46 and LM-42 are the Courses in BIOTECHNOLOGY (L-2 R), BIOLOGICAL SCIENCES (L-13 R), PHARMACEUTICAL CHEMISTRY AND TECHNOLOGY (LM-13 R), PHARMACY (LM-13 R), SUSTAINABLE ZOOTECHNICAL SYSTEMS (L-38 R), VETERINARY ASSISTANCE TECHNIQUES (L-38 R), PROFESSIONAL EDUCATION (L/SNT2), NURSING (L/SNT1), ORTHOPTICS AND OPHTHALMOLOGICAL ASSISTANCE (L/SNT2), AUDIOMETRIC TECHNIQUES (L/SNT3), HEARING PROSTHETIC TECHNIQUES (L/SNT3), PREVENTION TECHNIQUES IN THE ENVIRONMENT AND IN THE WORKPLACE (L/SNT4), NEUROPHYSIOPATHOLOGY TECHNIQUES (L/SNT3) for courses offered by the University of Turin; BIOTECHNOLOGY (L-2), BIOLOGICAL SCIENCES (L-13), PHARMACY (LM-13), PHARMACEUTICAL CHEMISTRY AND TECHNOLOGY (LM-13), PROFESSIONAL EDUCATION (L/SNT/2), NURSING (L/SNT1) for courses offered by the University of Eastern Piedmont. For further information, please refer to the provisions of Article 8 of Ministerial Decree 418 of May 30, 2025.

Confirmation of Merit Benefits 1.

Winning of the scholarship in the 2025/26 academic year at EDISU Piemonte.

2. Enrollment in the degree program in the 2023/24 academic year and achievement of the degree by the extraordinary session of the 2025/26 academic year.
3. Enrollment in the master's degree course by:
 - a) November 30, 2026 to be included in the final rankings of December 16 or
 - b) April 2, 2027 to be included in the final rankings of April 30 pursuant to art. 11 comma 2.

To confirm their housing placement, students must have been assigned a place, even with an extension of their stay, or be included in the single ranking list for the 2025/26 academic year as of May 30, 2026, and have received the 2025/26 scholarship with a commuter amount due to failure to provide proof of residence. Otherwise, they may only confirm their scholarship based on merit, while they will be included in the ranking lists for housing placement as a first-year Standard Application.

Students may apply after withdrawing from studies, regardless of when they withdrew. If they apply for a scholarship after withdrawing from studies or losing their degree and have benefited from the scholarship or grant and housing for one or more academic years while enrolled in the previous program, upon enrolling in the new program, they will not be able to claim benefits from EDISU for the number of years in which they received such benefits during their previous enrollment (even if they withdrew from a bachelor's or master's degree program and subsequently enrolled in a single-cycle master's degree program, and vice versa), unless they repay the scholarship received by November 12, 2026, the deadline for submitting complaints.

Art. 9 Paragraph 1.1 COURSE TRANSFERS AND TRANSFERS FROM OTHER UNIVERSITIES

Students already enrolled in the Italian university system in previous academic years who change courses within the same university or transfer from another university, even if not in Piedmont, CANNOT apply as a first-year student but must apply as a subsequent year, regardless of the course year in which they are enrolled by the universities or AFAM.

Changing programs within the same university does not constitute a career interruption. Therefore, following a change, the year of the previous program will be considered the first year of enrollment, and applications cannot be submitted as first-year applications. These students should refer to Article 15, paragraph 4 of the "Subsequent Years" section below.

In both the case of transfer and transfer, only the number of credits recognized pursuant to Article 15, paragraph 4, will be taken into consideration when calculating the merit requirements.

Art. 9 paragraph 2 RECOGNITION OF CREDIT (ABBREVIATION OF CAREER, SINGLE COURSES, PREVIOUS CAREERS)

Students who get

a) a career shortening⁴⁹, following the recognition of credits relating to qualifications obtained or exams taken at a Ateneo estero

b) the recognition of credits deriving from previously completed courses/individual teachings

c) the recognition of credits from a previous career closed following renunciation or forfeiture

In the EDISU rankings, they will be considered as enrolled in a first year or as enrolled in a year after the first based on the number of credits recognized, as described below.

1. Degree courses

- a. From 0 to 24 credits: first year.
- b. From 25 to 79 credits: second year.
- c. From 80 to 134 credits: third year.
- d. 135 or more credits: additional semester.

2. Master's degree courses

- a. From 0 to 29 credits: first year.
- b. From 30 to 79 credits: second year.
- c. 80 or more credits: additional semester.

3. Single-cycle master's degree courses

- a. From 0 to 24 credits: first year.
- b. From 25 to 79 credits: second year.
- c. From 80 to 134 credits: third year.
- d. From 135 to 189 credits: fourth year.
- e. From 190 to 244 credits: fifth year.
- f. From 245 to 299 credits: sixth year.
- g. 300 or more credits: additional semester.

⁴⁹ Regional Criteria 2026/27 Section V art. 3

The above schedule is conditional on the ability to earn the required credits in the career plan. Otherwise, please refer to the provisions of Article 15, paragraph 2, and Appendix A2.

Credits recognized for various reasons (career shortening, single courses, previous careers) are added together for the purpose of evaluating the year of enrollment, even if the recognition occurred in an academic year prior to 2026/27.

Only the total credits provided by the universities will be considered valid. Any discrepancies between the credits declared by students and those confirmed by the university must be clarified by the students at their own university.

Please note that for students with a disability equal to or greater than 66% or recognized as disabled pursuant to Article 3, paragraph 1 and/or paragraph 3 of Law 104/1992, the number of credits validated is reduced pursuant to the following Article 29, paragraph 3.2, while for part-time students it is reduced pursuant to Article 15, paragraph 2.

If students, at the time of submitting the application, have already requested from their home university the shortening of their foreign academic career, the recognition of individual courses/teachings, or the validation of credits from a previous academic career that was closed due to withdrawal or forfeiture, they must declare this using the appropriate procedure in the "School Data" section of the online application.

If the recognition of credits occurs

1. Before submitting the application: students are required to declare it using the appropriate option available in the "School Data" section of the application;
2. After submitting the application, but by November 12, 2026 (October 31 for students enrolled in bachelor's and single-cycle master's degree programs): students are required to notify EDISU by filling out the relevant complaint in the appropriate section or by opening a ticket as an accredited user;
3. after November 12, 2026 (October 31 for students enrolled in bachelor's and single-cycle master's degree courses): students are required to notify EDISU by filling out the relevant complaint in the appropriate section or by opening a ticket as an accredited user but will be considered as first year for the current academic year 2026/27, but in the academic year 2027/28. These students will be placed in the correct year based on the number of credits awarded.

If students have not taken exams in Italy, the average grade certified at the lowest level C of the ECTS average for the course attended, communicated to EDISU by the University, will be used to calculate the merit score.

The aforementioned provisions also apply in the case of "early registration" starting from March 2026.

Students who have requested a shortened academic career abroad (point a of this paragraph) are still required to meet the merit requirements indicated in paragraphs 5 (if successful) and 6 (if eligible) of Article 13 below, otherwise any benefits received will be revoked. Only exams passed at their Piedmontese university may be counted toward the required credits, not those taken abroad and recognized by the university for a shortened academic career. Payment of the second scholarship installment is conditional on earning 20 credits for full-time students or 11 credits for part-time students by August 10, 2027.

If these credits are not earned by November 30, 2027, their scholarship and/or the value of the housing service received as per Article 38 will be revoked.

Art. 9 paragraph 3 SPECIFIC PROVISIONS FOR STUDENTS ON COURSES WITH A "FILTER SEMESTER" OF MEDICINE AND SURGERY, DENTISTRY AND DENTAL PROSTHESIS AND VETERINARY MEDICINE (CLASSES LM-41, LM-46, LM-42)

Students of the degree courses belonging to the Single-Cycle Master's Degree Class in Medicine and Surgery (LM-41), the Single-Cycle Master's Degree Class in Dentistry and Dental Prosthetics (LM-46) and the Single-Cycle Master's Degree Class in Veterinary Medicine (LM-42) (hereinafter, Classes LM-41, LM-46 and LM-42) must submit a scholarship application to the relevant institution for the right to study of the university at which they are attending the "filter semester".

Please note: Students enrolled in one of the degree programs in Classes LM-41, LM-46, or LM-42 are advised to carefully check the specific provisions established by each institution for the right to education in the institution where they are attending the filter semester and where they intend to continue their studies.

9 paragraph 3.1 STUDENTS ATTENDING THE "FILTER SEMESTER" IN PIEDMONT

Students attending the "filter semester" for one of the degree courses among those pertaining to Classes LM-41 or LM-46 or LM-42 at a University in Piedmont must submit an application for a scholarship or scholarship and housing service (in the case of non-resident students) to EDISU Piemonte by 12:00 noon on 4 September 2026, according to the procedures indicated in the following article 10.

The application must be completed by indicating exclusively the data of one of the study courses, among those pertaining to Classes LM-41 or LM-46 or LM-42, for which you intend to attend the "filter semester".

Indicating a "similar course" is not permitted, not even for the purposes of requesting a 20% increase for the second course.

These students will appear as "suspended due to enrollment in the filter semester" in the final scholarship rankings in December. Please consult Article 12 for the provisions regarding the publication of subsequent rankings and the submission of any complaints.

In the event of new ministerial provisions, these students will also be able to submit their application within the time frame referred to in the following paragraph 3.2.

9 paragraph 3.2 STUDENTS WHO DO NOT ATTEND THE "FILTER SEMESTER" IN PIEDMONT

Students who are not attending the filter semester at a university can also apply to EDISU Piemonte Piedmontese, indicate it among the ten locations where they intend to continue their studies, as provided for by art. 2 of Ministerial Decree no. 418 of May 30, 2025. In this case, the application must include the details of the course of study, among those pertaining to Classes LM-41 or LM-46 or LM-42, offered by the Piedmontese University.

These students will appear with the outcome "suspended due to enrollment in the filter semester" in the final scholarship rankings on the 16th. December 2026. Please consult Article 12 for the provisions relating to the publication of subsequent rankings and the submission of any complaints.

Students who do NOT submit an application to EDISU Piemonte by September 4, 2026, will be able to access an extraordinary application window. This application window will be reserved for those who intend to continue their studies at a Piedmont university and will be open from February 6 to March 6, 2027, at 12:00 PM, according to the procedures that will be defined in a specific notice published in the days preceding the opening of the application window.

EDISU Piemonte will implement any provisions issued by the Ministry of Education, Universities and Research (MUR) after the publication of this announcement and will disseminate them to interested students.

ART. 10 METHODS AND DEADLINES FOR SUBMITTING THE APPLICATION

Art. 10 paragraph 1 APPLICATION SUBMISSION METHODS

Applications may be submitted starting July 22, 2026. The application procedures are indicated in Article 7, paragraph 1.1 (for students with SPID or CIE) and 1.2 (for international students without Italian residency who have a Temporary Access Code). International students with family members residing abroad must follow the application procedures indicated in Articles 30 and 31.

By the application deadline, students under 18 must have their parents/guardians complete the scholarship application authorization form, available on the EDISU Piemonte website. This form must be attached to the application itself in the identity document upload, along with the parents' identity document.

To credit the IBAN, they must verify the provisions of Article 7, paragraph 3.

Any event occurring after the application submission date (awarding of another scholarship or other financial aid, transfer to another university, withdrawal from studies, change of commitment from part-time to full-time or vice versa, inability to continue studies, withdrawal from enrollment, change of department or program, change of course location, etc.) must be promptly reported and documented to the EDISU offices by opening a ticket. They will verify that the requirements are met and take any necessary action to revoke the benefits. Otherwise, EDISU reserves the right to take action related to the failure to notify. In the event of a transfer to another Piedmont university, students will be placed at the bottom of the ranking list of the new university and program level.

In the event of a transfer to another non-Piedmontese university or withdrawal from studies after the publication of the final rankings and during the academic year, the benefit received or the eligibility condition will be revoked.

Art. 10 paragraph 2 DEADLINE FOR SUBMISSION OF THE APPLICATION

TYPE OF REQUEST	EXPIRATION
SCHOLARSHIP AND HOUSING SERVICE	SEPTEMBER 4TH AT 12:00 PM
SCHOLARSHIP	SEPTEMBER 4TH AT 12:00 PM

The online application must always be submitted by 12:00 noon on the deadline day. This procedure closes automatically at 12:00 noon on that day, and the countdown is reset.

After 12:00 PM, you will not be able to submit your application, even if your failure to submit is due to force majeure or the actions of third parties (e.g., problems with your internet connection or the device you are using).

For international students not residing in Italy who submit their application with a Temporary Access Code, submission by 12:00 PM will be possible only after attaching the signed PDF of the application and a copy of a valid identity document.

It may take up to 6 hours from the request for the Temporary Access Code to its issuance by EDISU. Applicants must take this time into account when calculating the time required to complete and submit the application within the deadlines established by the call for applications, and assume full responsibility for this.

ART. 11 SPECIFIC PROVISIONS FOR THE FIRST YEARS OF DEGREE MASTER

Students requesting EDISU benefits 2026/27 for a First Year of a Master's Degree do not necessarily have to have graduated at the time of submitting the application.

All students intending to enroll in a master's degree program during the 2026/27 academic year, as indicated in Articles 9 and 11 of this announcement, must submit their application by the deadlines as First Years:

- a) if they enroll by November 30, 2026, they will be included in the final rankings of December 16, 2026;
- b) if they do not register by November 30, 2026, they must refer to the following article 11, paragraph 2.

International students not residing in Italy must refer to Articles 31, paragraph 1.1 (for non-EU students) and 31, paragraph 2 (for EU students).

Art. 11 paragraph 1 TRANSFORMATION OF APPLICATION

If students enrolled in a degree program in the 2023/24 academic year submit an application for the first year of a master's degree but do not enroll, they can inform EDISU through the specific complaint procedure by November 12, 2026, providing the information relating to the bachelor's degree program. The application will be converted into an application for the additional semester of the bachelor's degree program for subsequent years, if they have not graduated by September 2026 and meet the merit requirements.

Students applying for a bachelor's degree program with enrollment prior to 2023/24 but who, following checks with the university indicated in the application, are enrolled in the first year of a master's degree program, will be included in the rankings for that program.

If students submit their application for the following year for the additional semester of a bachelor's degree but enroll in a master's degree program by November 30, 2026, they can inform EDISU through the specific complaint procedure by 12:00 noon on November 12, providing the information relating to the master's degree program. The application will be converted into an application for the first years of a master's degree, if they meet the requirements.

Art. 11 paragraph 2 FAILURE TO REGISTER BY 30 NOVEMBER 2026

Students applying for the first year of the Master's Degree program who are not enrolled in the Master's Degree program by November 30, 2026, will be classified as "suspended due to failure to enroll" in the final scholarship rankings of December 16, 2026, and must enroll by April 2, 2027.

These students will be included in the provisional rankings on March 19, 2027, and will be able to submit a complaint by 12:00 noon on April 2, 2027. They will then automatically be included in the final scholarship rankings on April 30, 2027 (12:00 noon).

Students awarded scholarships for the 2025/26 academic year as final year students will have priority in these rankings.

If they do not enroll and meet the merit requirements for the additional semester scholarship, they will have to submit a complaint and their application will be converted into an application for an additional semester if they have not graduated by September 2026 and meet the merit requirements.

Students included in the April 30, 2027, rankings must earn 20 credits by August 10, 2027, to be eligible for the second installment of the 2026/27 scholarship. If they do not earn 20 credits for the second program, the second installment will be reduced by the amount of the second program.

To apply for a scholarship for the 2027/28 academic year, students must earn the required credits for the scholarship application by August 10, 2027.

If these students also apply for housing services:

- if they are assigned a bed-space but do not enroll in a First Year of a Master's Degree by 2 April 2027, not only will they be excluded from the rankings of 30 April 2027 but they will also have to vacate their bed-space and pay the fee of €8.18 per day for the period of their stay in the residence;
- if they are included in the "single ranking list" referred to in art. 33 paragraph 3 of this announcement and enroll in a First Year of a Master's Degree by 2 April 2027, they will not be removed from the "single ranking list".

International students not residing in Italy must refer to Articles 31, paragraph 1.1 (for non-EU students) and 31, paragraph 2 (for EU students).

ART. 12 RANKINGS AND COMPLAINTS

It is the responsibility of interested students to view the rankings using the methods indicated below.

The rankings will be published on your personal page in the Online Help Desk, in the "Scholarship" section, by clicking "View the rankings." Students who have requested both housing and scholarships will need to consult two separate rankings: the first for housing, the second for scholarships.

For each benefit requested, a provisional ranking will be published first, followed by a definitive ranking.

After the scholarship application deadline, before the provisional scholarship ranking is published, and in the period between the publication of the provisional and final scholarship rankings, checks will be conducted with the universities to ensure that students have properly enrolled and meet any merit requirements. The provisional and final scholarship rankings will reflect the results of these checks. Upon student request, in specific situations, checks may also be conducted while completing the application.

The housing service rankings will be drawn up based on self-certified data from students.

No individual communications regarding the results of the competitions will be sent. The rankings can be consulted exclusively on your personal page in the Online Help Desk (by clicking "View the rankings" in the "Scholarship" section).

Art. 12 paragraph 1 CRITERIA FOR FORMULATION OF RANKINGS

For students enrolled in the first years of bachelor's, single-cycle master's, and master's degree programs who submit a Standard Application, scholarships will be distributed based on the provisions of Article 1, paragraph 4.

The rankings are divided by university and degree level (bachelor's degree, single-cycle master's degree, master's degree), without distinctions between departments, and within each level they are ordered in ascending order based on the ISEE Universitario (equivalent ISEE for non-EU students with family residing in a non-EU country). If the ISEE Universitario is equal, priority is given to students younger than 50 .

The housing service rankings are drawn up using the same procedures as those for scholarships, guaranteeing at least one bed space per University.

In drawing up the housing service rankings, each university will establish a standard first-year ranking for students with non-EU citizenship and whose family unit resides in a non-EU country, and students with international protection status as set out in point 1 of Article 4, paragraph 1. 15% of the places available at each university for first-year students are reserved for these students.

Art. 12 paragraph 2 PROVISIONAL RANKINGS

In the provisional ranking, 2 outcomes are possible:

1. **eligible:** students meet the requirements set out in the announcement and must therefore wait for the ranking to be published definitive;
2. **Excluded:** Students do not meet the requirements set out in the call for applications or have made material errors while completing the application. If the errors can be corrected during the appeal process, the appropriate wording "correctable upon appeal" will be indicated. If students fail to remedy their exclusion during the appeal process against the provisional ranking, they will be excluded from the benefit.

Regarding students who have won or been assigned a place in an EDISU residence and are excluded from the provisional scholarship rankings, if:

1. do not intend to file a complaint, they must vacate their accommodation within 3 working days of the publication of the provisional scholarship ranking and pay the daily fee of €8.18 for the period of their stay in the residence;
2. submit a complaint, they must do so in the manner indicated in art. 7, paragraph 6 and within the deadlines indicated in paragraph 5 of the this article.

Art. 12 paragraph 3 COMPLAINTS

Students excluded from the provisional rankings, or eligible students who need to modify their information, may submit a complaint online using the methods indicated in Article 7, paragraph 6, and by the deadlines indicated in paragraph 5 of this Article. The outcome of the complaints will be available upon publication of the final rankings.

Students who do NOT intend to accept the requested housing service must submit their refusal by 12:00 noon on September 16, 2026, by completing the appropriate complaint against the provisional housing service ranking. Otherwise, if they are awarded both housing service and a scholarship, they will receive the amount provided for the "commuter" category.

Art. 12 paragraph 4 FINAL RANKINGS FOR BED SPACES

There are 3 possible outcomes:

1. **Winner:** Students meet the requirements set out in the call for applications and are entitled to a place in EDISU residences; they must also accept the online housing service according to the procedures set out in Article 33, paragraph 1;
2. **Eligible:** Students who meet the requirements set out in the call for applications but are unable to use the housing service at EDISU residences due to availability. They must also declare their interest in the housing service online using the methods indicated in Article 33, paragraph 2;
3. **excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the application.

If students change course locations after the final housing service rankings or the transition rankings are published, they will be placed at the end of the final or transition rankings for the new course location. If multiple students need to be placed at the new course location, the placement order will be based on the date and time they communicated their change of course location. Students must still check in at the location indicated in the final rankings.

For the rankings of Doctoral and Specialization Schools, please refer to section VI.

Art. 12 paragraph 5 FINAL RANKING LISTS FOR SCHOLARSHIPS

EDISU will publish final rankings based on course type and enrollment date.

Art. 12 paragraph 5.1 FIRST FINAL RANKINGS FOR FIRST YEAR DEGREE OR DEGREE STUDENTS SINGLE-CYCLE MASTER'S DEGREE WITH ENROLLMENT BY OCTOBER 31, 2026

These rankings include only students who meet the requirements and who enrolled in a bachelor's or single-cycle master's degree program by October 31st. Two outcomes are possible:

1. **winner:** students meet the requirements set out in the announcement and are entitled to the scholarship;
2. **eligible:** students meet the requirements set out in the announcement, but cannot benefit from the scholarship due to exhaustion of the available resources, they must also follow the provisions indicated in articles 5 and 12.
Those eligible in these rankings will be placed in the subsequent rankings in December, in priority position.

Students who are not included in the rankings on November 9th will be able to submit a new complaint from 12:00 noon on November 9th to 12:00 noon on November 12th.

Art. 12 paragraph 5.2 GENERAL FINAL RANKINGS

These rankings include all scholarship applicants, with the exception of students who were previously awarded scholarships. There are five possible outcomes:

1. **winner:** students meet the requirements set out in the announcement and are entitled to the scholarship;
2. **Eligible:** Students meet the requirements set out in the call for applications but are unable to receive the requested benefit due to depletion of available resources. If new funds are allocated, they will be placed on a new ranking list and will be eligible for the requested benefit.
3. **suspended:** students applying for a scholarship who have not been duly enrolled by November 30, 2026 will be included in the final scholarship rankings in December with the result "suspended";
4. **suspended due to enrollment in the filter semester:** students requesting the benefit for the first year of Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine or similar courses enrolled in the filter semester will have the outcome "suspended due to filter semester" in December and must follow the instructions in art. 9 paragraph 3, and 12 paragraph 5.4;
5. **excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the application.

Art. 12 paragraph 5.3 FINAL RANKINGS FOR STUDENTS SUSPENDED IN DECEMBER FOR "SEMESTER ENROLLMENT FILTER" AT A PIEDMONTESE UNIVERSITY AND STUDENTS WHO APPLY AFTER FILTER SEMESTER

These rankings include students who were "suspended" in the December rankings and students present in the provisional rankings of March 17, 2027. There are 4 possible outcomes:

1. **winner:** students enrolled in the Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine courses or similar courses, who meet the requirements set out in the announcement, and are entitled to benefit from the scholarship;
2. **eligible:** students enrolled in the Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine courses or similar courses, who possess the requirements set out in the announcement but cannot benefit from the requested benefit due to exhaustion of available resources;

3. **excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the application;
4. **suspended:** students who are enrolled in a "non-similar" course will have a suspended outcome and will be included in the rankings of the April 30, 2027

Students assigned a place in an EDISU residence who are excluded from the final scholarship rankings must vacate their place within 3 working days of the publication of the final scholarship rankings and pay the daily fee of €8.18 for the period of their stay in the residence.

Art. 12 paragraph 5.4 FINAL RANKINGS FOR STUDENTS "SUSPENDED" IN DECEMBER

These rankings include students who were "suspended" in the December rankings. Three possible outcomes are possible:

1. **Winner:** Students meet the requirements set out in the announcement and are entitled to the scholarship;
2. **eligible:** students possess the requirements set out in the announcement, but cannot benefit from the requested benefit due to exhaustion of the available resources, they must also follow the provisions indicated in articles 5 and 12;
3. **excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the application.

Students assigned a place in an EDISU residence who are excluded from the final scholarship rankings must vacate their place within 3 working days of the publication of the final scholarship rankings and pay the daily fee of €8.18 for the period of their stay in the residence.

Pursuant to the Catering Regulations, students who are suspended from the final scholarship ranking list, or who are excluded or suspended for reasons related to failure to complete their enrollment, will also have their catering service suspended until they complete their enrollment. To have the service reactivated, these students are required to notify their enrollment by opening a special ticket.

They can also appeal to the Head of State within 120 days of publication.

ART. 13 MERIT REQUIREMENTS, SCHOLARSHIP INCREASE FOR REGISTRATION SECOND COURSE, DELIVERY PERIOD

Students enrolled in the first years who are winners in the final scholarship rankings will receive the scholarship amounts as set out in the following paragraph 4 "Scholarship payment period".

Art. 13 paragraph 1 MERIT REQUIREMENTS FOR THE SECOND INSTALLMENT

To receive the second installment of the scholarship, students must earn the credits indicated in the table below by August 10, 2027, according to the methods and deadlines set out in the following paragraph 4. These provisions also apply to students included in the final rankings of April 16, 2027 (suspended due to enrollment in the filter semester) and April 30, 2027 (suspended from the December ranking).

20 credits	Full-time students enrolled in a bachelor's degree, master's degree, or single-cycle master's degree program.
11 credits	Part-time students enrolled in undergraduate, graduate, or single-cycle master's degree programs.

It is also necessary that these credits are regularly registered by your University with a date equal to or prior to August 10, 2027.

The following CANNOT be counted in the total credits:

1. credits deriving from educational debts;
2. credits for ongoing modules that require further integrations for the final grade;
3. credits for individual courses not recognized;
4. excess credits;
5. credits validated by foreign studies;
6. credits from the 24 credits/60 credits course for teacher training.

Please also remember that the bonus can only be used to apply for a year following the first; it CANNOT be used to achieve first-year merit.

The 18 credits earned for access to the courses referred to in Ministerial Decree 418 of May 30, 2025, are valid for obtaining the 20 credits required for the second installment of the scholarship.

EDISU does not provide teaching; therefore, if students have any questions regarding their academic career plan or the nature of the credits earned, they should contact the University Student Office.

Before disbursing the second installment of the scholarship, EDISU will verify the registration of the required credits with the universities and therefore the disbursement will take place only if it has verified that the requirement is met.

The results of the checks will be published online on the payment date in the benefits history section. The results may be:

- according to;
- non-compliant. In this case, there will be a subsequent outcome relating to the merit of the first installment, which will be verified from March 30, 2028.

For students who have earned credits during international mobility projects, the second installment will be paid only after the credits earned abroad have been recognized by their home university.

If students transfer courses during their first academic year after earning credits, the exams taken will be considered valid for the second installment only if recognized by their new academic institution.

To be eligible for early payment of the second installment of the scholarship starting from the end of June 2027, students must achieve the required credits by May 31, 2027, and self-certify it by 12:00 noon on June 8, 2027, following the procedures indicated in paragraph 3. EDISU is not responsible for a student's inability to achieve the required credits by May 31 due to the organization of the study program.

Art. 13 paragraph 2 20% INCREASE IN THE SCHOLARSHIP AMOUNT FOR ENROLLMENT IN THE SECOND COURSE

Article 6 of Ministerial Decree 1320/2022 provides that students simultaneously enrolled in more than one program may obtain and maintain a scholarship, increased by 20%, provided they meet and maintain the merit requirements set forth in the decree for the entire duration of their program. The increase is not due if the student no longer meets the scholarship requirements. It is also not paid if the student no longer meets the requirements for the increase. Students enrolling in the filter semester CANNOT select a similar or other program as a second program and must follow the provisions of Article 9, paragraph 3 of this announcement.

The request for a 20% increase must be submitted when completing the scholarship application, in the "School Data" section, or it can be added via the "Second Degree Course" data change request. The data change request must be submitted by the scholarship application deadline, as set forth in Article 7, paragraph 5 above. Registration for the second degree course must be completed by October 31st for first-year students included in the November 9th ranking, or by November 30th for all other students.

Students who apply for the scholarship as a first year of a bachelor's degree or a single-cycle master's degree can only request the increase for a first year of a bachelor's degree or a single-cycle master's degree. They CANNOT request it for a second year, subsequent or a master's degree.

The increase, reserved exclusively for students enrolling in both the main course and the second course with a full-time commitment, will be paid together with the second installment of the scholarship for students enrolled in the first years of the course, subject to any changes introduced by the Ministerial Decree of the Ministry of Education, University and Research implementing Law 33/2022.

To obtain the increase, the student must earn 20 credits by August 10, 2027, both in the course for which he/she requested the scholarship and in the course for which he/she requested the increase if it refers to a first year of the course.

If the 20 credits are not earned in the course for which the scholarship was requested, the right to the 20% increase will also be forfeited. If the 20 credits are earned for the course for which the scholarship is requested but not for the course for which the 20% increase is requested, the student will remain a scholarship recipient but will lose the right to the increase.

If the increase is requested for a subsequent year, the merit requirements as of August 10, 2026, as per Article 15 below, cannot be met using bonus credits.

Art. 13 paragraph 3 SELF-CERTIFICATION OF MERIT

In order to receive:

- the entire second instalment (equal to 50% of the total amount) starting from the end of June 2027;
- the increase for enrollment in the second course as a first-year (equal to 20% of the total scholarship amount) starting from the end of June 2027.

Students must self-certify the required academic merit using the appropriate procedure available on their personal page at the Online Help Desk (in the "Consult the Ranking List" section) between April 1st and June 8th, 2027, at 12:00 PM. When completing the self-certification form, students must include all exams passed and registered by the University, along with the relevant details: Description, grade (51/ ...

After the self-certification procedure has been completed, EDISU will carry out checks with the University to verify that the credits declared by students have actually been achieved in order to obtain the payment of the installments referred to in points 1 and 2 of this paragraph.

Art. 13 paragraph 4 SCHOLARSHIP DISTRIBUTION PERIOD

Scholarship winners receive the benefit, according to the total amounts indicated in Article 5, as follows:⁵²

- An initial 50% of the total amount is automatically paid as per the following table:

	FIRST YEARS OF GRADUATION AND GRADUATION SINGLE-CYCLE MASTER'S DEGREE WINNERS IN THE RANKINGS OF THE 9TH NOVEMBER 2026	NEW IBAN ADDITIONS AND ALL THE EARLY YEARS WINNERS IN THE RANKINGS OF THE 16TH December 2026	NEW IBAN ADDITIONS AND REGISTRATION "SEMESTER FILTER" WINNERS IN THE RANKINGS OF THE 16TH APRIL 2027	ONLY "SUSPENDED" IN THE RANKINGS OF DECEMBER AND MARCH WINNERS IN THE RANKINGS OF 30 APRIL 2027

⁵¹ If the student has taken the exam but is still waiting for the grade, he or she can select the appropriate checkbox "waiting for grade".

⁵² Regional Criteria for 2026/27 Sec. Art III. 1 c. 9

Winners may receive the scholarship exclusively through a bank account or prepaid card with a SEPA IBAN, owned or jointly owned by the students. Postal savings accounts are excluded.

Students who fail to enter an IBAN by the first available deadline will receive the due installment in the first installment of payments—as per the table above—after entering their IBAN. No ad hoc payments will be made to students who enter their IBAN late.

Specifically, it is specified that for students who have not entered an IBAN by April 13, 2027—with the exception of those "suspended"—the first installment may be paid during the month of July 2027, after the payments relating to the second installments have been made.

International students, who are not permitted to open a current account under current Italian banking regulations, may enter a foreign IBAN, provided it is part of the SEPA network. To proceed with the payment, the winner must provide an Italian address. Payment cannot be made until such time as the winner receives such notification.

Payments to students from certain "high-risk third-party countries" identified by current European legislation may experience delays or failure to process payments. EDISU will not be held responsible in such cases.

For further information on how to communicate your IBAN, please refer to Article 7, paragraph 3.

2. A second installment, equal to the remaining 50% of the total amount, is paid based on when the merit requirements indicated in the previous paragraph 3 are achieved and, if requested, self-certified, as per the following table:

MERIT REQUIREMENTS	DELIVERY	SELF-CERTIFICATION OF MERIT
At least 20 credits by May 31, 2027	From the end of June 2027 for IBANs entered by 30 June 2027 (credit to IBAN from mid-July)	Between April 1 and June 8, 2027 ore 12:00*
At least 20 credits by August 10, 2027	From the end of November 2027 (credit to IBAN from December)	Not required**

*For students suspended in December, the self-certification will be available from April 30, 2027, with the publication of the final rankings. **Completing the

procedure is recommended, especially for students with validation documents, and will be available from the end of July 2027.

Please note that payment of the instalment means the start of the administrative process, which concludes the following month with the payment by EDISU to the credit institution indicated in the IBAN provided by the students.

The amount may therefore be available on the current account in the month following the disbursement, based on the timeframes of the individual credit institutions.

If you fail to provide your IBAN by December 31, 2028, your installments will no longer be due.

Students who do NOT self-certify their merit between April 1st and June 8th, 2027, at 12:00 PM, will not receive any payment starting from the end of June 2027. If they earn at least 20 credits by August 10th, 2027, the entire second installment (equal to 50% of the total amount) will be paid starting from the end of November 2027, without the need to self-certify their merit.

The same provisions apply to the 20% increase in scholarship for the second course referred to in the previous paragraph 2.

EDISU is not responsible for a student's inability to earn the required credits by May 31st due to the organization of the course of study.

Art. 13 paragraph 4.1 DISTRIBUTION OF 20% INCREASE FOR ENROLLMENT IN A SECOND COURSE

The second installment, including a 20% increase in the amount awarded, in the event of enrollment in a second course and achievement of the credits required for the scholarship, pursuant to the previous paragraph 2, is paid as per the table below:

MERIT REQUIREMENTS	DELIVERY	SELF-CERTIFICATION OF MERIT
20 credits by May 31, 2027 (course for which the scholarship was won) + 20 credits by May 31, 2027 in the second course if first year	From the end of June 2027 for IBANs entered by 30 June 2027 (credit to IBAN from mid-July) with separate payments for scholarship and integration according to course	Between April 1st and June 8, 2027, 12:00 PM
20 credits by May 31st or August 10th 2027 (course for which the scholarship was won) + 20 credits by August 10, 2027 in the second course if first year	From the end of November 2027 (credit to IBAN from mid-December) with separate payments for scholarships and integrations according to the course	Not required*

Art. 13 paragraph 5 MERIT REQUIREMENTS FOR MAINTAINING ONLY THE FIRST INSTALLMENT

Students who do not earn the credits indicated in paragraph 1 of this article by August 10, 2027, lose their right to receive the second installment of the scholarship. However, they may retain their right to the first installment of the scholarship (50% of the total amount) by earning at least 20 credits by November 30, 2027. These credits must also be properly registered by their university with a date equal to or prior to November 30, 2027.

The following CANNOT be counted in the total credits:

1. credits deriving from educational debts;
2. credits for ongoing modules that require further integrations for the final grade;
3. credits for individual courses not recognized;
4. excess credits;
5. credits validated by foreign studies;
6. credits from the 24 credits/60 credits course for teacher training.

Please also remember that the bonus can only be used to apply for a year following the first; it CANNOT be used to achieve first-year merit.

If the student changes courses during the first academic year, in order to meet the maintenance requirements for the first installment, he or she must achieve the required merit (20 credits if full-time and 11 credits if part-time) by November 30, 2027, either before changing courses or after changing courses:

- If the student changes courses during the academic year for which he/she was awarded a scholarship, only any credits validated during the change will be considered valid, in addition to the credits obtained in the new course by 30 November 2027.
- If the student transfers at the end of the academic year for which he or she was awarded a scholarship, only the exams taken before transferring will be considered valid.

The 18 credits earned for access to the courses referred to in Ministerial Decree 418 of May 30, 2026, are valid for obtaining the 20 credits required to maintain the first installment.

For students who have obtained credits during international mobility projects, carried out by November 30, 2027, EDISU may consider the credits deriving from the validation for the purposes of maintaining the requirements of the first instalment.

Failure to achieve the merit requirements indicated in this paragraph will result in the revocation of the benefits, therefore:

1. the return of the first installment of the scholarship;
2. the loss of exemption from the payment of university fees, as provided for by the Fee Regulations of your country Ateneo;
3. if students have used the housing service in EDISU residences, the refund of the value of the housing service used in accordance with the provisions set out in paragraph 5 of this article.

Art. 13 paragraph 6 MERIT REQUIREMENTS FOR MAINTAINING ELIGIBILITY

Students who are eligible but not successful in the final scholarship rankings may maintain their eligibility, and with it the exemption from paying university fees as set forth in their University's Tuition Fee Regulations, only by earning at least 20 credits (11 if enrolled part-time) by November 30, 2027. These credits must also be duly registered by the Student Office of their University with a date equal to or prior to November 30, 2027.

The following CANNOT be counted in the total credits:

1. credits deriving from educational debts;
2. credits for ongoing modules that require further integrations for the final grade;
3. credits for individual courses not recognized;
4. excess credits;
5. credits validated by foreign studies;
6. credits from the 24/60 cfu course for teacher training.

The 18 credits earned for access to the courses referred to in Ministerial Decree 418 of May 30, 2026, are valid for obtaining the 20 credits required to maintain eligibility.

Failure to achieve the merit requirements indicated in this paragraph will result in the revocation of the benefits, therefore:

1. the loss of exemption from the payment of university fees, as provided for by the Fee Regulations of your country Ateneo;
2. if students have used the housing service in EDISU residences, the refund of the value of the housing service used in accordance with the provisions set out in paragraph 5 of this article.

Art. 13 paragraph 6.1 SUITABLE ASSIGNEES FOR A BED SPACE IN AN EDISU RESIDENCE

Students assigned a place to stay may return to their residence halls in September 2027 if they meet the merit requirements set forth in paragraph 1 of this article by August 10, 2027. Upon their return, students must self-certify their merit directly at the residence hall using a specific form, attaching a copy of their university transcript.

Students who do not meet the merit requirements indicated in paragraph 1 of this article:

1. they will be able to return for the month of September to a residence identified by the administration, which may be different from the one in which they were assigned in the months preceding the summer break;
2. must earn 20 credits by November 30, 2027, failing which they will be required to repay the sum of €8.18 per day for the entire period used (used means the entire period of assignment, even in the case of brief, justified absences, without prejudice to the provisions of Article 33, paragraph 4.1 for the "Erasmus Option").

Art. 13 paragraph 7 DEFERRAL OF THE DEADLINE OF 30 NOVEMBER 2027

In some specific cases⁵³, the deadline of November 30, 2027, required for achieving the minimum levels of merit to avoid the revocation of benefits (20 credits), is postponed by three months. These cases are as follows: 1. bereavements involving members of the family unit declared in the application;

2. hospitalization of at least 10 days or prolonged illness of the applicant or a member of the family unit;
3. events included among the causes of natural disasters and war conflicts.

For the birth of a child, the deadline of November 30, 2027, is postponed by 5 months in accordance with current legislation regarding maternity protection and, in particular, mandatory leave from work.

Students who intend to request this extension must go in person to the EDISU offices by 16 December 2027 and make the request, attaching documentation proving their condition⁵⁴.

Art. 13 paragraph 8 PROVISIONS FOR WINNERS ASSIGNED A BED-SPACE AT AN EDISU RESIDENCE

Students assigned a place to stay may return to their residence halls in September 2027 if they meet the merit requirements set forth in paragraph 1 of this article by August 10, 2027. Upon their return, students must self-certify their merit directly at the residence hall using a specific form, attaching a copy of their university transcript.

Students who do not meet the merit requirements indicated in paragraph 1 of this article:

1. they will be able to return for the month of September to a residence identified by the administration, which may be different from the one in which they were assigned in the months preceding the summer break;
2. must earn 20 credits by November 30, 2027, failing which they will be required to repay the sum of €8.18 per day for the entire period used (used means the entire period of assignment, even in the case of brief, justified absences, without prejudice to the provisions of Article 33, paragraph 4.1 for the "Erasmus Option").

Art. 13 paragraph 9 CASES OF SUSPENSION OF PAYMENT

Students who have outstanding debts that have arisen or become known after the publication of the final ranking, or who are currently paying their fees in installments and are currently paying their outstanding debts to EDISU, will have their scholarship payments suspended until the outstanding debt is settled.

A similar suspension is applied to students who are undergoing an ongoing verification procedure.

financial, verification of merit or forfeiture of benefits, also relating to previous academic years, and for students seeking international protection or stateless persons only, verification of residence permit.

Art. 13 paragraph 10 VERIFICATION OF MERIT AND REVOCATION OF BENEFIT

EDISU will subject all students, both those awarded and those eligible for the scholarship and those assigned accommodations, to a verification of enrollment and merit requirements, pursuant to Article 6 of the Prime Ministerial Decree of 9 April 2001 and Article 38 of this announcement.

Art. 13 paragraph 11 REFUND OF THE REGIONAL TAX

First-year students who are successful or eligible in the final scholarship ranking and meet the merit requirements set out in the relevant Call for Applications are entitled to a refund of the regional tax for the right to education in the amount of €140.00, paid upon enrollment, upon payment of the first installment of university fees by the deadlines established by their respective universities.

Students enrolled as first-years who are excluded from the final scholarship ranking will not be entitled to a refund of the regional tax. Payment of this amount is mandatory for regular enrollment at the University.

⁵³ D.P.C.M. 9/4/01, art. 6 c. 3

⁵⁴ Regional Criteria 2026/27 Section VI art. 2 c. 5

The refund of the regional tax will be paid automatically (without the obligation to submit any refund request) only to the students who are winners in the final ranking of the scholarship, as first years following achievement of the merit required for the scholarship as indicated in the following table:

Regional Tax Refund	Merit requirements	Self-certification of merit
From August 2027	Obtaining 20 credits by 31st May 2027	Between April 1st and June 8, 2027, 12:00 PM
From February 2028	Obtaining 20 credits by August 10, 2027	Not required
From May 2028	Obtaining 20 credits by November 30, 2027	Not required

Students enrolled at the Polytechnic University of Turin as first-year students are not required to complete the regional tax refund request, even if they have received an EDISU scholarship. Any regional tax refunds are handled by the University itself. For further information, please contact your local office.

For any other information regarding university fees, students are required to contact their home university, consulting the Fee Regulations and contacting the relevant offices (Fee Office, Student Office).

ART. 14 ACCEPTANCE OF HOUSING SERVICE IN THE FIRST YEARS

Detailed provisions regarding acceptance of the housing service are available in Article 33.

SECTION IV

SPECIFIC PROVISIONS FOR FOLLOWING YEARS (INCLUDING FURTHER SEMESTERS)

ART. 15 WHO CAN APPLY: ACCESS AND MERIT REQUIREMENTS

This section is intended for students enrolling in the 2026/27 academic year in a year subsequent to the first year of a bachelor's degree, master's degree, or single-cycle master's degree under the new system.⁵⁵ This section includes students requesting an additional semester who graduate after September 30, 2026, and students who are considered to be in subsequent years following an internal transfer, transfer from another university, or recognition of credits following validation for a foreign career, individual courses, withdrawal, or forfeiture. Students who enrolled in the first year of a master's degree in the second semester of the 2025/26 academic year must meet the merit requirements for the second year (Table A2).

Students graduating by September 30, 2026, can verify the requirements for applying for the degree award in Section V below.

In case of part-time enrollment, only the standard application can be submitted.

Students attending the "filter semester" of the Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine courses (LM-41, LM-46, LM-42) even at a non-Piedmontese university, must follow the instructions in articles 9 paragraph 3, 12 paragraph 5.3 and 13 paragraph 4 of this Competition Notice.

Art. 15 paragraph 1 ACCESS REQUIREMENTS

To access the competition, different requirements are required depending on whether the application is a Standard Application or a Confirmation of merit-based benefits. The minimum requirements for access to the competition are those set for the submission of the Standard Application pursuant to the following paragraph 1.1. In the event of possession of additional requirements pursuant to the following paragraph 1.2, the application will be automatically recognized as a Confirmation of Benefits by Merit by the procedure.

Submitting an application for Confirmation of Merit-Based Benefits does not entail a different scholarship amount if successful, but merely priority in the ranking.

Art. 15 paragraph 1.1 STANDARD APPLICATION

The requirements for submitting a Standard Application are as follows.

1. Regular enrollment in the 2026/27 academic year with a full-time or part-time commitment.
2. Possession of the required economic (art. 6) and merit (paragraphs 2.2, 3, 4, 5 and 6 of this article) requirements.

Art. 15 paragraph 1.2 CONFIRMATION OF MERIT-BASED BENEFITS

The requirements for submitting a Confirmation of Merit Benefits are as follows.

1. Regular enrollment in the 2026/27 academic year with a full-time commitment;
2. Possession of the required economic (Article 6) and merit (paragraphs 2.1, 4, 5, and 6 of this Article) requirements. The number of credits is higher than those required to submit a Standard Application, furthermore it is not possible to use bonus credits (paragraph 3 of this article);
3. winning the scholarship in the previous academic year 2025/26.
 - a. If students in 2025/26 requested only the scholarship, or both the scholarship and the accommodation service, but the accommodation space was not assigned (except as provided for in the following point b) or they did not accept the accommodation space, then in 2026/27 can apply for:
 - i. the scholarship alone, as Confirmation of Merit Benefits;
 - ii. the scholarship and the accommodation, the first as Confirmation of Benefits for Merit and the second as Standard Question.
 - b. If students in 2025/26 have requested both the scholarship and the accommodation service, and the bed space has been assigned even with a request for an extension of entry or were still present on 31 May 2026 in the single ranking list for the academic year 2025/26 and did not submit the declaration of domicile for a fee, receiving the scholarship with a commuter amount, in 2026/27 can apply for:
 - i. the scholarship and the bed-space, both as Confirmation of Merit Benefits;
 - ii. the scholarship alone, as Confirmation of Merit Benefits.

Students who meet the above conditions and accepted the housing service with the Erasmus Month, Erasmus Annual, or Renato Einaudi Option in 2025/26 can also confirm their place on merit.

⁵⁵ D.M. 509/99, D.M. 270/04

accepted the housing service with the Renato Einaudi Option, however, they can confirm the bed-space on merit in 2026/27 only by selecting the same option again: otherwise, their housing request will be considered a Standard Application. EDISU will check with the Einaudi College regarding the actual status of the successful candidate at the College itself.

Art. 15 paragraph 1.3 SPECIAL CASES

- ¹ Students changing programs or transferring from another university, even if not in Piedmont, cannot apply as a first-year student but must apply as a subsequent year. For further information, please refer to paragraph 4 of this article.
2. If students must repeat the same year, the merit requirements, indicated in the table in paragraph 2, will in any case be calculated on the basis of the academic year of first enrollment for the same course level.
3. Students who enroll after withdrawing from studies and obtain credit validation must verify, based on the number of credits recognized, whether they can apply for the following year or whether they will be considered first-year students again. Please note that the scholarship cannot be requested for years of the course for which it has already been obtained .
4. If students who withdraw or lose their status have benefited from the scholarship or scholarship and housing service for more than one academic year while enrolled in the previous course, upon enrolling in the new course they will not be able to request benefits from EDISU for a number of years equal to that in which they enjoyed such benefits during the previous enrollment (even if they withdrew from a bachelor's or master's degree course and subsequently enrolled in a single-cycle master's degree course, and vice versa), unless the student returns the scholarship they have already benefited from by the deadline for scholarship complaints for the 2026/27 academic year.
5. International students applying for visas who wish to change their course of study must check with their home university to determine whether they can withdraw from their studies without having to apply for a new visa, based on the Ministry of Education, University and Research (MUR) circular for the 2026/27 academic year. In the event of a transfer or change of course, please refer to paragraph 4 of this article.
6. If students have regularly frozen or suspended their university careers in previous academic years, the frozen/suspension period will not be considered if no career action has been completed during that period (passing exams, submitting a career plan, etc.). To this end, EDISU will modify the student's enrollment year so that the frozen/suspension period does not negatively impact the calculation of merit requirements (for example, if a student enrolled in 2024/25 froze/suspended their career in 2025/26, submitting an application for 2026/27 will be considered as having enrolled in 2025/26). Students must communicate the freezing of their previous careers by opening a ticket when submitting their application.
7. Students who register early after March 2026 must follow the provisions of Article 9, paragraph 2, and paragraph 5 of this article.

Art. 15 paragraph 2 MERIT REQUIREMENTS

In addition to the financial requirements (Article 6) and the access conditions, the application must also meet certain merit requirements.⁵⁸ These requirements consist of obtaining the number of credits indicated in the tables at the bottom of this announcement by August 10, 2026, determined on the basis of the following parameters, even in the case of enrollment in the second semester of the 2025-26 academic year:

1. course level (bachelor's degree, single-cycle master's degree, master's degree);
2. type of enrollment (full-time or part-time);
3. academic year of enrollment;
4. type of application (Standard Application or Confirmation of Merit Benefits).

It is also necessary that these credits are regularly registered by your University with a date equal to or prior to August 10, 2026.

The following CANNOT be counted in the total credits:

- ¹ credits deriving from educational debts;
2. credits for ongoing modules that require further integrations for the final grade;
3. credits for individual courses not recognized;
4. excess credits;
5. credits from the 24 credits/60 credits course for teacher training.

For students who have earned credits during international mobility projects, the second installment will be paid only after the credits earned abroad have been recognized by their home university.

Part-time students cannot receive merit-based benefits.

Art. 15 paragraph 2.1 MERIT REQUIREMENTS FOR CONFIRMATION OF MERIT BENEFITS WITH FULL-TIME ENROLLMENT

The table containing the credits required for the "confirmation of merit-based benefits" scholarship can be found in Appendix A1.

⁵⁶ Regional Criteria for the academic year 2026/27 Section VI art.

⁵⁷ 1 Regional Criteria for the academic year 2026/27 Section II point 6

⁵⁸ Regional Criteria for the academic year 2026/27, Section VI, Article 2, paragraph 6 (subsequent years), paragraph 8 (confirmation of benefits), Article 3, paragraph 7 for part-time enrollment

Art. 15 paragraph 2.2 MERIT REQUIREMENTS FOR THE STANDARD APPLICATION with FULL-TIME ENROLLMENT

Ministerial Decree 1320/2021 established that "In the event that the course organization provides that the student can obtain fewer than 60 credits, the merit requirements are redefined in proportion to the credits actually obtainable.

When determining the number of credits required for the additional semester, a redefinition is also carried out taking into account the number of credits assigned in the final exam.

The tables containing the credits required for the "standard scholarship application" have therefore been prepared on the basis of the provisions of the aforementioned decree and can be consulted in Appendix A2.

Students with a disability rating of 66% or greater or recognized as having a disability pursuant to Article 3, paragraph 1 or paragraph 3 of Law 104/1992 must refer to the credit table in Appendix C.

Art. 15 paragraph 2.3 MERIT REQUIREMENTS FOR THE STANDARD APPLICATION with PART-TIME ENROLLMENT

The table containing the credits required for part-time enrolment in undergraduate, graduate and single-cycle degree courses can be consulted in Appendix B, in accordance with the provisions of the Regional Criteria⁵⁹.

Art. 15 paragraph 3 BONUS CREDITS

Students who fail to achieve the minimum credit thresholds indicated in Tables A2 and B, an integral part of this call for applications, by August 10, 2026, have the opportunity to benefit from "bonus" credits. These credits are accrued based on the year of study attended, starting from the year of first enrollment in a bachelor's or single-cycle master's degree program, and according to the following progressions:

1. Full-time enrolled students.
 - a. 5 bonuses: to request benefits for the second year;
 - b. 12 bonuses: to request benefits for the third year;
 - c. 15 bonuses: to request benefits for years after the third.
2. Students enrolled part-time.
 - a. 3 bonuses: to request benefits for the second year;
 - b. 6 bonuses: to request benefits for the third year.
 - c. 9 bonuses: to request benefits for the years after the third (single-cycle master's degree courses)

Once used, the bonus available to the student cannot be increased, but any remaining bonus portion can be used in subsequent years.

During enrollment in a master's degree program, no new bonus credits are earned. Therefore, students enrolled in subsequent years of master's degree programs can only benefit from any remaining, unused bonus credits (if enrolled on a part-time basis, they will have a maximum of 9 bonus credits available to them).

Students who earned their bachelor's degree abroad automatically have a residual 15 "bonus" credits.

Only students who earned their bachelor's degree from an Italian university outside of Piedmont must self-certify the number of remaining bonus credits in their application for benefits (indicate 0 residual bonus credits only if they were fully used during their previous degree program). Students who did not apply for a scholarship while enrolled in the degree program will be entitled to the maximum bonus credits accrued.

If you declare residual bonuses (between 1 and 15) and need to use them for the current academic year, EDISU will verify your degree with the relevant education institution.

For all students, the bonus will be automatically awarded in the appropriate number to meet the minimum merit requirement. Any bonus credits used against the available bonus number will be visible in the ranking.

Please note:

1. Bonus credits can only be used to reach the minimum merit thresholds for access to the competition (Standard Application), cannot be used to achieve the merit required for Confirmation of Merit Benefits;
2. students enrolled in master's degree courses who were enrolled in degree courses belonging to the old system do not can benefit from bonuses;
3. Bonus credits are valid only in the year in which they are used and will not be counted as earned credits in subsequent years.
Please note that the "bonuses" are additional credits provided exclusively to allow students lacking some credits to access the competition for the 2026/27 academic year; they do not contribute to the calculation of the merit score or the calculation of the ranking score (Article 17, paragraph 2).
4. Bonus credits CANNOT be used to meet the merit requirements for the course for which the bonus is requested.
20% increase in the scholarship amount in case of enrollment in a subsequent year.

Please also remember that the bonus can only be used to apply for a year following the first; it CANNOT therefore be used to achieve the first-year merit (Article 13).

⁵⁹ Regional Criteria for the academic year 2026/27, Section VI, Article 3, Paragraph 7, for part-time enrollment

Art. 15 paragraph 4 TRANSFERS AND TRANSFERS

Students who:

1. course transfers within the same university
2. transfers between Piedmontese universities, or from a non-Piedmontese university

must submit the application as a subsequent year and must complete the specific sections "Transfer from Another University" or "Change of Internal Course" in the Merit section of the online application.

Changing programs within the same university or transferring from another university, even if not in Piedmont, does not constitute a career interruption. Therefore, following a change/transfer, the year of first enrollment will be considered the year of the previous program, and applications cannot be submitted as first-year applications, regardless of the program year in which the student is enrolled at the university or AFAM, as established by Ministerial Decree 1320/2021 and the Regional Criteria. For example, if students begin a career in a Nursing degree program at the University of Turin in the 2024/25 academic year and transfer within the 2026/27 academic year to the Biology degree program, even in the latter program, the year of first enrollment will be considered 2024/25 for the purposes of awarding the scholarship.

The same provisions also apply in the case of transferring from a bachelor's degree to a single-cycle master's degree and vice versa.

Merit requirements will therefore be calculated based on the year of initial enrollment: students must have earned the required number of credits by August 10, 2026, and at least the same number of credits must be validated following transfer. Credits earned before transfers and not validated will not be considered.

To be included in the final scholarship rankings of December 16, 2026, students must obtain credit validation by November 30, 2026. If validation is decided after this date, EDISU will verify that students have maintained the merit requirements.

Only the total credits provided by the universities will be considered valid; any discrepancies between the credits declared by students and those confirmed by the university must be clarified by the students at their home university.

If the credits are recognized:

1. by the time the application is submitted: students are required to declare it using the specific option available in the section "School data" > "Merit" of the online application;
2. after submitting the application, but by November 12, 2026: students are required to notify EDISU by filling in the appropriate section for data modification or complaint;
3. after November 12, 2026: students are required to promptly notify EDISU by opening a ticket as a user accredited.

When submitting their application, students must declare their approval or awaiting approval. It is the student's responsibility to inform EDISU as soon as the approval is obtained.

Students who have declared their change of course or transfer by 30 November 2026, for whom the validation procedure by the University has not been completed by 30 November 2026, will be "suspended" in the final rankings of 16 December and may be included in the ranking of 30 April 2027 if the required credits are validated by 2 April 2027. The scholarship award is subject to funding availability.

Art. 15 paragraph 5 RECOGNITION OF CREDITS (ABBREVIATION OF CAREER, SINGLE COURSES, PREVIOUS CAREERS)

Students who obtain:

- a. a career shortening⁶⁰, following the recognition of credits relating to qualifications obtained or exams taken at a Ateneo estero;
- b. the recognition of credits deriving from individual courses/teachings previously taken⁶¹;
- c. the recognition of credits from a previous career that ended following withdrawal, forfeiture, or recognition of credits earned as an incoming student hosted at a Piedmontese university with an international mobility project;
- d. Students wishing to receive credit for a single-cycle master's degree after graduation must declare this by accessing the "Validations" page available in the "School Data" section of the online application.

In the rankings, for EDISU purposes only, the academic year of first enrollment will be backdated based on the number of credits recognized, as described below: 1. Degree courses

- a. From 0 to 24 credits: no changes
- b. From 25 to 79 credits: backdated by one year
- c. From 80 to 134 credits: backdated by two years
- d. 135 or more credits: backdated by three years

⁶⁰ Regional Criteria 2026/27 Section V art. 3

⁶¹ Regional Criteria 2026/27 Section VI art. 1 c. 2

2. Master's degree courses
 - a. From 0 to 29 credits: no changes
 - b. From 30 to 79 credits: backdated by one year
 - c. 80 or more credits: backdated by two years
3. Single-cycle master's degree courses
 - a. From 0 to 24 credits no changes
 - b. From 25 to 79 credits: backdated by one year
 - c. From 80 to 134 credits: backdated by two years
 - d. From 135 to 189 credits: backdated by three years
 - e. From 190 to 244 credits: backdated by four years
 - f. From 245 to 299 credits: backdated by five years
 - g. 300 or more credits: backdated by six years

The above schedule is conditional on the ability to earn the credits required in the career plan. Otherwise, reference is made to the previous Article 15, paragraph 2, and to Appendix A2.

Credits recognized for various reasons (career shortening, single courses, previous careers) are added together for the purpose of evaluating the year of enrollment, even if the recognition occurred in an academic year prior to 2026/27.

Only the total credits provided by the universities will be considered valid. Any discrepancies between the credits declared by students and those confirmed by the university must be clarified by the students at their own university.

Credits obtained following an additional exam will be considered to have been entirely taken in Italy.

If enrolling in a single-cycle degree program following a bachelor's degree, students must have earned a minimum of 135 validated credits to apply for the scholarship and will be admitted to a fourth year of the program.

Please note that for students with a disability equal to or greater than 66% or recognized as disabled pursuant to Article 3, paragraph 1 and/or paragraph 3 of Law 104/1992, the number of credits validated is reduced pursuant to the following Article 29, paragraph 3.2.

If students, at the time of submitting the application, have already requested from their home university the shortening of their foreign academic career, the recognition of individual courses/teachings, or the validation of credits from a previous academic career that was closed due to withdrawal or forfeiture, they must declare this using the appropriate procedure in the "School Data" section of the online application. Otherwise, it remains the student's responsibility to inform EDISU.

If the credits are recognized:

1. by the time the application is submitted: students are required to declare it using the specific option available in the section "School data" > "Merit" of the online application;
2. after submitting the application, but by November 12, 2026: students are required to notify EDISU by filling in the appropriate section for data modification or complaint;
3. between 12 and 30 November 2026: students are required to promptly notify EDISU by opening a ticket as accredited user;
4. After November 30, 2026: Students are required to promptly notify EDISU by opening a ticket as an accredited user, but will not be affected in the 2026/27 academic year. In the 2027/28 academic year, however, the academic year of students' first enrollment will be backdated based on the number of credits recognized, and therefore the credits envisaged for that year will be required.

Changes may also occur following official checks during the academic year.

The aforementioned provisions also apply in the case of "early registration" starting from March 2026.

For the purpose of calculating the score, if the university does not assign a grade to validated exams, the average of the exams taken in Italy will be considered. If students have not taken exams in Italy, the average certified at the lowest grade of level C of the ECTS average for the course attended will be considered for the purpose of calculating the merit score. This average is communicated to EDISU by the University, which establishes it annually for each course of study.

Art. 15 paragraph 6 PARTICIPANTS IN INTERNATIONAL MOBILITY PROJECTS AY 2025/26

If students participated in an international mobility project in the previous academic year 2025/26, for the purposes of calculating merit requirements, EDISU takes into account only the credits formally recognized by the university at which they are enrolled.

1. If students are still awaiting validation when completing the application, they must indicate that they are awaiting recognition using the appropriate box available on the "Merit" page in the "School Data" section of the application, and declare their departure and return dates (or an approximate date if still on mobility). The procedure will automatically and temporarily add 5 credits to the self-certification of merit for every 30 days of stay abroad, and any remaining days, provided they exceed 15, will correspond to an additional 5 credits. Only the mobility period from October 1, 2025, to September 30, 2026, will be taken into consideration. For the purposes of calculating the score (Article 17, paragraph 2), the weighted average of the exams registered in Italy will be taken into account. If students have not taken exams in Italy, the average certified at the lowest level C of the ECTS average, communicated to EDISU by the University, will be considered.

Following the recognition of credits earned during the international mobility period, EDISU will calculate the actual merit requirements and, in compliance with the provisions of this announcement, will confirm or revoke any benefits awarded.

If the validation is dated after August 10, 2026 but the mobility period is between October 1, 2025 and September 30, 2026, the credits will be considered valid for the purposes of requesting benefits for 2026/27.

- 2. If students already have the recognition at the time of completing the application, and this was achieved by August 10, 2026, they must indicate that they have obtained the recognition, using the appropriate field available on the "Merit" page in the "School Data" section of the application, and declare the credits recognized when completing the self-certification of merit.
- 3. If students already have a validation at the time of completing the application, but with a date after August 10, 2026, they must select the relevant item and indicate the credits and score for the related validation. They do not, however, need to indicate them in the self-certification of merit. Students must calculate their merit score as indicated in Article 17, paragraph 2, below.

ART. 16: METHODS AND DEADLINES FOR SUBMITTING THE APPLICATION

Art. 16 paragraph 1 APPLICATION SUBMISSION METHODS

Applications may be submitted starting July 22, 2026. The application procedures are indicated in Article 7, paragraph 1.1 (for students with SPID or CIE) and 1.2 (for international students with a Temporary Access Code 2026/27). International students with family units residing abroad must also follow the application procedures indicated in Articles 30 and 31.

Any event occurring after the application submission date (awarding of another scholarship or other financial aid, transfer to another university, withdrawal from studies, change of commitment from part-time to full-time or vice versa, inability to continue studies, withdrawal from enrollment, change of department or program, etc.) must be promptly reported and documented to EDISU, which will verify continued eligibility and take any necessary measures to revoke the benefits. Otherwise, EDISU reserves the right to take action related to the failure to notify. In the event of transfer to another non-Piedmontese university or withdrawal from studies after the publication of the final rankings and during the academic year, the benefit awarded or the eligibility status will be revoked.

Art. 16 paragraph 2 DEADLINE FOR SUBMISSION OF THE APPLICATION

TYPE OF REQUEST	EXPIRATION
SCHOLARSHIP AND HOUSING SERVICE	SEPTEMBER 4TH AT 12:00 PM
SCHOLARSHIP	SEPTEMBER 4TH AT 12:00 PM

The online application must always be submitted by 12:00 noon on the deadline day. This procedure closes automatically at 12:00 noon on that day, and the countdown is reset.

After 12:00 PM, you will not be able to submit your application, even if the failure to submit is due to force majeure or third-party actions (e.g., problems with your internet connection or the device you are using).

Students submitting their application with a Temporary Access Code for 2026/27 will be able to submit it by 12:00 PM only after attaching the signed PDF of the application and a copy of a valid identity document.

It may take up to 6 hours from the request for the Temporary Access Code to its issuance by EDISU. Applicants must take this time into account when calculating the time required to complete and submit the application within the deadlines established by the call for applications, and assume full responsibility for this.

Art. 16 paragraph 3 TRANSFORMATION OF APPLICATION

If students submit their application for the following year for the additional semester of a bachelor's degree but enroll in a master's degree program by November 30th, they can inform EDISU through the dedicated complaint procedure by November 12th, providing the information relating to their master's degree program. The application will be converted into an application for the first year of a master's degree, if they meet the requirements. If students enrolled in a degree program in the 2023/24 academic year submit their application for the first year of a master's degree but do not enroll, they can inform EDISU through the dedicated complaint procedure by November 12th.

To be included in the rankings of December 16th or by April 2nd if the result was "suspended" in the rankings of December 16th. To be included in those of April 30th, 2027, indicating the data relating to the three-year degree course: the application will be converted into an application for subsequent years for the additional semester of the three-year degree, if they have not graduated by September 2026 and if they meet the merit requirements.

Students applying for a bachelor's degree program with enrollment prior to 2023/24 but who, following checks with the university indicated in the application, are enrolled in the first year of a master's degree program, will be included in the rankings for that program.

ART. 17 RANKINGS AND COMPLAINTS

Interested students should review the rankings using the methods indicated below, as no further communications will be sent.

The rankings will be published on your personal page in the Online Help Desk, in the "Scholarship" section, by clicking "Completed in Ranking List." Students who have requested both housing and a scholarship will need to consult two separate rankings: the first for housing, the second for the scholarship.

For each benefit requested, a provisional ranking will be published first, followed by a definitive ranking.

After the deadline for submitting scholarship applications, before the provisional scholarship ranking is published, and in the period between the publication of the provisional and final scholarship rankings, checks will be carried out with the universities to ensure that students are properly enrolled and meet the merit requirements. The provisional and final scholarship rankings will reflect the results of these checks.

The housing service rankings will be drawn up based on self-certified data from students.

Upon student request, in specific situations, checks may also be carried out when completing the application.

Furthermore, changes will be made automatically following checks carried out with the universities regarding the applicant's merit conditions.

No individual communications regarding the results of the competitions will be sent. The rankings can be consulted exclusively on your personal page in the Online Help Desk (by clicking "Ranking List" in the "Scholarship" section).

Art. 17 paragraph 1 CRITERIA FOR FORMULATION OF RANKINGS

For students enrolled in bachelor's, master's, and single-cycle master's degree programs, who enroll:

1. in years following the first with Confirmation of Merit Benefits (art. 15, paragraph 1.2)
2. in the first year of a master's degree with Confirmation of Merit-Based Benefits (art. 9 paragraph 1)
3. in years following the first with a Standard Application (art. 15, paragraph 1.1)

The scholarships are distributed as established in Article 1, paragraph 4.

The rankings are drawn up according to the following procedures and in the following order of priority:

1. Confirmation of Merit Benefits for years following the first (also including additional semesters). The ranking is ordered by decreasing score and divided by University, without distinction by level or department. In the event of equal scores, Priority will be given to students with a lower ISEE (equivalent ISEE for non-EU international students with families residing in a non-EU country). If the ISEE is the same, younger students will have priority.
2. Confirmation of Merit Benefits for the first year of a master's degree. The ranking is ordered by lowest University ISEE (ISEE Parificato for non-EU international students with family residing in a non-EU country) in ascending order and divided by University, without distinction by department. If the University ISEE is the same, younger students have priority.
3. Standard application for years following the first. The rankings are divided by University, level, and department, then ordered in descending order of scores. In the event of equal scores, priority is given to students with a lower ISEE Universitario (ISEE Parificato for non-EU students with families residing in a non-EU country). In the event of equal ISEE Universitario, priority is given to students with a lower ISEE Universitario (ISEE Parificato for non-EU students with families residing in a non-EU country). Priority given to younger students.

For students enrolled in part-time degree programs, the score is calculated by multiplying the actual score by the coefficient of 1.53 already applied to identify the minimum merit requirements compared to those required by the Prime Ministerial Decree of 9 April 2001 for full-time enrollment.

For information on doctorates and specialist schools, please refer to Section VI.

If all students in the above categories are successful, any excess resources will be allocated to the first years.

The housing service rankings are drawn up using the same methods as those used for the scholarship, in order to distribute for each location, among the Universities, the bed spaces indicated in the competition notice maintaining the same percentage in relation to those eligible, guaranteeing at least one bed space per University.

If students change course locations after the final housing service rankings or the transition rankings are published, they will be placed at the end of the final or transition rankings for the new course location. If there are multiple students who must be placed at the new course location, the placement order will be based on the date and time the student communicated the change of course location.

Art. 17 paragraph 2 MERIT SCORE AND RANKING

The merit score is based on the students' academic career and is obtained by multiplying the credits by the grade of each exam and adding all the resulting partial scores.

The ranking score is used to determine the position of students in the ranking and is obtained by dividing the merit score by the number of years of enrollment the students have had, minus one (in the case of the second year, the merit score remains unchanged, in the case of the third year it is divided by two, in the case of an additional semester by three, etc.).

Exams with a grade not expressed in thirtieths ("passed", "passed", etc.) are assigned a grade equal to the weighted average calculated on the other exams with numerical grades.

Honors are not considered in the calculation of scores.

a. Example of calculating the merit score on 3 exams:

Vote		Cfu		Partial	
26	×	10	=	260	+
23	×	9	=	207	+
30	×	8	=	240	=
				707	Merit score

b. Example of calculation of the merit score on 4 exams, including one pass without a grade:

Vote		Cfu		Partial	
26	×	10	=	260	+
23	×	9	=	207	+
30	×	8	=	240	+
Fitness	×	12	=	?	=
				?	Merit score

Consider exams with grades and:

1. Add the partial scores obtained to obtain the merit score: $260 + 207 + 240 = 707$

2. Add the credits: $10 + 9 + 8 = 27$

3. Calculate the average (score ÷ cfu): $707 ÷ 27 = 26.18$

Now consider eligibility without a grade:

4. To calculate the partial suitability score, multiply the number of suitability credits by the average obtained (to be calculated for each suitability): $12 \times 26.18 = 314.16$

5. Add the result to the merit score obtained in the first step: $707 + 314.16 = 1,021.16$

Art. 17 paragraph 3 PROVISIONAL RANKINGS

In the provisional ranking, 2 outcomes are possible.

- Eligible:** students meet the requirements set out in the announcement and must therefore wait for the ranking to be published. definitive.
- Excluded:** Students who do not meet the requirements set out in the call for applications or have made material errors while completing the application. If the errors can be corrected during the appeal process, the appropriate wording "correctable upon appeal" will be indicated. If students fail to remedy their exclusion during the appeal process against the provisional ranking, they will be excluded from the benefit.

Regarding students who have won or been assigned a place in an EDISU residence and are excluded from the provisional scholarship rankings, if:

- do not intend to file a complaint, they must vacate their accommodation within 3 working days of the publication of the provisional scholarship ranking and pay the daily fee of €8.18 for the period of their stay in the residence;
- submit a complaint, they must do so in the manner indicated in art. 7, paragraph 6 and within the deadlines indicated in paragraph 6 of this article.

Art. 17 paragraph 4 COMPLAINTS

Students excluded from the provisional rankings, or eligible students who need to modify their information, may submit a complaint using the methods indicated in Article 7, paragraph 6 (online procedure) and by the deadlines indicated in paragraph 6 of this Article. The outcome of the complaints will be available upon publication of the final rankings.

Students who do not wish to accept the requested housing service must submit their refusal by September 16, 2026 (12:00 PM), completing the appropriate online form. Otherwise, if they are awarded housing and a scholarship, they will receive the amount corresponding to the "Commuter Student" category.

Art. 17 paragraph 5 FINAL RANKINGS

In the final ranking, 4 outcomes are possible.

1. **Winner:** Students meet the requirements set out in the call for applications and are entitled to the requested benefits.
 - a. Winners of the housing service must accept it online using the methods indicated in Article 33, paragraph 1;
 - b. Scholarship winners must follow the provisions set forth in Article 17, paragraph 1.
2. **Eligible:** students meet the requirements set out in the call for applications, but cannot benefit from the requested benefit due to exhaustion of available resources.
 - a. Those eligible for housing services must complete the online Declaration of Interest using the methods indicated in Article 33, paragraph 2;
 - b. those eligible for the scholarship must follow the provisions indicated in art. 5. Following any allocation of new funds, will be included in a new ranking and will be able to benefit from the requested benefit.
3. **Suspended:** Students who do not meet the requirements due to the following 2 reasons will be included in the final December scholarship rankings with the "suspended" status:
 - a. students who, as of November 30, 2026, are not regularly enrolled in the 2026/27 academic year;
 - b. students who have requested validation (for changing courses or transferring from another university, or for the recognition of credits from courses previously taken in Italy or abroad) and for whom the universities are unable to proceed with the validation decision by November 30, 2026.

These students will compete in the provisional rankings of March 19, 2027, and the final rankings of April 30, 2027.

4. **Excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the application.
Students who have been awarded or assigned a place in an EDISU residence but are excluded from the final scholarship rankings must vacate their place within 3 working days of the publication of the final scholarship rankings and pay the daily fee of €8.18 for the duration of their stay in the residence.

Pursuant to the Catering Regulations, students who are suspended from the final scholarship ranking list, or who are excluded or suspended for reasons related to failure to complete their enrollment, will also have their catering service suspended until they complete their enrollment. To have the service reactivated, these students are required to notify their enrollment by opening a special ticket.

Art. 17 paragraph 6 DATES OF PUBLICATION OF THE RANKINGS AND DEADLINES OF FILING OF COMPLAINTS

Type of benefit	RANKING PROVISIONAL	COMPLAINTS	FINAL RANKING
HOUSING SERVICE	September 11, 2026 ore 12:00	From September 11 to 16, 2026 ore 12:00	September 25, 2026 ore 12:00
SCHOLARSHIP	October 21, 2026 ore 12:00	From October 21st to November 12, 2026 ore 12:00	December 16, 2026* ore 12:00

*Students with a "suspended" result in the rankings of 16 December 2026 pursuant to the previous paragraph 5 will be included in the Students who have been placed on the provisional rankings of March 19, 2027, and the final rankings of April 30, 2027, may submit a complaint from March 19, 2027, to April 2, 2027, at 12:00 p.m. Students with a "suspended due to filter semester" status in the rankings of December 16, 2026, who do not enroll in either a "filter semester" course or a "similar course" will be placed on the April 16, 2027, rankings and will be included in the April 30, 2027, rankings.

Students can check rankings published after this date by accessing their personal page using SPID or CIE. International students without Italian residency must request a Temporary Access Code.

Interested students may appeal against the final ranking results to the Piedmont Regional Administrative Court (TAR) promptly, and in any case within 60 days of publication.

They can also appeal to the Head of State within 120 days of publication.

Art. 17 paragraph 7 20% INCREASE IN THE SCHOLARSHIP AMOUNT FOR ENROLLMENT IN SECOND COURSE

Article 6 of Ministerial Decree 1320/2021 provides that students simultaneously enrolled in multiple programs may obtain and maintain a scholarship, increased by 20%, provided they meet and maintain the merit requirements set forth in the decree for the entire duration of their programs. The increase is not due if the student no longer meets the scholarship requirements. Nor is it paid if the student no longer meets the requirements for the increase.

The request for a 20% increase must be submitted when completing the scholarship application, in the "School Data" section, or it can be added via the "Second Degree Course" data change request. The data change request must be submitted by the scholarship application deadline. Registration for the second degree course must be completed by October 30th for first-year students included in the November 9th ranking, or by November 30th for all other students.

Students applying for a scholarship with full-time enrollment for a year after the first may apply for a tuition increase for a first year of the course or for a subsequent year, equal to or lower than the one for which the scholarship is requested, with full-time enrollment (e.g., a scholarship applicant for a second year may request a tuition increase for a first or second year of the course but not for a third).

If the increase is requested for a subsequent year, the merit requirements as of August 10, 2026, referred to in the previous article 14, cannot be achieved using bonus credits.

Students enrolling in the "filter semester" of the Medicine and Surgery, Dentistry and Dental Prosthetics, and Veterinary Medicine courses CANNOT select a related or other course as a second course and must follow the provisions of Article 9, paragraph 3 of this announcement.

ART. 18 AWARDING OF THE SCHOLARSHIP

Art. 18 paragraph 1 PERIOD OF PAYMENT

Scholarship winners receive the benefit, according to the total amounts indicated in Article 5, in two installments:

1. the first installment, equal to 50% of the total amount, will be paid starting from the end of December 2026;

The first installment will be paid starting from the end of December 2026 if students communicate their SEPA IBAN by December 14, 2026.

If students communicate their IBAN by April 13, 2027, the first installment will be paid starting from the end of April 2027.

For students suspended in the December rankings and ranked as winners in the April 30, 2027 rankings, the first installment will be paid starting from the end of May 2027 if students communicate their IBAN by May 10, 2027.

Subsequent payments of the first installment are scheduled to coincide with the disbursement period of the second installments.
No ad hoc payments will be made to students who enter their IBAN late.

2. The second installment, equal to the remaining 50% of the total amount, will be paid starting from the end of June 2027, with credit to the IBAN starting from mid-July 2027 for IBANs entered by June 30, 2027.

The second scholarship installment will be paid automatically, subject to verification that the student still meets the academic requirements. If students change programs or transfer during the academic year, it is their responsibility to ensure that this change does not result in the loss of the merit requirements set forth in this announcement. To this end, students must verify with their new academic institution that their credits have been recognized and that they still meet the requirements for accessing and maintaining the benefits.

There are no additional merit requirements beyond those required for the scholarship application, and therefore a self-certification of merit is not required for the second installment.

Possible 20% increase in the amount: 50% on the first installment, with payment separate from the scholarship installment and 50% on the second installment, subject to verification of achievement of the 20 credits in the case of first-year enrollment, with payment separate from the scholarship installment.

If enrolling in the first year of the program for which the increase is requested, to receive the second portion of the increase along with the second installment of the scholarship, students who earn the 20 credits by May 31, 2027, must also self-certify them by June 8, 2027, as required by Article 13, paragraph 4. Otherwise, EDISU will conduct official checks in November 2027 and, if successful, the increase will be paid in December (the appropriate document will be prepared at the end of November, together with the checks for the second installment of the first-year scholarship).

Students awarded scholarships for an additional semester will receive a single installment at the end of December 2026, which can be continued even if the students do not graduate by March 31, 2027.

If you fail to provide your IBAN by December 31, 2028, your installments will no longer be due.

Please note that payment of the instalment means the start of the administrative process, which concludes the following month with the payment by EDISU to the credit institution indicated in the IBAN provided by the students.
The amount may therefore be available on the current account in the month following the disbursement, based on the timeframes of the individual credit institutions.

Winners may receive the scholarship exclusively through a bank account or prepaid card with a SEPA IBAN, owned or jointly owned by the students. Postal savings accounts are excluded. For more information on how to provide the IBAN, please refer to Article 7, paragraph 3.

Art. 18 paragraph 2 CASES OF SUSPENSION OF PAYMENT

Students who have outstanding debts that have arisen or become known after the publication of the final ranking, or who are currently paying their tuition fees in installments and are currently paying their outstanding debts to EDISU, will have their scholarship payments suspended until the debt is settled.

A similar suspension applies to students undergoing financial verification, merit verification, or forfeiture of benefits, including for previous academic years. This suspension also applies to students seeking international protection or stateless persons, and to students undergoing residence permit verification.

Art. 18 paragraph 3 REGIONAL TAX REFUND

Students in subsequent years who were awarded or eligible for a scholarship for the 2026/27 academic year in the final ranking and who paid the first installment of university fees at the time of enrollment may apply for a refund of the €140.00 regional tax online, in accordance with the Regional Tax Refund Regulations available on the EDISU website, by completing the appropriate procedure from January to June 2027.

The reimbursement will be granted only if the benefit is maintained; payment will be made after the second installment of the scholarship has been disbursed (Call for Applications for the Award of Scholarships, Housing Services, and Degree Award for the relevant academic year). Students enrolled in subsequent years who are "excluded" from the final scholarship ranking will not be entitled to a refund of the regional tax. Payment of this amount is mandatory for regular enrollment at the University.

Reimbursement must be requested through the dedicated online procedure. For further information, interested students are invited to refer to the page Services > Scholarships and other contributions > REGIONAL TAX FOR THE RIGHT TO UNIVERSITY EDUCATION.

Students enrolled at the Polytechnic University of Turin in subsequent years are not required to complete the regional tax refund request, even if they have received an EDISU scholarship. Any regional tax refunds are handled by the University itself. For further information, please contact your local office.

For further information on the regional tax refund, please refer to the relevant Regulation.

The regional tax refund will not be granted to: students subject

- to scholarship revocation
- students who will be EXCLUDED in the final rankings
- students who drop out of school after the enrollment deadline

ART. 19 ACCEPTANCE OF HOUSING SERVICES IN SUBSEQUENT YEARS

Detailed provisions regarding acceptance of the housing service are available in Article 33.

SECTION V

DEGREE PRIZE

ART. 20 ACCESS REQUIREMENTS AND AMOUNTS

In the event that funds are available after the scholarships have been awarded to all students in possession of the requirements, the application procedure for the degree award will be made available to students in possession of the requirements set out in the following paragraph 162 .

If funds are not available, a notification will be made on the EDISU website.

Art. 20 paragraph 1 ACCESS REQUIREMENTS

The degree award can be requested by students who:

1. have won the scholarship awarded by EDISU Piemonte in the previous academic year 2025/26 and
2. have obtained the qualification in the last regular year of the course of study within the extraordinary session of the academic year 2025/26, i.e.

The last session available to be considered graduates in the 2025/26 academic year by your university.

The graduation award is incompatible with the scholarship for the additional semester.

Students who have already received the scholarship for the additional semester for the 2025/26 or 2026/27 academic year cannot apply for the degree award.

Art. 20 paragraph 2 AMOUNT

The degree award is equal to half the net scholarship amount for the 2025/26 academic year, minus the cost of housing, even if this has been paid out for students who received a scholarship from outside the city. The deducted housing cost is €2,700.00, net of any scholarship supplement for enrollment in the second program.

ART. 21 SUBMISSION OF THE APPLICATION: METHODS AND DEADLINE

The application for a degree award must be completed and submitted exclusively online using the dedicated procedure activated on the personal page of the Student Online Help Desk:

From May 4th to June 3rd 2027 at 12:00 PM

The submission of a new university ISEE or any new consular documents is not required.

ART. 22 RESULTS AND COMPLAINTS

Students must verify the outcome of their application by consulting the results published on their personal page of the Online Help Desk, in the "Degree Award" section, by clicking "Processed in ranking." The provisional results will be published first, followed by the final ones.

No individual communications regarding the results of the competitions will be sent. The results can be consulted exclusively on your personal page in the Online Help Desk (by clicking "Elaborata in ranguatoria" in the "Graduation Award" section) and at the EDISU Help Desks.

Art. 22 paragraph 1 PROVISIONAL RESULTS

There are two possible provisional outcomes:

1. **Eligible:** Students meet the requirements set out in the announcement and must therefore wait for the final results to be published.
2. **Excluded:** students do not possess the requirements requested by the announcement or have made material errors during the compilation of the question.

Art. 22 paragraph 2 COMPLAINTS

Students with a provisional "excluded" result may submit a complaint using the procedures indicated in Article 7, paragraph 6, and within the deadlines indicated in paragraph 4.4 of this Article.

After the application deadline, before the provisional results are published, and in the period between the publication of the provisional and final results, checks will begin with the universities to verify compliance with the requirements set out in paragraph 1 of this article. The provisional and final results will reflect the outcome of these checks.

Art. 22 paragraph 3 FINAL RESULTS

There are two possible final outcomes:

- ¹ **Winner:** Students meet the requirements set out in the announcement and are entitled to receive the graduation award.
- 2. Excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the request.

Art. 22 paragraph 4 DATES OF PUBLICATION OF THE RESULTS AND DEADLINES FOR SUBMISSION OF THE COMPLAINTS

PROVISIONAL RESULTS	CLAIM	FINAL RESULTS
June 15, 2027	From June 15 to 25, 2027	July 9, 2027

ART. 23 PAYMENT

The graduation award will be paid starting from the end of July 2027.

Please note that "disbursement" refers to the act by which EDISU arranges payment. The actual availability of the funds in the student's current account or credit card will therefore occur within the following business days, based on the technical timeframes of the individual credit institutions.

If you fail to provide your IBAN by December 31, 2028, your installments will no longer be due.

Winners may receive the degree award exclusively through a bank account or prepaid card with an Italian IBAN, owned or jointly owned by the students. Postal savings accounts are excluded. For more information on how to provide the IBAN, please refer to Article 7, paragraph 3.

Disbursements will be made according to the above-mentioned timeframes only if students provide their IBAN by July 10, 2027.

Art. 23 paragraph 1 CASES OF SUSPENSION OF PAYMENT

Students who have outstanding debts that have arisen or become known after the publication of the final results, or who are currently paying their outstanding debts to EDISU, will have their degree award suspended until the outstanding debt is settled.

A similar suspension applies to students undergoing financial verification, merit verification, or forfeiture of benefits, including for previous academic years. This suspension also applies to students seeking international protection or stateless persons, and to students undergoing residence permit verification.

SECTION VI

DOCTORATES AND SPECIALIZATION SCHOOLS

ART. 24 WHO CAN APPLY: ACCESS AND MERIT REQUIREMENTS AND ECONOMIC

This section is aimed at students who enroll, in the academic year 2026/27, in a first year or a year after the first of the courses listed below⁶³:

- 1. doctoral courses, which do not benefit from scholarships;
- 2. Specialization schools, lasting at least two years, excluding medical schools as per Legislative Decree 368/1999.

The following lists the admission and merit requirements for participation in the competition, the application deadlines (Article 25), the publication dates of the rankings (Article 26), the timeframe for grant disbursement (Article 27), and provisions for non-resident students (Article 28).

Students enrolled in doctoral and graduate school programs cannot apply for housing, only for scholarships.

Art. 24 paragraph 1 ACCESS REQUIREMENTS

Both in the first years and in the subsequent years, in addition to the economic requirements (art. 6 and Section VII Specific Provisions for Students international - and subsequent paragraph 3), only admission or enrollment in the doctoral course or specialization school is required, which will be verified during the preparation of the provisional and final scholarship rankings.

Art. 24 paragraph 2 MERIT REQUIREMENTS

In addition to the financial requirements (Article 6 and Section VII Specific Provisions for International Students - and subsequent paragraph 3) and access requirements (paragraph 1 of this Article), for years following the first, no further merit requirements are required for access to the rankings except for admission to the year for which the scholarship is requested.

Course registration must be completed by the deadline for submitting complaints.

The scholarship will be revoked if students withdraw from the doctorate during the academic year or request a freeze or suspension of their studies in the 2026/27 academic year.

If the student has regularly frozen or suspended⁶⁴ his/her university career in previous academic years, the period of freezing/suspension will not be considered if no career action was carried out during the same period.

To this end, EDISU will modify the students' enrollment year so that the suspension period does not negatively impact the calculation of merit requirements. Students must:

communicate the freezing of your previous career by opening a ticket.

Art. 24 paragraph 3 ECONOMIC REQUIREMENTS

Students enrolled in doctoral programs and specialization schools have the option of requesting the ISEE calculation according to the ordinary rules (with a request for the ISEE Doctorate) or ISEE Parificato, or of making an explicit request to the CAAF for the release of the ISEE Doctorate restricted core (Article 6, paragraph 4).

STUDENTS	RESIDENT IN ITALY	RESIDENT ABROAD
WITH ITALIAN CITIZENSHIP	ISEE Doctorate/Restricted Core	Consular documentation pursuant to art. 6, paragraph 5, to obtain the ISEE Parificato calculation from EDISU Piemonte. This also applies to married students registered with AIRE.
WITH EU OR NON-EU CITIZENSHIP UE	ISEE Doctorate/Restricted Core	Consular documentation pursuant to Article 30, paragraph 3, to obtain the ISEE Parificato calculation from EDISU Piemonte.
STATELESS PERSON OR HOLDER OF INTERNATIONAL PROTECTION	ISEE Doctorate/Restricted Nucleus The family nucleus for ISEE purposes will be identified based on the anagraphic family status to which the applicant belongs.	

⁶³ D.M. 224/99. DM 1320/2021

⁶⁴ Regional Criteria academic year 2026/27 Section II point 6

The ISEE Doctorate certificate must be signed and issued starting January 1, 2026. Please note that, to be considered valid for the purposes of the competition, the ISEE certificate must apply to the applicant for doctoral programs or, alternatively, be valid for a restricted group of students, should the applicant wish to benefit from it. The certificate must also be free of any omissions/deficiencies (Article 6, paragraph 1).

Please note that to take advantage of the "Nucleo Ristretto" option, interested students must sign the DSU to issue the ISEE certificate as declarants. Please note that, in the case of married students, the spouse and children (if any) are also included in the family unit for the "Nucleo Ristretto" certification.

Please note that international students may submit the ISEE doctorate/PhD certificate with the "restricted core" option only if, at the date of application submission, they have already taken up residence in Italy (Article 6, paragraph 1).

Students enrolled in doctoral programs or specialized schools cannot apply for the benefits as independent students referred to in the previous article 6, paragraph 1.5. This condition applies only to the University ISEE and not to the Doctorate ISEE.

Please note that requesting the ISEE parificato (equivalent ISEE) according to the standard rules excludes the use of the ISEE Dottorato (Doctoral ISEE) and the Nucleo Ristretto (Restricted Unit) option. For the consular documentation required to request their release, please refer to Articles 30 and 31 of this announcement.

Please note that if students are resident in Italy while their spouses and/or children reside abroad, they will need to request an ISEE (Equivalent Economic Situation Indicator) for the Doctorate/restricted household that includes the applicant, and then complete the financial information for members residing abroad by requesting an ISEE (Equivalent Economic Situation Indicator) certificate. In this case, to complete the application for benefits, it will be necessary to submit both certificates, as well as the consular documentation for the household members residing abroad (Articles 30 and 31 of this Call).

If non-EU or EU international students residing in Italy qualify for the ISEE Doctorate or ISEE with restricted household option, they must consider only themselves (and any spouses and minor children) in the online application process. Therefore, the type of scholarship will depend on their registered residence in Italy (Article 4 of this announcement). The ISEE Doctorate application is reserved exclusively for Italian residents; for non-residents, please refer to the provisions of Articles 30 and 31 below.

International students from outside the EU and the EU who need to obtain a parified ISEE calculation must refer to Articles 30 and 31 of this Call for Applications.

ART. 25 METHODS AND DEADLINES FOR SUBMITTING THE APPLICATION

Art. 25 paragraph 1 APPLICATION SUBMISSION METHODS

Applications may be submitted starting October 28, 2026. The application procedures are indicated in Article 7, paragraphs 1.1 (for Italian students with SPID or CIE) and 1.2 (for international students not residing in Italy).

International students whose family unit resides in a non-EU or EU country must also follow the application procedures indicated in Articles 30 and 31.

There are no accommodations available for students enrolled in doctoral programs and graduate school. Therefore, non-resident students must apply for scholarships only.

Students must submit their application by the deadlines indicated in the following table, even if they are not yet regularly enrolled at the time of submitting the application.

Art. 25 paragraph 2 DEADLINES FOR SUBMISSION OF THE APPLICATION

EXPIRATION

November 27, 2026, 12:00 PM

Students who have already applied for the additional semester of a master's degree or single-cycle master's degree can still request benefits for the first year of their doctoral program/specialization program. If they are awarded a scholarship, they will receive one installment for their master's degree and two installments for their doctoral program/specialization program. To apply, these students must open a ticket by November 27, 2026, attaching an identity document, indicating the university and program, along with its duration.

The online application must always be submitted by 12:00 noon on the deadline day. This procedure closes automatically at 12:00 noon on that day, and the countdown is reset.

After 12:00 PM, you will not be able to submit your application, even if your failure to submit is due to force majeure or the actions of third parties (e.g., problems with your internet connection or the device you are using).

For international students not residing in Italy who submit their application with a Temporary Access Code, submission by 12:00 PM will be possible only after attaching the signed PDF of the application and a copy of a valid identity document.

Art. 25 paragraph 3 CHANGES TO DATA AND REQUESTS SENT VIA THE WEB WITHIN THE APPLICATION DEADLINE

After submitting the application online, the data entered can be modified, exclusively online, until 12:00 noon on the application submission deadline, as indicated in the following paragraph 3. The data modification procedure remains unchanged from that set forth in Article 7, paragraph 5.1.

The same procedure for the "ISEE economic data" section, for the students referred to in this section, can be done through the presentation of a valid ISEE Doctorate or Restricted Unit certificate for the applicant for benefits, free of any omissions/deficiencies.

ART. 26 RANKINGS AND COMPLAINTS

Students must check the outcome of their application by consulting the rankings, published on their personal page of the Online Help Desk, in the "Scholarship" section, by clicking on "Processed in ranking."

A provisional ranking will be published first, then a definitive ranking.

Only after the application deadline, before the provisional ranking is published, and in the period between the publication of the provisional and final rankings, will checks be carried out with the universities to ensure that students are properly enrolled. The provisional ranking will reflect the results of these checks.

Furthermore, changes will be made automatically following checks carried out with the universities regarding the applicant's merit conditions.

No individual communications regarding the competition results will be sent. The rankings can be consulted.

exclusively within your personal page of the Online Help Desk (by clicking on "Elaborato in graduatoria" in the "Scholarship" section) and at the EDISU Help Desks.

Art. 26 paragraph 1 CRITERIA FOR FORMULATION OF RANKINGS

Pursuant to Article 1, paragraph 4, students enrolled in the first years of doctoral programs and specialization schools are eligible for 15% of the scholarships awarded to each university. The allocation is based on the number of first-year students applying for the scholarship. Rankings are drawn up by university, in ascending order, based on the students' ISEE (Equivalent Economic Situation Indicator) for the Doctorate. If the ISEE (Equivalent Economic Situation Indicator) for the Doctorate is equal, a younger student will be considered a preferential candidate.

As indicated in Article 1, paragraph 4, students enrolled in subsequent years of doctoral and specialization programs are eligible for 85% of the scholarships awarded to each university. The allocation is based on the number of students.

Scholarship applicants in the following year. Rankings are drawn up based on the student's home university, in ascending order, based on their ISEE (Equivalent Economic Situation Indicator) for the Doctorate. If the ISEE (Equivalent Economic Situation Indicator) for the Doctorate is the same, a younger student will be considered a preferential qualification.

Art. 26 paragraph 2 PROVISIONAL RANKINGS

In the provisional ranking, 2 outcomes are possible:

1. **Eligible:** students meet the requirements set out in the announcement and must therefore wait for the ranking to be published. definitive.
2. **Excluded:** Students who do not meet the requirements set out in the call for applications or have made material errors while completing the application. If the errors can be corrected during the appeal process, the appropriate wording "correctable upon appeal" will be indicated. If students fail to remedy their exclusion during the appeal process against the provisional ranking, they will be excluded from the benefit.

Art. 26 paragraph 3 COMPLAINTS

Students excluded from the provisional rankings may submit a complaint according to the procedures indicated in Article 7, paragraph 6, and within the deadlines indicated in the following paragraph 5.

Regarding the complaint procedure relating to financial data, please remember that the ISEE certificate for doctorates/PhDs with the "restricted core" option submitted must be valid.

Please note that if you submit a new ISEE certificate for a doctorate/PhD with the "restricted core" option for 2027 via a complaint, any scholarship amount will also need to be adjusted for the 2025 tax year.

The final rankings will reflect the results of any complaints submitted against the provisional rankings and any further checks with the Universities.

Art. 26 paragraph 4 FINAL RANKINGS

In the final ranking, three outcomes are possible:

1. **Winner:** Students meet the requirements set out in the call for applications and are entitled to the requested benefits. Scholarship winners must follow the provisions set forth in Article 27.
2. **Eligible:** students meet the requirements set out in the call for applications, but cannot benefit from the requested benefit due to exhaustion of available resources. Those eligible for the scholarship must follow the provisions set out in Article 5.
3. **Excluded:** students do not possess the requirements set out in the announcement or have not corrected the material errors through a complaint present in the application.

Any event occurring after the application submission date (awarding of another scholarship or other financial aid, transfer to another university, withdrawal from studies, inability to continue studies, withdrawal from enrollment, etc.) must be promptly reported and documented to the EDISU offices, which will verify that the requirements are met and take any necessary measures to revoke the benefits. Otherwise, EDISU reserves the right to take action in relation to the failure to notify. In the event of transfer to another non-Piedmontese university or withdrawal from studies after the publication of the final rankings and during the academic year, the benefit won or the eligibility condition will be revoked.

Art. 26 paragraph 5 DATES OF PUBLICATION OF THE RANKINGS AND DEADLINES FILING OF COMPLAINTS

Type of benefit	RANKING PROVISIONAL	COMPLAINTS	FINAL RANKING
Scholarship Doctorates and Schools of Specialization	March 19, 2027, 12:00 PM	From March 19 to April 2, 2027, at 12:00 PM	April 30, 2027, 12:00 PM

Since it is not possible to request housing, only provisional and final scholarship rankings are available. Students living away from home who have submitted a paid residence declaration will compete for the scholarship amount as non-resident students.

Art. 26 paragraph 6 SELF-CERTIFICATION OF PAID-IN ACCOMMODATION

Students living away from home are required to self-certify their residence fees in order to receive the appropriate amount, exclusively if they are awarded the scholarship in the final rankings (Article 5, paragraph 1.3). Otherwise, if they are awarded a scholarship, the amount provided for commuting students will be paid (Article 5, paragraph 1.2).

ART. 27 AWARDING OF THE SCHOLARSHIP

Art. 27 paragraph 1 PERIOD OF PAYMENT

Scholarship winners receive the benefit, according to the total amounts indicated in Article 5, in two installments:

1. the first installment, equal to 50% of the total amount, will be paid starting from the end of May 2027;
2. The second installment, equal to the remaining 50% of the total amount, will be paid starting from the end of June 2027.

Students receiving scholarships for an additional semester of a master's degree or single-cycle master's degree and in the first year of a doctorate/specialization school will be granted one installment for the master's degree and two installments for the doctorate/specialization school.

The first installment will be paid starting from the end of May 2027 if students communicate their SEPA IBAN by May 10, 2027.

Additional payments are expected to coincide with the disbursement period of the second installments.

If you fail to provide your IBAN by December 31, 2028, your installments will no longer be due.

Please note that payment of the instalment means the start of the administrative process, which concludes the following month with the payment by EDISU to the credit institution indicated in the IBAN provided by the students.

The amount may therefore be available on the current account in the month following the disbursement, based on the timeframes of the individual credit institutions.

Winners may receive the scholarship exclusively through a bank account or prepaid card with an IBAN in which the students are the holders or joint holders. Postal savings accounts are excluded. For more information on how to provide the IBAN, please refer to Article 7, paragraph 3.

Art. 27 paragraph 2 CASES OF SUSPENSION OF PAYMENT

Students who have outstanding debts that have arisen or become known after the publication of the final ranking, or who are currently paying their outstanding debts to EDISU, will have their scholarship payments suspended until the outstanding debt is settled.

A similar suspension applies to students undergoing financial verification, merit verification, or forfeiture of benefits, including for previous academic years. This suspension also applies to students seeking international protection or stateless persons, and to students undergoing residence permit verification.

Art. 27 paragraph 3 REVOCATION OF BENEFITS

EDISU will revoke benefits if, following checks carried out with the universities, it finds that the admission requirements are not met.

ART. 28 PROVISIONS FOR OUT-OF-RESIDENT STUDENTS

No accommodations are available for students enrolled in doctoral programs and graduate schools. Therefore, students awarded scholarships as non-residents will be paid the non-resident amount, if they are awarded a scholarship, if they submit a self-certification of paid accommodation from March 19, 2027, to April 9, 2027, at 12:00 PM, according to the procedures set forth in Article 8, paragraph 2.

Please note that, in the event of receiving the ISEE Doctorate and/or ISEE with restricted nucleus option, the non-resident status is subject to the registered residence of the students requesting the benefit, as regulated by Article 4 of this announcement.

SECTION VII

STUDENTS WITH DISABILITIES

ART. 29 SPECIFIC PROVISIONS

In addition to the provisions set forth in the previous articles, the following specific provisions apply to students with disabilities.

For the purposes of the competition, students with the following will be considered as students with disabilities:

- ¹ disability equal to or greater than 66%;
- ² recognition of disability pursuant to art. 3, paragraph 1 and/or art. 3, paragraph 3 of Law 104/1992.⁶⁵

Recognition of DSA does not constitute a qualification for falling within the specific provisions for students with disabilities.

When completing the application, students must attach a certificate attesting to their disability in the appropriate section (see the document "List of certifications to be attached to the application for students with a family unit composed of one or only one student, holders of international protection, and students with disabilities" available in the "Scholarships" > Attachments section of the EDISU website).

Students who do not yet have a disability certification at the time of submitting their application, and international students who have not yet obtained recognition from the Italian National Health Service, must attach the certification to the complaint procedure by November 12, 2026. Otherwise, they will not be considered students with disabilities for the purposes of the benefits referred to in this article.

This certification does not need to be attached if students have submitted it in previous academic years and it is of the "non-revisable" type.

For the "Contribution for students with a disability of 46% or more enrolled in targeted placement pursuant to Law No. 68 of 12 March 1999," please refer to Section X of this Notice. Please note that the scholarship referred to in this article is NOT compatible with the contribution referred to in Section X of this Notice.

Art. 29 paragraph 1 DURATION OF BENEFITS

Students with disabilities are granted benefits for their first enrollment, starting from the year of their first enrollment, according to the following durations:

Course type	Duration of benefits
Enrolled in degree courses	Four academic years plus a possible additional semester (ninth semester)
Students enrolled in single-cycle master's degree courses (legal duration 5 years)	Six academic years plus a possible additional semester
Students enrolled in single-cycle master's degree courses (legal duration 6 years)	Seven academic years plus a possible additional semester
Enrolled in master's degree courses ⁶⁶	Six academic years plus a possible additional semester (seventh semester)
Enrolled in a doctoral or graduate school	Number of years expected for the course of study

The durations indicated are expected and valid for both full-time and part-time enrollment.

Art. 29 paragraph 2 ECONOMIC REQUIREMENTS

The economic requirements are those indicated in Article 6. Furthermore, an increase in the equivalence scale by a value of 1.05 is foreseen.

Art. 29 paragraph 3 MERIT REQUIREMENTS

Art. 29 paragraph 3.1 MERIT REQUIREMENTS FIRST YEARS

For students with disabilities, the provisions regarding meeting the merit requirements for the disbursement of the second installment of the scholarship (Article 13, paragraph 1) and its possible revocation (Article 13, paragraph 10) do NOT apply.

⁶⁵ D.Lgs. 210/98. D.M. 1320/2021

⁶⁶ D.M. 509/99, D.M. 270/04.

Art. 29 paragraph 3.2 MERIT REQUIREMENTS FOR SUBSEQUENT YEARS

In addition to the financial requirements (Article 6), applicants must meet certain merit requirements when submitting their application. These requirements consist of obtaining the number of credits indicated in Tables C and C1 attached to the end of the competition announcement by August 10, 2026, determined based on the following parameters:

1. course level (bachelor's degree, single-cycle master's degree, master's degree);
2. type of enrollment (full-time or part-time);
3. academic year of student enrollment.

It is also necessary that these credits are regularly registered by your University with a date equal to or prior to August 10, 2026.

The following cannot be counted in the total credits:

1. credits deriving from educational debts;
2. credits for ongoing modules that require further integrations for the final grade;
3. credits for individual courses not recognized;
4. excess credits;
5. credits from the 24 credits/60 credits course for teacher training.

The score is determined by multiplying the ranking score, obtained as indicated in Article 2, paragraph 4 of Section 7, by a coefficient of 1.67, in compliance with the 40% reduction in the minimum credits required by Article 6 of the Prime Ministerial Decree of 9 April 2001, as established by Article 14, paragraph 2 of the same Prime Ministerial Decree.

Paragraph 3.2 point A Merit requirements with full-time enrollment

Ministerial Decree 1320/2021 established that "In the event that the course organization provides that the student can obtain fewer than 60 credits, the merit requirements are redefined in proportion to the credits actually obtainable."

The tables containing the credits required for students with disabilities have been prepared by reducing by 40% the credits present in Table A2, prepared on the basis of the provisions of the aforementioned decree, and can be consulted in Appendix C.

Paragraph 3.2 point B Merit requirements for part-time enrollment

The merit requirements for students enrolled on a part-time basis can be found in Appendix C1.

Art. 29 paragraph 3.3 BONUS CREDITS

If students enrolled in years subsequent to the first do not earn the minimum credits required to apply, they may use the bonus credits available to them in addition to the credits they actually earned. Further information is available in Article 15, paragraph 3.

Art. 29 paragraph 3.4 CONFIRMATION OF MERIT-BASED BENEFITS

Students can confirm merit-based benefits for 2026/27:

1. scholarship winners for the 2025/26 academic year;
2. who renew the request according to the methods and within the terms set out in Article 15.

Art. 29 paragraph 4 SCHOLARSHIP AMOUNT

Pursuant to Article 3, paragraph 4 of Ministerial Decree 1320/2021, students with disabilities are awarded a scholarship amount increased by 40% for each student category, to allow for the use of prosthetics and supports, as well as all interventions that facilitate the access to teaching.

The amounts, net of €150 as a contribution for the catering service and inclusive of the increase, are as follows:

	ISEE ≤ €13,153.12	€ 13.153,12 < ISEE ≤ € 17.537, 50	€ 17.537,50 < ISEE ≤ € 23.626, 00	€ 23.626,00 < ISEE ≤ € 26.306, 25
In office	4.503,16	3.896,22	3.086,98	1.873,11
Commuter	6.597,04	5.716,99	4.543,60	2.783,50
Out of office	11.395,49	9.889,55	7.881,64	5.380,00
Out-of-town guest of EDISU residence	8.695,49	7.189,55	5.181,64	2.680,00

Art. 29 paragraph 5 HOUSING SERVICE

Students with disabilities who request housing services are included in the rankings drawn up in accordance with Articles 11, paragraph 1 (first years), 16, paragraph 1 (subsequent years), and 26, paragraph 1 (PhD and specialization schools), without reservations.

Students are required to indicate their legal guardian, if present.

Upon submitting the application, students may request a bed for a companion. EDISU will evaluate, on a case-by-case basis, whether to assign a bed to the companion based on the NHS certification.

When accepting a place to stay, students must declare the type of disability they have and their residential living needs.

EDISU Residences have 60 beds reserved for the following types of disability for safety and emergency management purposes: self-sufficient (50 beds), non-self-sufficient with the presence of a companion (10 beds).

The accompanying person for a student with a disability who is not self-sufficient must be present in the facility with the students and may not be absent, even for work-related reasons. If the accompanying person does not certify to EDISU that they have appropriate training in managing evacuation procedures in the event of an emergency, they will be duly trained by EDISU.

No personal services are provided. Students requesting room cleaning or other services must pay the fee directly to the residence.

After the deadline for submitting the housing application, applicants will be contacted by the Housing Department for an informational interview.

If the student is unable to find a companion, they will not be assigned to an EDISU residence and will be eligible for the scholarship, including the cost of housing, if they certify their paid residence address according to the procedures and deadlines established in Article 8, paragraph 2 above. They will still need to complete the online acceptance procedure (if successful) or the declaration of interest (if eligible) and declare their status via ticket.

SECTION VIII

SPECIFIC PROVISIONS FOR INTERNATIONAL STUDENTS

ART. 30 CONSULAR DOCUMENTATION

After completing the online application (see Article 31), international students must submit the consular documentation described in the following paragraphs.

Art. 30 paragraph 1 INTERNATIONAL STUDENTS WHO DO NOT NEED TO SUBMIT CONSULAR DOCUMENTATION

The following categories of students are NOT required to submit consular documentation:

1. International students with a family unit entirely resident in Italy⁶⁷.

When submitting the application, they must possess only a university ISEE (Article 6). Please note that in this case, international students from outside the EU or the EU must submit their application using the same procedures as Italian students (Article 7).

2. Non-EU international students whose families reside entirely abroad and who apply for benefits for a year following their degree program and who were beneficiaries or users of EDISU Piemonte benefits/services in the 2025/26 academic year by submitting new financial documentation or by confirming financial data from the 2024/25 or 2023/24 academic years: these students may confirm financial data from previous years. Please note that confirmation of financial data submitted in the 2023/24 academic year is only permitted if they are enrolled in the additional semester of their degree program, and confirmation of financial data is never possible if they applied in the 2025/26 academic year as an independent student.

If the student's family, income, or financial situation has changed, it will not be possible to confirm their data.

3. Stateless students or students under international protection (see paragraph 5 below for further information).

Art. 30 paragraph 2 INTERNATIONAL STUDENTS WHO MUST SUBMIT THE CONSULAR DOCUMENTATION

Remember to make a COPY of your consular documentation before sending it to EDISU Piemonte, as you will need it for the university where you will be enrolling or registering. Also, save a copy in electronic format: this will protect you in case of loss and/or theft.

Students belonging to the following categories must submit the consular documentation indicated in this article in paragraph 3 and following:

1. Non-EU international students with family units residing abroad who enroll in a first year;
2. non-EU international students with family units residing abroad who enroll in a subsequent year and who were not beneficiaries or users of EDISU Piemonte benefits/services in the 2025/26 academic year;
3. non-EU international students with a family unit resident abroad who apply for the following year of a single-cycle master's degree course and who in 2025/26 have confirmed the data submitted in 2023/24;
4. non-EU international students who applied as independent students in the 2025/26 academic year;
5. EU international students with family units residing abroad.

The procedures for submitting the application and consular documentation are available in the following article 31.

Art. 30 paragraph 3 CONSULAR DOCUMENTATION

Please note: It is not necessary to use agencies or intermediaries to obtain, legalize, and translate the required documentation. Simply request documentation from your country's authorities that complies with the guidelines listed below.

EDISU urges you to be wary of offers to provide financial assistance, as these can pose a serious risk of fraud. Please note that EDISU carefully checks all submitted documentation and, if it is found to be falsified, will exclude you from benefits (or revoke them, if they have already been paid) and report the fraud to the competent authorities.

Students are also invited to read Appendices E and F, which provide further information on the essential financial documentation requirements and on specific cases and which form an integral part of the competition announcement.

The required consular documentation consists of original certificates or declarations relating to:

1. the composition of the family unit at the time of requesting student benefits, which includes the name, surname and date of birth of parents, brothers, sisters and other individuals who live in the same residence as the students.

Information on both parents must always be provided. If students are married, the family unit consists of the student, their spouse, their children, and any other cohabitants. The parents of the spouses must be included in the student's family unit only if they still reside with the student or if, despite their different residence, neither the student nor their spouse meet the requirements for independent status as set out in point 5 below.

2. to the total gross annual income earned abroad by each individual family member who is an adult as of January 1, 2026, including any siblings and the applicant for benefits. For the exchange rate applied, see Appendix E.
In the case of adult family members who have not exercised any activity in the reference year, the documentation must show that they were unemployed or unemployed for the requested year.
Students with EU citizenship must refer to the 2024 tax year for income earned abroad or documentation relating to unemployment status, while students with non-EU citizenship must necessarily refer only to the 2025 fiscal year;
3. The presence of movable assets (deposits, current accounts, savings books) of each individual member of the household who is an adult as of January 1, 2026. If a member of the household does not own any movable assets, relevant documentation proving this must be submitted. For this type of information only, it is possible to accept a notarized self-declaration or affidavit.
 - Students with EU citizenship must refer to December 31, 2024, for any assets held abroad or documentation relating to absence.
 - Students with non-EU citizenship must refer to December 31, 2025, with regards to assets held abroad or documentation relating to absence;
4. the presence or absence of real estate assets owned abroad for each individual family member who was an adult as of January 1, 2026. In the case of real estate assets (primary residence and/or other buildings), the certificate must specify the square meters of the same.

In the event of the absence of real estate assets, proof of ownership must be provided for each adult family member. Students with EU citizenship must refer
 - to December 31, 2024, regarding real estate assets owned abroad or documentation of ownership absence.
 - Students with non-EU citizenship must refer to December 31, 2025, with regards to real estate assets owned abroad or documentation of the absence of ownership;
5. Students wishing to qualify for independent student status, in addition to the documentation listed above, must submit certification proving earned income of at least €9,000.00 (or equivalent in foreign currency) for the 2024 and 2025 tax years and residency outside their family home (in a property not owned by a family member or other relative) for at least two years prior to the application submission date. When completing the online application, you will be asked to attach documentation proving the residency requirement.

Students are also invited to read Appendices E and F, which provide further information on the essential financial documentation requirements and specific cases and which form an integral part of the competition announcement.

The above documentation must be produced and certified by the competent authorities of your country: they will not be in Under no circumstances will we accept declarations, in the form of self-certifications or *affidavits* issued on the basis of original documentation produced and presented by students, or on the basis of simple declarations by students or other family members, with the exception of certificates proving the absence of movable assets, as per point 3 above.

Students are also invited to read Annexes E and F, which provide further information on the essential requirements of the financial documentation and on particular cases and which form an integral part of the call for applications.

In the event of loss or theft of consular documentation upon arrival in Italy, students must submit a copy of the report filed with the competent Italian authority, a copy of their passport, visa, or residence permit, and a copy of the consular documentation submitted. Only then can they submit the new documentation when filing a complaint for the requested benefit.

Art. 30 paragraph 3.1 Translation and legalization procedures

Certificates must be:

- a. issued by the competent authorities of the foreign country where the income and assets were generated;
- b. translated into Italian by an official translator;
- c. Legalized. The different forms of document legalization are:
 - Consular or diplomatic legalization: it is used for public documents drawn up in States where they do not find legality Application of the Hague Convention of 5 October 1961 or specific international exemption agreements; after legalization by the competent local authority, the document is authenticated by the Italian diplomatic or consular representation;
 - apostille: used for public documents issued in a state party to the Hague Convention of 5 October 1961; it completely replaces diplomatic or consular legalization;
 - total exemption (EU Regulation 2016/1191): certain categories of public documents (as well as the related multilingual standard forms) issued by a member country of the European Union and intended to be presented to the authorities of another member state are totally exempt from legalisation and Apostille.

Exemptions provided for by international conventions: further hypotheses of exemption from legalization derive from conventions multilateral or bilateral agreements in force between the states concerned. Among the main ones:

- Vienna Convention (1976): exempts from legalisation and translation multilingual extracts of civil status certificates (birth, marriage, death) issued according to the models provided for by the Convention and only between the member states;
- London Convention (1968): exempts from any legalisation the documents drawn up and issued by the diplomatic and consular representations of the signatory countries within the limits and under the conditions established by the same (e.g. many European countries).

In the event that students arrive in Italy with only documents in the original language⁶⁸, not translated and legalized by the Italian consular or diplomatic authority in their country of origin, they must follow the following procedure exclusively:

- have the documents certified and translated at your Embassy or Consulate General on Italian soil
- legalize documents at a prefecture⁶⁹.

Exclusively for students from countries where EDISU has identified proven difficulties in obtaining certifications or obtaining legalization by the local Italian Embassy, a certificate issued by the Embassy or Consulate of the country where the family resides containing the information listed above may be submitted. This certificate must be legalized at an office of the Italian Prefecture.

Documents must be translated and legalized by the competent authorities in 2026.

Translations and legalizations dated before January 1, 2026 will not be accepted.

For benefits whose expiry date allows it, starting from 1 January 2027 the integration of consular documentation can take place with certificates translated and legalised in the year 2027. These documents, however, must always refer to the EU (2024) and non-EU (2025) income and assets years, as detailed above.

The Italian translation of the consular document must be associated with the original document and inseparable from it.

Any separate translations that do not allow us to identify the correspondence with the original document or its legalization will be considered unsuitable during the evaluation process.

Please note that EDISU only takes official translations into consideration; any errors found in translations and reported by students through the ticketing system and/or other methods will not be taken into consideration. A new original copy with a new translation and legalization must be submitted by the deadlines for the requested benefit.

Art. 30 paragraph 4 STUDENTS FROM PARTICULARLY POOR COUNTRIES

Students from particularly poor countries must submit, as an alternative to the documentation indicated in paragraph 3 of this article, a certification from the Italian representative in their country of origin attesting that the students do not belong to a family known to be of high income and high social status; however, the composition of the family unit must be specified.

There are no scholarship or accommodation reserves for these students, except for the 15% reserve provided for non-EU students enrolled in the first years (articles 11 and 33).

The list of particularly poor countries, established by MUR Decree n°176/2026, is present in table D at the bottom of the notice⁷¹.

Art. 30 paragraph 5 STUDENTS HOLDING POLITICAL ASYLUM, INTERNATIONAL PROTECTION, TEMPORARY PROTECTION AND STATELESS PERSONS

Students with international protection must submit, as an alternative to the documentation indicated in paragraph 3 of this article, a residence permit indicating the type of international protection.

If a residence permit has not yet been issued, the nominative certificate issued by the Police Headquarters or the provision issued by the competent Territorial Commission recognizing the *status* of international protection, political asylum, or temporary protection may be submitted.

If international protection is denied (except for cases where the application is rejected due to manifest unfoundedness), students will be required to submit appropriate documentation certifying their appeal against the decision and, if applicable, a copy of the limited-term residence permit issued pending the court's decision. In this case, if their appeal is accepted, students will then be required to submit a copy of the residence permit issued to them, which highlights their international protection status, by opening a ticket in the "ISEE economic requirements" section.

Stateless students must submit, as an alternative to the documentation indicated in paragraph 3 of this article, a copy of the residence permit certifying their "*stateless status*" or, if they do not already have one, a certified copy of the judgment declaring their statelessness.

Students with international protection and stateless persons must have a university ISEE as regulated in Article 6, paragraph 1.1 of this announcement.⁷²

⁶⁸ Art. 3 DPR 445/00

⁶⁹ Art. 33, comma 2 DPR 445/00

⁷⁰ Prime Ministerial Decree of 9 April 2001, art. 13, paragraph 5

⁷¹ Ministerial Decree no. 115 of 28 February 2023.

⁷² Prime Ministerial Decree of 9 April 2001, art. 5

Students granted political asylum, international protection, temporary protection, or stateless status must have a university ISEE (Equivalent Economic Situation Indicator) that takes into account any income and assets generated and/or owned in Italy.

These students do not need to refer to their family of origin. For ISEE purposes, their family unit is the one residing in Italy, consisting of the applicant for the benefit and anyone else listed in the family status. Two exceptions apply:

- ^{1.} *in case of family reunification: the ISEE must include all members of the student's family status;*
- ^{2.} *In the case of family reunification in an EU country: consular documentation of the family unit, income, and assets must be submitted, as indicated in the following Article 30, paragraph 3.*

If other statuses are foreseen in addition to the one mentioned above, they will be taken into consideration for the purposes of evaluating the documentation.

There are no scholarship or accommodation reserves for these students, except for the 15% reserve provided for non-EU students enrolled in the first years (articles 11 and 33).

Students with international protection and stateless persons with registered residence in the same municipality as the course of study or in municipalities other than the one in which the course of study is based, which can be reached by public transport in less than 60 minutes,

Pursuant to Article 4, they are still considered *non-resident*. Therefore, they can request housing services and, by self-certifying paid accommodation (Article 8), they can compete for the scholarship amounts referred to in Article 5, paragraph 1.3. This provision does not

It applies to students under international protection and stateless persons who share the same residence as members of their family of origin (family reunification) if such residence is in the same municipality as the course of study or in municipalities other than the one in which the course of study is based, which can be reached by public transport in less than 60 minutes.

Art. 30 comma 6

INTERNATIONAL STUDENTS FROM OUTSIDE THE EU OR WITH PART OF THEIR FAMILY IN COUNTRIES DIFFERENT (EU/EXTRA-EU, EXTRA-EU/ITALY AND EU/ITALY)

Regardless of the residence of the family of origin, the submission of the application for benefits is subject to the citizenship of the students:

- If students are non-EU or EU citizens, they must follow the instructions in Article 31 regarding the submission and completion of the application;
- If students are Italian citizens, they must follow the instructions in Article 6, paragraph 5, and Article 7 regarding the submission and completion of the application. These guidelines also apply to students with dual citizenship who use their Italian citizenship.

If the family unit resides partly in Italy and partly abroad, students must have an ordinary ISEE (Equivalent Economic Situation Indicator), which must be submitted along with the consular documentation according to the established procedures and within the deadlines for requesting the benefit.

Please note that confirmation of financial information for the part of the family unit residing in Italy is NOT permitted under any circumstances. Therefore, students enrolled in a subsequent year who can confirm financial information, whose family unit resides partly in Italy and partly abroad, must submit an ordinary ISEE 2026 certificate regarding the income and assets of the family members residing in Italy. This certificate will be integrated with the financial and asset documents already held in the EDISU Piemonte archives.

In the case of multiple citizenships, the application procedure for benefits is determined based on the citizenship chosen upon enrollment at the Piedmontese University. Students must therefore apply for EDISU benefits using the same citizenship registered with their Piedmontese University.

If part of the family unit residing in Italy includes a member who generates income and/or owns assets, international students from outside the EU or the EU must indicate "family in Italy" in the online application. The type of scholarship will be awarded based on the registered residence of the student with the part of their family in Italy. Please see Article 4 of this call for applications for more information regarding the type of scholarship awarded to international students with part of their family in Italy.

Art. 30 paragraph 7 EU INTERNATIONAL STUDENTS

International EU students must submit the application online, attaching documentation translated and certified in accordance with current legislation⁷³ regarding the composition of the family unit, income earned in the 2024 tax year, and real estate and personal property assets, including average balance, as of December 31, 2024.

The accuracy of the documentation submitted with the benefit application will be evaluated by EDISU Piemonte, and students will be able to view the results through their personal online service page after the provisional rankings are published. If EDISU finds the documentation incomplete or incorrect, students may correct or supplement the submitted information by submitting a formal complaint, as set forth in Article 7, paragraph 6.1, and Article 31, paragraph 3.2 of this announcement.

⁷³ The Hague Convention of 5 October 1961, London Convention of 7 June 1968, Brussels Convention of 25 May 1987, REGULATION (EU) 2016/1191 of 6 July 2016, Convention between the Italian Republic and the Federal Republic of Germany on Exemptions from Legalization of Documents. Section V, art. 2, point 5, Regional Criteria 2026/27

Art. 30 paragraph 7.1 SPECIFICATIONS FOR CONSULAR DOCUMENTATION OF EU INTERNATIONAL STUDENTS

European international students are required to submit the consular documentation listed in the previous paragraph 3. In addition to the provisions of this paragraph, it is specified that the consular documentation submitted by European international students must:

- be translated into Italian by an official translator (self-translations will not be accepted);
- refer only to the 2024 tax year for the certification of income produced by members of the family nucleus;
- refer to the date of December 31, 2024 with regards to the certification relating to real estate assets and furniture of family members;

If students applying for benefits have been awarded an EDISU Piemonte scholarship in previous academic years, they must submit documentation relating to the bank account in their name used to receive the funds.

If family members of European international students reside, earn income, or own property in a non-EU country, the relevant consular documentation must be issued by the authorities and legalized in accordance with the legislation in force in the country in question.

European international students must submit consular documentation using the attachment procedure available when completing the online application. For further information, please refer to Article 31, paragraph 2.

Art. 30 paragraph 8 INTERNATIONAL STUDENTS ENROLLED IN A DOCTORATE COURSE OR SPECIALIZATION SCHOOL WHO MUST OBTAIN THE CALCULATION OF THE PARIFIED ISEE

Students enrolled in a doctoral program or specialization school who need to obtain an ISEE parificato calculation can find information regarding the necessary consular documentation:

1. in the previous paragraph 3 for non-EU international students;
2. in the previous paragraph 3 and paragraph 7 for EU international students.

ART.31 APPLICATION PROCEDURE FOR INTERNATIONAL STUDENTS (EXTRA-EU OR EU) WITH CONSULAR DOCUMENTATION

Consular documentation for non-EU students must be sent exclusively by registered mail or courier. Other methods of shipping or hand delivery are not accepted. EU students, however, must submit their consular documentation using the attachment procedure when completing the online application.

Students should therefore check the table below for information on how to submit the application for benefits and consular documentation to EDISU Piemonte, and consult the following paragraphs for more information on procedures and deadlines.

Art. 31 paragraph 1 NON-EU INTERNATIONAL STUDENTS

International students from outside the EU must submit their application for benefits according to the procedures described in the following paragraphs, each of which corresponds to a step in the procedure.

Art. 31 paragraph 1.1 OBTAINING CREDENTIALS FOR ACCESS TO THE ONLINE APPLICATION

1. **Students enrolled in their first year with an Italian entry visa for the 2026/27 academic year:** Students in this category must calculate their tax code if they do not already have one. Students will find information on how to calculate their tax code in the online registration process on the EDISU website.

After calculating their tax code, they must register on the EDISU website and request a Temporary Access Code for 2026/27.

2. **Students already residing in Italy but not registered as residents:** students in this category (enrolled in both first and subsequent years) must register on the EDISU website by requesting a Temporary Access Code 2026/27.
3. **Students already residing in Italy and in possession of registered residence in Italy:** students belonging to this category (both first-year and subsequent-year students) must have SPID or CIE credentials to access the EDISU website.

Art. 31 comma 1.2 ONLINE APPLICATION SUBMISSION

After obtaining the necessary credentials and logging into the online service, non-EU international students must submit an online application according to:

- a. the methods indicated in art. 7 paragraphs 1, 2 and 3;
- b. the following deadlines:
September 4, 2026, 12:00 p.m. for students enrolled in the first and subsequent years of bachelor's, master's, and single-cycle master's degree courses (Articles 10, paragraph 2, and 16, paragraph 2);
November 27, 2026, 12:00 p.m. for students enrolled in the first and subsequent years of doctoral programs and specialization schools (Article 25, paragraph 2).

Art. 31 paragraph 1.3 SENDING CONSULAR DOCUMENTATION TO EDISU

Students referred to in Article 30, paragraph 1, do not need to submit consular documentation. Students enrolled in subsequent years who can confirm the financial information submitted in previous academic years will be able to confirm their financial information within the online application process, in the "Financial Information" section.

Students referred to in Article 30, paragraph 2, after submitting the online application (Article 31, paragraph 1.2), must send the following documentation to EDISU Piemonte by registered mail or courier with proof of delivery:

- a. consular documentation (both the original language version and the Italian translation) relating to the composition of the family unit, income and assets produced/owned abroad by the students' family unit (Article 30, paragraph 3 and Annexes E and F);
- b. a copy of the official tax code issued by the Revenue Agency or the Italian Embassy in the country of origin;
- c. for the sole purpose of assigning the application, a copy of a valid identity document of the students is required.
The Smart Card issued by universities is not an identification document;
- d. Minor students must also attach the authorization form signed by a parent or legal guardian.
The form can be downloaded from the *documentation* section of the website www.edisu.piemonte.it.

The documentation must be sent to:

EDISU PIEMONTE
Via Madama Cristina 83 10126 TURIN

The envelope must indicate: 1.

surname and name of the students requesting benefits (necessarily in this order);

2. the wording "DC academic year 2026/27".

- Consular documentation sent to EDISU Piemonte must be original. Excepted are marriage, divorce/legal separation, or death certificates, as well as documents relating to the presence of movable assets, which may be submitted as photocopies;
- EDISU Piemonte is in no way responsible for any postal or international courier delays and cannot waive the deadlines indicated in this competition announcement;
If operators are unable to match the documentation to the applicant's application record due to a lack of identification or the absence of the applicant's surname and name on the envelope, the application will not be evaluated;
- Each student may only send their own documentation. Multiple shipments of packages containing documentation for multiple students will not be accepted, except in cases where two or more students are siblings.
- It is not possible to return original documentation received at the EDISU Piemonte offices under any circumstances unless a formal request to waive benefits is submitted.

Art. 31 paragraph 1.4 DEADLINES FOR SENDING CONSULAR DOCUMENTATION

A) Students enrolled in the first years of a bachelor's degree, master's degree, or single-cycle master's

degree program: All documentation must be received by EDISU by September 4, 2026, to apply for scholarships and housing. Students who fail to submit the required documentation by September 4, 2026, will be excluded from the provisional housing rankings, but may be included in the final housing rankings if they submit the required documentation by September 16, 2026.

The documentation must be received by EDISU by September 25, 2026 for scholarship applications only. If students

Students who do not submit the documentation by September 25, 2026, will be excluded from the provisional rankings but may be included in the final scholarship rankings if they submit the required documentation by November 12, 2026.

The evaluation of documents not received by September 4, 2026 (application for scholarship and housing) or September 25, 2026 (application for scholarship only) will not be published in the provisional ranking. However, if the documents are received by the appeals deadline, they will be published directly in the final ranking, without further appeals being possible. Therefore, students are encouraged to submit the required documents well in advance of the deadlines to ensure a provisional outcome and to address any deficiencies.

Students enrolled in a first year of a bachelor's degree or a single-cycle master's degree who submit the documentation by 12:00 p.m. on October 28, 2026, may also be included in the final scholarship rankings on November 9, 2026, if they are regularly enrolled at the University as of October 31, 2026.

If the consular documentation remains incomplete or inconsistent, students will view their negative evaluation on their personal online service page and will be able to complete the missing/inconsistent documentation by November 12, 2026, to be included in the final rankings of December 16, 2026.

Students who do not complete their enrollment by November 30, 2026, may also benefit from the extension of the deadline for university enrollment only, as per Article 11, paragraph 2. However, the required documentation must still be submitted by the aforementioned deadlines. Students who do not receive the documentation by this date will be permanently excluded from the final rankings.

NOVELTY

Application for a Study Visa (D Visa)

When completing the application, students must attach a scanned copy of their study visa (D visa) in PDF format to the appropriate section. If they do not yet have a visa at the time of submitting the application, they can submit their application by selecting the "I have requested a visa and I undertake to submit it by the deadline set out in the call for applications" option. Subsequently, in the Online Help Desk, under "Scholarships, Accommodation, and Meals," they must use the "Visa" procedure, according to the following deadlines:

Scholarship and housing service applicants

- by 12:00 pm on 8 September 2026, so that the visa is considered for the purposes of drawing up the provisional rankings of the housing service;
- from 11 September to 22 September 2026 at 12:00, so that the visa is considered for the purposes of drawing up the rankings definitive housing service.

Scholarship-only applicants excluded from the final rankings for the housing service

- by 12:00 pm on 19 October 2026, so that the visa is considered for the purposes of drawing up the provisional rankings of Scholarship;
- from 21 October to 4 November 2026 at 12:00, exclusively for first-year students of a bachelor's degree or single-cycle master's degree enrolled by 31 October 2026, so that the visa is considered for the purposes of drawing up the final scholarship rankings published on 9 November 2026;
- from 21 October to 30 November 2026 at 12:00, so that the visa is considered for the purposes of drawing up the final scholarship rankings published in December.

The visa must be submitted exclusively using the methods and within the deadlines indicated above. No other methods of submission are permitted, including submitting a paper copy along with the consular documentation or sending it via ticket.

Failure to submit the visa within the required timeframe will result in exclusion with the reason "Lack of visa".

Students who were suspended in the rankings of December 16, 2026, who complete their enrollment by April 2, 2027, and submit their visa online by the same date will be included in the final rankings of April 30, 2027, and may be included in a further ranking for the housing service, which will be published on the same date.

B) Students enrolled in subsequent years of a bachelor's, master's, or single-cycle master's degree program: The required documentation must be received by EDISU by September 4, 2026, to apply for scholarships and housing. Students who fail to submit the required documentation by September 4, 2026, will be excluded from the provisional housing rankings, but may be included in the final housing rankings if they submit the required documentation by September 16, 2026.

The documentation must be received by EDISU by September 25, 2026 for scholarship applications only. If students do not submit the documentation by September 25, 2026, will be excluded from the provisional rankings but may be included in the final scholarship rankings if they submit the required documentation by November 12, 2026.

The evaluation of documents not received by September 4, 2026 (application for scholarship and housing) or September 25, 2026 (application for scholarship only) will not be published in the provisional ranking. However, if the documents are received by the deadline for submitting complaints, they will be published directly in the final ranking, without further appeals being possible. Therefore, students are encouraged to submit the required documents well in advance of the deadlines to ensure a provisional outcome and to address any deficiencies.

C) Students enrolled in doctoral courses or specialization schools who must obtain the ISEE Parificato calculation:

The documentation must reach EDISU by November 27, 2026. Students who do not submit the documentation by November 27, 2026, will be excluded from the provisional rankings but may be included in the final rankings if they submit the required documentation by April 2, 2027.

The evaluation of documentation not received by November 27, 2026, will not be published in the provisional ranking. However, if the documentation is received by the appeals deadline, it will be published directly in the final ranking, without further appeals being possible. Therefore, students are encouraged to submit the required documentation well in advance of the deadlines to obtain a provisional outcome and address any deficiencies.

For information regarding the evaluation of consular documentation, please refer to the following paragraph 3.

Please note that checks will be carried out to ensure that students have valid Ordinary ISEE certificates issued.

Art. 31 paragraph 2 EU INTERNATIONAL STUDENTS

International EU students whose family unit resides abroad must apply by strictly following the steps below, under penalty of exclusion from the competition.

- Step 1:** Only for those who are not registered residents in Italy, request a Temporary Access Code 2026/27
- Step 2:** Submit your application online for a scholarship, or scholarship and housing service: The application must be submitted online according to the procedures indicated in Article 7, paragraphs 1, 2, and 3, by the following deadlines:
 - 4 SEPTEMBER 2026 at 12:00 for students enrolled in a first year, a subsequent year (including the request for further semester) of bachelor's degree, master's degree or single-cycle master's degree
 - NOVEMBER 27, 2026 at 12:00 pm for students enrolled in a doctoral course or a specialization school.
- Step 3:** Submit the consular documentation using the upload procedure available during the application process of the online application

By the application deadline for the benefit they intend to request, students must attach, via the online procedure, translated and certified consular documentation regarding the composition, income, and assets of the students' family unit (Article 30, paragraphs 3 and 7). It is mandatory to attach both the documentation in the original language and the Italian translation.

The required documentation upload process allows for a maximum of five PDF attachments, each no larger than 1MB. Students must combine the different types of documents into a single file, for example, one containing the household composition and any divorce decrees or death certificates, another containing all income earned by the household, and information on movable assets (current accounts, savings, deposits, etc.) and real estate (only the valuation of buildings expressed in square meters).

The above documentation must be attached to the benefit application by 12:00 PM on September 4, 2026, for students enrolled in bachelor's, master's, or single-cycle master's degree programs. Students who do not attach the documentation by September 4, 2026, will be excluded from the provisional rankings but may be included in the final rankings if they submit the required documentation by 12:00 PM on September 16, 2026 (application for scholarship and housing) or 12:00 PM on November 12, 2026 (application for scholarship only), attaching it to the online complaint procedure (Article 7, paragraphs 6 and 6.1).

Students enrolled in a first year of a bachelor's degree or a single-cycle master's degree who submit the documentation by 12:00 p.m. on October 28, 2026, may also be included in the final scholarship rankings on November 7, 2026, if they are regularly enrolled at the University as of October 31, 2026.

If the consular documentation remains incomplete or incorrect, students will view their negative evaluation on their personal online service page and will be able to complete the missing/incorrect documentation by November 12, 2026, to be included in the final rankings on December 16, 2026.

The above documentation must reach EDISU by 12:00 PM on November 27, 2026, for students enrolled in doctoral programs or specialization schools who apply through the ISEE Parificato calculation. Students who fail to submit the documentation by November 27, 2026, will be excluded from the provisional rankings but may be included in the final rankings if they submit the required documentation by 12:00 PM on April 2, 2027, attaching it to the online complaint procedure (Article 7, paragraphs 6 and 6.1).

The evaluation of documents not received by September 4, 2026 (applications for those enrolled in a bachelor's, master's, or single-cycle master's degree program) or November 27, 2026 (applications for those enrolled in a doctoral program or specialization school) will not be published in the provisional ranking. However, if the documents are received by the deadline for submitting complaints, they will be published directly in the final ranking, without further possibility of appeal.

Therefore, students are encouraged to submit the required documentation well in advance of the deadlines to ensure a provisional outcome and address any deficiencies.

For information regarding the evaluation of consular documentation, please refer to the following paragraph 3.

Please note that checks will be carried out to ensure that students have valid Ordinary ISEE certificates issued.

Art. 31 paragraph 3 EVALUATION AND POSSIBLE INTEGRATION OF THE DOCUMENTATION CONSULAR FOR NON-EU AND EU INTERNATIONAL STUDENTS

All consular documentation sent to EDISU Piemonte will be evaluated based on the provisions of Article 30, paragraph 3 and subsequent paragraphs, and Annexes E and F. If the certificates submitted to EDISU are deemed invalid or incomplete, students requesting benefits will have the opportunity to supplement the required documentation according to the methods and timeframes described in the following paragraph 3.2.

Art. 31 paragraph 3.1 EVALUATION OF CONSULAR DOCUMENTATION SENT TO EDISU

The evaluation process for the submitted documentation varies based on the nationality of the students requesting benefits (for further information, please refer to the explanatory table at the beginning of this article).

- CONSULAR DOCUMENTATION SENT BY REGISTERED MAIL OR COURIER WITH PROOF OF DELIVERY
(EXTRA-EU STUDENTS)

Consular documentation sent by registered mail or courier will be accepted based on the date of receipt at the EDISU Piemonte offices.

Once the consular documentation reaches the offices, students will receive a receipt of delivery.⁷⁴ The consular documentation will then be evaluated by EDISU Piemonte operators, and students will be able to consult the evaluation, concurrently with the publication of the provisional rankings on their personal page of the Online Help Desk. If the examined certificates are found to be invalid or incomplete, instructions will be provided on which documentation to submit.

In the event of a negative outcome in the evaluation of the consular documentation, students may submit the missing/corrected documentation as set out in the following paragraph 3.2.

Once the new documentation has been received by EDISU, the results will be published directly in the final ranking.

⁷⁴ For students who have shipment tracking, please note that the date of sending the receipt of receipt may be different from the date to that of the postal or courier service.

Evaluation of documents not received by September 4, 2026 (application for scholarships and housing for students enrolled in a bachelor's, master's, or single-cycle master's degree program), September 25, 2026 (application for scholarships only for students enrolled in a bachelor's, master's, or single-cycle master's degree program), or November 27, 2026 (application for students enrolled in a doctoral program or a specialized school) will not be published in the provisional ranking. However, if the documents are received by the deadline for submitting complaints, they will be published directly in the final ranking, without further appeals being possible. Therefore, students are encouraged to submit the required documents well in advance of the deadlines in order to obtain a provisional outcome and address any deficiencies.

Consular documentation sent to EDISU Piemonte must be original. Excepted are marriage, divorce/legal separation, or death certificates, as well as documents relating to the presence of movable assets, which may be submitted as photocopies.

- EDISU Piemonte is in no way responsible for any postal or international courier delays and cannot derogate the deadlines indicated in this competition announcement;
- If operators are unable to match the documentation to the applicant's application record due to a lack of identification or the absence of the applicant's surname and name on the envelope, the application will not be evaluated;
- Each student may only send their own documentation. Multiple shipments of packages containing documentation for multiple students will not be accepted, except in cases where two or more students are siblings. In the case of multiple shipments, only the sender's consular documentation will be considered (if it is attributable to a student applying for benefits). All other applications will not be considered and will be excluded from the rankings.
- it is not possible in any way to return the original documentation received at the EDISU Piemonte offices unless no formal request to waive the benefits is submitted.

• CONSULAR DOCUMENTATION FOR EU STUDENTS ATTACHED DURING COMPLETION OF THE ONLINE APPLICATION

REQUEST FOR BENEFITS

EU international students applying for benefits must submit the consular documentation using the attachment procedure available when completing the online application by the relevant application submission deadline to the benefit requested.

The attached documents must be legible. If they are not, the application will be rejected with the evaluation result "not legible."

Once the online application is completed and submitted, the attached consular documentation will be reviewed by EDISU Piemonte staff. Students will be able to view their evaluations when the provisional rankings are published on their personal page at the Online Desk. If the reviewed certificates are found to be invalid or incomplete, instructions on which documentation to submit will be provided.

In the event of a negative outcome in the evaluation of the consular documentation, students may submit the missing/corrected documentation as set out in the following paragraph 3.2.

Once the new documentation has been received by EDISU, the results will be published directly in the final ranking.

The evaluation of documentation not received by 12:00 noon on September 4, 2026 (application for scholarship and accommodation services for students enrolled in a bachelor's, master's, or single-cycle master's degree program), 12:00 noon on September 25 (application for scholarship only for students enrolled in a bachelor's, master's, or single-cycle master's degree program), or 12:00 noon on November 27, 2026 (application for students enrolled in a doctoral program or specialization school) will not be published in the provisional ranking list. However, if the documentation is received by the deadline for submitting complaints, it will be published directly in the final ranking list, without further possibility of appeal. Therefore, students are encouraged to submit the required documentation in advance of the deadlines in order to obtain a provisional outcome and resolve any outstanding issues.

shortcomings.

Art. 31 paragraph 3.2 INTEGRATION OF CONSULAR DOCUMENTATION ASSESSED AS INVALID OR INCOMPLETE BY EDISU PIEMONTE

For the evaluation to be published in the provisional ranking, the documentation must reach EDISU by the dates indicated in the table below:

Course type	Type of question	Expiration
Bachelor's degree, master's degree, single-cycle master's degree	Non-EU students, scholarship applications and housing services	September 4, 2026 (for EU students, the attachment procedure will close at 12:00)
	EU students, application for scholarship and accommodation service or scholarship only	
	Non-EU students, scholarship application only	September 25, 2026
Doctoral course or school of specialization	Non-EU students	November 27, 2026
	EU students	November 27, 2026, 12:00 PM

If the documentation does not reach EDISU by the dates indicated above, the evaluation will not be published in the provisional ranking. However, if the documentation is received by the deadline for submitting complaints (as indicated in the following table), it will be published directly in the final ranking.

If the evaluation of the documentation in the final ranking is negative, it will not be possible to submit further complaints and exclusion from the ranking will be final.

Therefore, students are encouraged to submit the required documentation well in advance of the deadlines to ensure a provisional outcome and address any deficiencies.

- Consular documentation sent to EDISU Piemonte must be original. Excepted are marriage, divorce/ legal separation, or death certificates, as well as documents relating to the presence of movable assets, which may be submitted as photocopies;
- EDISU Piemonte is in no way responsible for any postal or international courier delays and cannot derogate the deadlines indicated in this competition announcement;
If operators are unable to match the documentation to the applicant's application record due to a lack of identification or the absence of the applicant's surname and name on the envelope, the application will not be evaluated;
Each student may only send their own documentation. Multiple shipments of packages containing documentation for multiple students will not be accepted, except in cases where two or more students are siblings. In the case of multiple shipments, only the sender's consular documentation will be considered (if it is attributable to a student applying for benefits). All other applications will not be evaluated and will be excluded from the final rankings.
- It is not possible to return the original documentation received at the EDISU Piemonte offices under any circumstances unless it is formal request to waive benefits submitted.

The methods and deadlines for integrating documentation assessed as incomplete or invalid by EDISU Piemonte are

They vary based on the nationality of the students requesting benefits and the type of application submitted. Students are encouraged to check their situation in the following table:

Nationality students	Presentation of the <u>integration Documentation Consular</u>	Type of registration	Expiration
EXTRA-EU	SEND VIA REGISTERED Return or COURIER WITH PROOF OF DELIVERY	FIRST YEAR of degree or master's degree unique	September 16, 2026 (for housing service requests) or October 28, 2026 To be included in the scholarship rankings of 9/11/2026 or November 12, 2026 (for scholarship applications only; first years with a study visa Those who submit the documents within this deadline will be included in the ranking for the housing service as well)
		FIRST YEAR of degree or master's degree or NEXT which cannot confirm the economic data within this deadline	September 16, 2026 (for housing service requests) or November 12, 2026 (for scholarship request only; the first years with a study visa confirm the data that deliver the sliding ranking also for housing service)
		Doctorate or School of Specialization	April 2, 2027

Art. 31 comma 4

ADDRESSES FOR SENDING CONSULAR DOCUMENTATION AND ASSISTANCE

Non-EU international students who must send consular documentation via registered mail or courier with proof of delivery must use the following address:

EDISU PIEMONTE
Via Madama Cristina 83 10126 TURIN

The envelope must indicate: 1. surname

and name of the student requesting benefits (necessarily in this order);

2. the wording "DC academic year 2026/27".

We recommend sending via registered mail or courier with proof of delivery. The date of arrival at the EDISU Piemonte offices will be used to ensure compliance with deadlines.

The ticketing system is the main tool for communicating with EDISU Piemonte offices and receiving assistance.

Further information is available on the institutional website www.edisu.piemonte.it

Art. 31 paragraph 5 CAREER ABBREVIATIONS

International students who obtain a career shortening⁷⁵, following the recognition of credits relating to qualifications obtained or exams taken at a foreign university, must refer to the provisions set out in the articles:

1. 9 paragraph 2, if they are enrolled in a first year and request a career shortening in 2026/27;
2. 15 paragraph 5, if they are already enrolled in a year subsequent to the first and have requested the shortening of their career in years academic years prior to 2026/27 or request it in the 2026/27 academic year.

For students changing program types from a bachelor's or single-cycle master's degree to a master's degree or vice versa, the year of enrollment in the previous degree program will not be considered for scholarship purposes. These students will be required to submit new consular documentation.

Art. 31 paragraph 6 CHANGES TO DATA TRANSMITTED VIA THE WEB

International students may modify the information provided in their application according to the procedures and deadlines indicated in Article 7, paragraphs 5 and 6.

For any modifications or additions to consular documentation, please refer to the previous paragraph 3.

Art. 31 paragraph 7 MODIFICATIONS TO THE APPLICATION

International students can modify their application according to the methods and timeframes indicated in the articles

1. previous paragraph 3, for the modification or additions to the consular documentation sent to EDISU Piemonte;
2. 7 paragraph 5, for changes to the data entered in the application within the submission deadline;
3. 7 paragraph 6, for the submission of complaints after the provisional rankings;

Art. 31 paragraph 8 WAIVER OF BENEFITS 2026/27

International students may waive the requested benefits according to the procedures and timeframes indicated in Article 7, paragraph 7.

Art. 31 paragraph 9 ACCEPTANCE OF HOUSING SERVICE

International students must accept their assigned or won accommodation online according to the procedures and deadlines indicated in Article 33 below, for those who applied as first-year or subsequent year of a bachelor's degree, master's degree, or single-cycle master's degree.

There is no housing requirement for PhD and specialization school programs.

Art. 31 paragraph 10 ASSIGNMENT OF HOUSING SERVICE

The procedures for assigning and transferring residence are indicated in Article 34.

Art. 31 paragraph 11 OUT-OF-SITE CONDITION

International students

1. with family unit resident abroad (in an EU or non-EU country);
2. with a family unit resident in Italy, in a municipality classified as being out of town with respect to the one where the course is held attended (Article 4). The family unit is considered in Italy even if only one member, besides the student, resides in Italy and produces income.

Students are considered non-resident only if they self-certify that they require a place to live according to the procedures and deadlines indicated in Article 8, paragraph 2. Otherwise, if they are awarded a scholarship, the amount provided for commuting students will be paid (Article 5, paragraph 1.2).

Art. 31 paragraph 12 VERIFICATION OF MERIT AND REVOCATION OF BENEFIT

International students are subject to merit assessments and possible revocation of benefits according to the procedures and timeframes indicated in Articles 13, paragraph 10, and 47.

SECTION IX

SPECIFIC PROVISIONS FOR THE HOUSING SERVICE

ART. 32 BEDS UP FOR COMPETITION

For the 2026/27 academic year, 3,100 beds are available, distributed as follows:

RESIDENCE HEADQUARTERS UNIVERSITY	TOTAL	SUBSEQUENT YEARS	EARLY YEARS	FIRST YEARS OUTSIDE THE EU WITH FAMILY IN A NON-EU COUNTRY
Turin and surrounding area*	2706	2300	345	61
Alexandria	93	79	12	2
Wedge	23	20	3	0
Novara	167	142	21	4
Vercelli	93	79	12	2
Biella	11	9	2	0
Until	7	6	1	0

*The belt structures are present in the municipalities of Beinasco, Grugliasco, Orbassano, Nichelino (Stupinigi), Moncalieri.

The Turin and surrounding area campus is also available to students attending courses at the Orbassano, Venaria, and Leini campuses, and at the Collegno and Beinasco campuses.

Students attending a course based in Savigliano can also apply at the Cuneo office.

For information on the ranking criteria, please refer to the following articles.

1. Art. 12 paragraph 1: first years;
2. art. 17 paragraph 1: subsequent years;
3. Article 26, paragraph 1: PhDs and specialist schools (no reserved places are provided for this type of student).

Upon publication of the respective rankings in the notices section of the website www.edisu.piemonte.it, the "General List of Accommodations for the 2026/27 academic year" will be published. This will indicate the number of available places for each individual residence, specifying the number of single, double, triple rooms, and apartments.

Art. 32 paragraph 1 SPECIFIC PROVISIONS FOR STUDENTS ENROLLED IN THE SEMESTER FILTER ASSIGNEES OF HOUSING SERVICE

Students enrolled in the "filter semester", pursuant to Legislative Decree no. 71 of 15 May 2025 and the implementing regulations for the new access methods to the single-cycle master's degree courses in Medicine and Surgery, Dentistry and Dental Prosthetics and Veterinary Medicine, academic year 2026/27, in cases where this semester is made up of at least 51% of in-person teaching activities, may be assigned a place in the EDISU residences at the rate of 245.50 euros per month, corresponding to that applied to students receiving a scholarship (2,700.00 euros/11 months = 245.50 euros)⁷⁶.

ART. 33 ACCEPTANCE OF THE HOUSING SERVICE

Upon publication of the final housing service rankings, the list of available places for each university residence in the Turin, Alessandria, Cuneo, Novara, Vercelli, Biella and Asti campuses will be published on the EDISU website, divided by:

1. First years of bachelor's and single-cycle master's degrees, divided by residents of Italy/EU and non-EU students with resident family in a non-EU country;
2. subsequent years and first year of master's degree.

Students who are considered successful in the final housing ranking must "accept" the application, and those who are considered eligible in the final housing ranking must "declaration of interest" by completing the online procedures that will be activated simultaneously, according to the methods and by the deadlines indicated in paragraphs 1 and 2 of this article. Students enrolled in doctoral programs or specialized schools, however, must refer to the provisions indicated in Article 28.

⁷⁶ Regional Criteria 2026/27 Section II art. 3

In the following days, students will receive an email from noreply@EDISU-piemonte.it with the assignment details, including the destination residence and entry period, as per Article 34 below.

Students who decline a place to stay during the acceptance or declaration of interest process, or who fail to complete and submit the aforementioned online procedures, will be considered "commuter" students for the purposes of assessing their scholarship amount.

To compete for the amount provided for out-of-town students, students who request housing services but are no longer interested in a bed can:

- *delete the request for accommodation service by 12:00 on 4 September 2026 by clicking on "delete bed space";*
- *submit a "waiver of the housing service" by 12:00 on 16 September 2026, by means of a complaint against the ranking temporary housing service.*

They must also complete and submit a self-certification of residence for a fee, following the procedures and deadlines set forth in Article 8, paragraph 2, and in accordance with the provisions of Article 5, paragraph 1.3. If students fail to submit this self-certification, the scholarship amount will be equivalent to the scholarship provided for commuter students.

Students who enter the Residence and subsequently give up their assigned space will be required to return the value of the housing service used, calculated at €8.18 per day.

Students awarded scholarships and eligible for housing services because they attend courses at locations without EDISU residences are not required to complete the online acceptance process (paragraph 1 of this article) or the declaration of interest (paragraph 2 of this article). To receive the scholarship amount, including the cash value of the unused accommodation (Article 5, paragraph 1.3), they must self-certify the cost of the accommodation, according to the procedures and deadlines indicated in Article 8, paragraph 2.

Art. 33 paragraph 1 WINNERS: ONLINE ACCEPTANCE

Students who are successful in the final housing service rankings must accept their accommodation through the specific procedure, called "Acceptance," available by accessing the housing service rankings from their personal page on the EDISU Online Help Desk. The acceptance form must be completed and submitted exclusively online according to the deadlines indicated in the following table:

Student type	Online acceptance
Winners of EU and non-EU accommodations at course locations with EDISU residences	From September 25th to 29th 2026 at 12:00 PM

When filling out the acceptance form, you must select one of the following options:

I accept;

1. 2. I accept "I declare that I will participate in an international mobility programme lasting less than 8 months" (Erasmus Month Option) or "I declare that I will participate in an international mobility programme lasting 8 months or more" (Erasmus Year Option) (paragraph 4 of this article);

3. I accept with the "Renato Einaudi Option" (paragraph 5 of this article);

4. refusal.

When checking in online, students must prioritize all available EDISU residences.

In the case of the "Erasmus Month Option" you will have to indicate the period of stay abroad by specifying the departure and return dates, which, for the sole purpose of supplementing the scholarship amount, must be between October 1, 2026, and September 30, 2027. The period before October 1, 2026, and after September 30, 2027, cannot be considered for these purposes. Please note that the stay abroad cannot be referred to a mobility project related to the 2027/28 academic year.

In the case of the "Renato Einaudi Option" (see Article 33, paragraph 5), the list of EDISU residences for expressing one's preference will not be included in the procedure, as the student cannot be accommodated in any residence pursuant to Article 33, paragraphs 4.1 and 5.

You will also have to fill in all the additional fields in the procedure if they are not already pre-filled (personal data, residence permit or receipt of the residence permit request) and read and accept the relevant information, necessary for the subsequent assignment of the bed space.

The online acceptance is considered correctly completed and submitted if and only if a receipt is sent to the student's email address with a PDF of the completed form attached. The receipt is also available on the student's personal page at the EDISU Online Help Desk, in the "Receipts" section.

Only one receipt will be sent. If students, upon checking the receipt, discover any errors while completing the application, they may make ONLY ONE change to their information online by the Acceptance submission deadline.

Failure to complete and submit the online acceptance form by 12:00 noon on the deadline day will constitute a refusal of the housing service.

Students who refuse accommodation during the acceptance process or fail to submit the online application will be considered "commuter" students for the purposes of the scholarship amount and will not be able to submit a paid accommodation declaration.

Upon request, however, they may be placed at the bottom of the ranking list to be hosted in the residence free of charge.

These students will not be able to submit a declaration of paid accommodation.

Art. 33 paragraph 2 SUITABLE: DECLARATION OF INTEREST

Students who are considered eligible in the final rankings for housing services must declare their interest in having a place in the EDISU residences by completing and submitting the specific procedure, called "Declaration of Interest", online. Available by accessing the housing service ranking from your personal page on the Online Help Desk, according to the timeframes indicated in the following table:

Student type	Declaration of interest
Suitable EU and non-EU accommodations, in course locations with EDISU residences	From September 25th to 29th 2026 at 12:00 PM

When completing the declaration of interest, they must select one of the following options:

1. I'm interested.
2. I am interested in "I declare that I will participate in an international mobility programme lasting less than 8 months" (Erasmus Option Month) "I declare that I will participate in an international mobility programme lasting 8 months or more" (Erasmus Year Option) (paragraph 4 of this article);
3. I am interested in the "Renato Einaudi Option" (paragraph 5 of this article);
4. I'm not interested.

Interested students must indicate their preference for all EDISU residences available in the application process. If spaces are available, they will be assigned a place in the residences still available after the successful students have been accepted.

For the "Erasmus Option," the period of stay abroad must be indicated, specifying the departure and return dates. These dates, for the sole purpose of supplementing the scholarship amount, must fall between October 1, 2026, and September 30, 2027. The period before October 1, 2026, and after September 30, 2027, cannot be considered for these purposes. Please note that the stay abroad cannot be related to a mobility project for the 2027/28 academic year.

Before submitting the application online, students must also complete all additional fields in the application process if they are not already pre-filled (personal information, residence permit, or residence permit application receipt) and read and accept the relevant information, which is necessary for subsequent accommodation assignment.

For the "Erasmus Option," please refer to the University Guidelines for International Student Mobility in the first semester of the 2026/27 academic year, which define the remote start of student mobility abroad, the related scholarship payment methods, and the further postponement of the start of mobility. The guidelines set forth in these guidelines will also be considered for accommodation acceptance and availability to students.

The declaration of interest is considered correctly completed and submitted if and only if a receipt is sent to the student's email address with a PDF of the completed form attached. The receipt is also available on the student's personal page at the EDISU Online Help Desk, in the "Receipts" section.

Only one receipt will be sent. If students, upon checking the receipt, discover any errors while completing the application, they may make ONLY ONE change to their information online within the deadline for submitting the Declaration of Interest.

Failure to complete and submit the online declaration of interest form by 12:00 noon on the deadline date is equivalent to selecting the "I am not interested" option.

After the declaration of interest has closed, **the outcome of the declarations of interest** will be published on October 1, 2026, and can be accessed by accessing the housing service ranking from your personal page on the EDISU Online Help Desk.

Depending on the option chosen in the declaration of interest, and whether or not students have been assigned a place, the possible outcomes of the assignment are as follows:

1. If students have indicated "I am interested" or "I am interested with the Erasmus Option" and have been assigned a place, EDISU will send them an email in the following days with the assignment details (noreply@EDISU-piemonte.it). If they renounce their place after checking in, they will be eligible for the scholarship for the commuter fee only.
2. If students have declared "I am interested" or "I am interested with the Erasmus Option" but it turns out that they have NOT been assigned a place, they will be included in the single rankings (paragraph 3 of this article) and will compete for the scholarship amount including the monetized value of the unused accommodation service (art. 5 c. 1.3 point a), if they were scholarship winners and submitted the declaration of paid accommodation.
3. If students have declared "I am interested in the Renato Einaudi Option" they must follow the provisions indicated in paragraph 5 of this article.

The results for the first years are divided by course level and include:

1. the position of the students;
2. the option chosen by the students in the declaration of interest;
3. Whether or not a place is assigned. For students who have declared "I am interested" or "I am interested with the Erasmus Month" option, the assignment of a place can be made based on the course or university level. Initially, any places remaining available after the successful applicants have been accepted are redistributed to eligible students of the same course level. Any remaining places are redistributed within the university. Finally, if additional places are available, a final distribution is made based solely on the course location.

The results for subsequent years are divided by department and include:

1. the position of the students;
2. the option chosen by the students in the declaration of interest;
3. The allocation result. For students who have declared "I am interested" or "I am interested with the "Erasmus Month" Option," allocation can be made at the department, course, or university level. Initially, the places remaining available after the successful candidates have been accepted are redistributed to eligible students in the same department. Once this distribution is complete, any remaining places are redistributed among all departments of the same course level among the students still to be assigned. Any remaining places are redistributed within the university. Finally, if additional places are to be assigned, a final distribution is made based solely on the course location.

Art. 33 paragraph 3 ELIGIBLE: SINGLE RANKING LISTS FOR PROGRESSION

Concurrently with the publication of the results of the declaration of interest, on October 1, 2026, new rankings will be published for eligible students who indicated their interest in the declaration of interest process but who were not assigned a place in the declaration of interest results. These rankings are called "Single Sliding Rankings" and are drawn up as follows:

1. for the first years, divided between EU/Non-EU students and course location, then ordered by increasing ISEE University (or ISEE equalized);
2. for subsequent years, divided by course location, then ordered by decreasing score.

In the event of a tie, students with a lower ISEE University value will have priority. In the event of a tie, younger students will have priority. The single rankings can be consulted by accessing the housing service rankings from your personal page on the EDISU Online Help Desk.

For more information on updating your ranking, please write to assegnazioniresidenze@edisu-piemonte.it.

If spaces become available, the Housing Services Department will contact students in order of ranking to assign available spaces, according to the assignment criteria published before the acceptance period. Students will receive an email from assegnazioniresidenze@edisu-piemonte.it to the email address they provided in their application. The process for assigning available spaces will close on April 30, 2027.

For those assigned a bed during the transition period, the scholarship amounts vary according to the following cases.

Art. 33 paragraph 3.1 STUDENTS WHO ACCEPT THE BED SPACE ASSIGNED BY SCROLLING

In the event of winners in the final scholarship rankings: 1.

If acceptance of the accommodation service occurs by the publication of the final scholarship rankings (16 December 2026), the value of the accommodation service calculated at €245.45 per month will be deducted from the scholarship amount including the monetized value of the bed (art. 5 paragraph 1.3) (the month is counted if students enter the residence by the 15th day of the month).

2. If acceptance of the accommodation service occurs after the publication of the final scholarship rankings (December 16, 2026): if students have self-certified the cost of the accommodation (Article 8, paragraph 2), the deduction for the value of the accommodation service actually used will be applied to the second installment of the scholarship; if students have not self-certified the cost of the accommodation, they will receive the amount of the commuter scholarship (Article 5, paragraph 1.2) but are still entitled to free accommodation.

Students eligible in the final scholarship rankings, if awarded accommodation, are entitled to free accommodation (art. 5).

Students who are eligible in the final scholarship rankings and lose their right to the assigned accommodation will be required to return the value of the housing service used.

Inclusion in the single ranking list does not necessarily imply assignment of a place during the academic year, as it is subject to subsequent availability of places. In December 2026, the ranking lists will be suspended to allow for the preparation of the final scholarship rankings, until their publication.

Art. 33 paragraph 3.2 STUDENTS WHO REFUSE THE BED SPACE ASSIGNED BY WAY OF SCROLLING

In case of winners in the final scholarship rankings:

1. If students have self-certified the cost of accommodation (art. 8), then they will receive the scholarship amount including the monetized value of the unused bed-space (art. 5 paragraph 1.3).
2. If students have not self-certified the cost of accommodation, they will receive the scholarship amount as commuters (art. 5 comma 1.2).

Those eligible in the final scholarship rankings are not entitled to receive any compensation for the housing service.

For all the cases indicated above in paragraphs 3.1 and 3.2, the provisions regarding the revocation of the housing service used pursuant to the combined provisions of Articles 35 and 47 remain valid.

Art. 33 paragraph 4 STUDENTS IN INTERNATIONAL MOBILITY

Students who will participate in international mobility programs at their universities or AFAMs in the 2026/27 academic year must select the "Erasmus Month" option (to participate in an international mobility program lasting less than 8 months) or "Erasmus Year" option (to participate in an international mobility program lasting 8 months or more) when accepting or expressing interest.

Art. 33 paragraph 4.1 Erasmus Month Option

Students who are successful or eligible for accommodation at an EDISU residence and who are spending a period abroad of less than 8 months as part of international mobility programs must accept accommodation with the "Erasmus Month" Option.

Students requesting accommodation services as a "final semester" must submit acceptance (winners) or declaration of interest (eligible) with the Erasmus month option, regardless of the length of the period abroad.

During the acceptance process (successful candidates) or declaration of interest (eligible candidates), students must indicate the precise period of their stay abroad, starting from October 1, 2026. If they choose to "participate in an international mobility program of less than 8 months," they must indicate the period of their stay abroad, specifying the departure and return dates. For the sole purpose of supplementing the scholarship amount, these must fall between October 1, 2026, and September 30, 2027. The period before October 1, 2026, and after September 30, 2027, cannot be considered for these purposes. Please note that the stay abroad cannot be referred to a mobility project related to the 2027/28 academic year.

After acceptance, and no later than October 10, 2026, students must submit, through the ticketing procedure as a registered student, a copy of the document issued by their university's international mobility offices, certifying the details of their mobility project;

If the accommodation is assigned during the academic year, this documentation must be submitted upon acceptance.

These students also:

1. they do not have to self-certify the cost of the accommodation;
2. They must communicate their departure and return dates to their residence at least 10 days in advance: otherwise, the availability of the bed upon their return will not be guaranteed;
3. Only if they are awarded a scholarship, they receive a total amount integrated with the monetized value of the unused bed space of €245.45 per month (the month is counted only if students leave the residence by the 15th or return to the residence from the 16th).

Guests of an EDISU residence who win an international mobility project after acceptance, during the year academic, must promptly send via the ticketing procedure as a registered student:

1. The text must include your personal details, the residence you have been assigned to, and the type of international mobility project you are participating in;
2. A copy of the document issued by the offices dealing with international mobility of the applicant must be attached.
university, certifying the details of the mobility project;

No additional grant amounts will be made for projects relating to the 2025/26 and 2027/28 academic years or for periods communicated to EDISU after June 15, 2027.

Students attending the additional semester must submit notification of projects for the 2026/27 academic year by November 30, 2026, to receive the housing service tax reduction in the single December payment. No subsequent cash payments will be made.

The same provisions regarding international mobility may also be applied in the case of theses or internships planned by the University in locations other than those of the University.

Art. 33 paragraph 4.2 Annual Erasmus Option

Students assigned accommodation at an EDISU residence who are spending a period abroad of 8 months or more as part of international mobility programs must accept the accommodation with the "Annual Erasmus" option.

Subsequently, these students must self-certify the cost of housing according to the methods and deadlines indicated in Article 8, paragraph 2. In this case, only if they are awarded the final scholarship rankings, they will receive a total amount supplemented by the cash value of the unused accommodation (Article 5, paragraph 1.2).

In the event of early return, the Housing Services department will evaluate the possible assignment of a free place in EDISU residences, based on availability. For the purposes of the second installment of the scholarship, the student will be considered an "Erasmus Month" rather than an "Erasmus Year" student, and a €245.45 deduction will be applied to the second installment of the scholarship for each month of early return.

Students participating in Erasmus Month mobility projects who, following extensions of the period, return

In the "Annual Erasmus" category, in addition to presenting the University document certifying the extension of the period, they must submit the contract certifying paid accommodation for the entire period of stay by sending the above documentation via ticket.

Article 33, paragraph 5, GUESTS OF THE RENATO EINAUDI COLLEGE: RENATO EINAUDI OPTION

Students awarded a place at the Renato Einaudi College for 2026/27 must accept the EDISU place (if awarded) or declare their interest (if eligible) with the Renato Einaudi Option. Furthermore, these students:

1. they do not have to self-certify the cost of the accommodation;
2. Only if they are winners of the scholarship, they receive a total amount integrated with the monetized value of the place EDISU bed not used (art. 5 paragraph 1.3).

Students staying at Collegio Renato Einaudi with an INPS scholarship or other types of scholarships for housing services cannot benefit from this option.

ART. 34 ALLOCATION OF BED SPACES IN RESIDENCES EDISU

The assignment of a place entitles students to one of the available places in university residences located throughout the region. This assignment does not imply a choice of accommodation type, but rather the right to use the service.

Art. 34 paragraph 1 ALLOCATION CRITERIA

Residences are assigned according to the following order of priority:

- for confirmations based on merit in subsequent years and for winners via standard application in subsequent years, the allocation of the bed-space is based on a single ranking drawn up solely in order of score, taking into account the order of preference expressed at the time of acceptance;
- for confirmations based on merit in a first year of a master's degree, the allocation of accommodation is based on a single ranking in order of ISEE Universitario/Parificato, taking into account the order of preference expressed at the time of acceptance; • for winners of the first years of a three-year degree, master's degree and single-cycle master's degree through a standard application, divided between EU and non-EU students, the allocation of accommodation is based on a single ranking in order of ISEE Universitario/Parificato, taking into account the order of preference expressed at the time of acceptance.

In the event of equal ranking positions, priority will be given to students who have already been assigned a place in 2025/26.

After the winners have been assigned, the allocation of places will be made to those eligible candidates who have been assigned a bed based on their declaration of interest, using the same procedures as those established for the winners.

The allocation criteria are published in the Housing > Housing Service Competition section of the EDISU website.

Students who are finalized in the September 25 rankings and refuse to accept their placement or fail to show up at their residence on the dates indicated in the placement email will be considered "commuter" students for the purposes of determining the scholarship amount (Article 5, paragraph 1.2).

Eligible students in the final rankings of September 25 who were assigned a place based on their declaration of interest may refuse it upon assignment or fail to show up for check-in without losing their chance to apply for the non-resident scholarship if they submit the paid accommodation declaration according to the procedures and within the deadlines established in Article 8. If, however, they decline after checking in, they can no longer submit the paid accommodation declaration and will only apply for the commuter scholarship.

A justified extension of stay may be requested. Requests for an extension of stay must be submitted by sending the extension form available on the website to the email address assegnazione@residenze@edisu-piemonte.it.

The extension request will be considered acceptance of the assignment, effective from the last day of entry into the residence. Therefore, students who fail to show up at the residence after the extension period has expired will be considered to have renounced their place and will be required to pay the housing service fee, calculated at €8.18 per day, for the period for which they requested the extension.

If students requesting an extension withdraw during the year, they will be required to pay the housing service fee of €8.18 per day starting from the date of their assignment, and not from the check-in date.

Students who have requested an extension to their admission will have their accommodations available until December 31, 2026, exclusively for the following situations:

1. enrolled in master's degree programs for the 2026/27 academic year while waiting to obtain a first-level degree at non-Piedmontese universities or at a Piedmontese university city other than the city where the assigned residence is located;
2. students with documented health problems that prevent them from entering within the deadline set in the assignment email;
3. students who document participation in training activities (courses, internships, traineeships, etc.) in a city other than the one where they are assigned to residency;
4. first-year international students who are unable to arrive in Italy by the date of assignment of residency (art. 31).

Even if the bed remains available until December 31, 2026, the amount deducted from the scholarship will be calculated starting from the last available day indicated in the assignment email and not from check-in.

Students participating in international mobility projects will be hosted in the facilities indicated in the assignment criteria, which will be published before the acceptance period for the accommodation.

Art. 34 paragraph 1.1 ROOM TYPE

Room types (single, double, or triple) are assigned based on academic seniority, in order of ranking, subject to availability, and according to the assignment criteria published prior to the admission period. These criteria will take into account suitable accommodations for students with specific, documented needs.

Single rooms that become available during the year, following graduation or resignation/cancellation of housing, will be assigned first to students already in the residence hall, in order of academic seniority and ranking, upon request, then to eligible students who were not called.

Art. 34 paragraph 1.2 TRANSFERS FOR REASONS OF HEALTH OR PERSONAL SAFETY

Students may request a transfer to another residence for documented health reasons or for personal safety, which EDISU reserves the right to evaluate, according to the assignment criteria that will be published before the acceptance period for the accommodation.

Art. 34 paragraph 1.3 MOBILITY BETWEEN DIFFERENT RESIDENCES

Transfers between residences will be permitted throughout the academic year, to be carried out during the periods (mobility windows) indicated in the relevant calendar and according to the procedures indicated in the relevant regulations, which will be announced starting from October 1st, 2026 by publication on the website www.edisu.piemonte.it

Interested users during the periods (mobility windows) indicated in the relevant calendar will be able to submit their request through their personal profile on the Online Help Desk.

Art. 34 paragraph 2 ASSIGNMENT PROCEDURES

Students who have accepted a place will receive an email from noreply@EDISU-piemonte.it with the assignment details. Students must arrive at the residence hall for assignment by the deadline indicated in the email, bringing:

1. valid identity document (for non-EU students the only identity document required is a passport);
2. Residence permit (or copy of the receipt for obtaining the residence permit) for non-EU students;
3. passport photo;
4. copy of registration with the National Health Service (health card) or private insurance policy for non-EU students⁷⁷.

Art. 34 paragraph 3 RULES FOR ASSIGNEES

By accepting a place, students agree to abide by the provisions of this announcement and the University Residences Internal Regulations. The following rules will also apply:

1. Students who have not paid outstanding debts of any kind relating to previous academic years (EDISU reserves the right to pursue recovery of such amounts) or who have been subject to a revocation order or forfeiture of benefits as provided for in the residence's internal regulations will not be granted accommodation.
2. Students will not be able to access the residence until they have completed the acceptance and assignment procedure and submitted the documentation indicated in paragraph 2 of this article, and in any case no later than 48 hours after the assignment deadline.
3. The bed space is reserved exclusively for the assigned students, who cannot transfer its use, even temporarily, to others.
others, under penalty of forfeiture of benefits.
4. Safety provisions:
 - a. During their year of residence, those assigned a bed-space must participate in at least one of the evacuation drills organized in the assigned residence;
 - b. Attendance at information and training sessions organized by EDISU regarding safety will be mandatory. The schedule will be announced after the date of entry into the residence.

In case of failure to comply with the provisions of points a and b, disciplinary proceedings will be initiated against them.

Complete provisions regarding residence hall stays and related penalties are contained in the "Internal Regulations of University Residences," available in the "Living" section of the website www.edisu.piemonte.it and at the reception desk of your residence.

Art. 34 paragraph 4 ASSIGNMENT PERIODS

Student type	Assignment period
Early and later years	From October 6, 2026 to September 25, 2027
Further semester	From October 6, 2026 to March 31, 2027

⁷⁷ Law no. 68 of 27 May 2007, articles 34 and 35.

Art. 34 paragraph 5 SUMMER CLOSURE

The residences will remain closed during the summer period from July 24th to September 1st 2027 and during the periods not included in the table in paragraph 4 of this article.

Some residences will remain open in August 2027 for students who need to stay during the summer. Interested parties must indicate this need when accepting a place. Requests received after acceptance will be evaluated by the Housing Services department based on availability.

Students staying in residence during the month of August will be required to pay a daily fee of €8.18 for a minimum of 7 consecutive nights (from August 4th to August 29th, students will be required to pay a minimum of 7 nights even for shorter stays).

Changes to your stay related to summer stay requests must be received by August 4th via the ticketing service.

Payment for the summer stay must be made in advance upon entry into the residence, as required by the residence's internal regulations. This rule also applies to students already living in the summer residences.

Art. 34 paragraph 6 SPECIAL CASES

If a student is unable to live in an EDISU residence for documented health reasons, pregnancy, or dependent children, they may compete for the scholarship amount, including the cost of housing, if they certify paid accommodation according to the procedures and by the deadlines established in Article 8, paragraph 2 above. They must complete the online acceptance procedure (if successful) or the declaration of interest (if eligible) and declare their situation via ticket. The same provisions apply to the cases indicated in Article 29, paragraph 5.

Art. 34 paragraph 6.1 FURTHER SEMESTERS

1. Students receiving housing services for an additional semester who graduate by March 31, 2027 must:

- a. Promptly inform your residence of the graduation date, as soon as you know it, and vacate the accommodation within 10 days of that date.
- b. If the degree was awarded after March 31, 2027, but according to the academic calendar of the course attended, it falls within the March graduation session, students must promptly notify their residence and the housing services office via the ticketing procedure of their expected graduation date or graduation period. They must also notify their residence of the graduation date and vacate their accommodation within 10 days of that date.
- c. Otherwise, students will be required to repay an amount equal to the value of the housing service improperly used, in the period between the eleventh day following their graduation date and their check-out date from the residence, at the residence fee.
- d. The value of the housing service in the period between the date of disposal of the residence and 31 March 2027 will not be in no way refunded.

Students receiving housing benefits for an additional semester are not considered to be waiving their right to a further semester if they withdraw before March 31, 2027. They will not have to pay for the period used.

Art. 34 paragraph 6.2 STUDENTS WITH A "SUSPENDED" RESULT IN THE FINAL SCHOLARSHIP RANKINGS OF 16 DECEMBER 2026

They can remain in residence until the publication of the final scholarship rankings on April 30, 2027.

1. Students applying for a first year of a master's degree and who are assigned housing services, but do not enroll in a master's degree course by April 2, 2027:

- if they meet the requirements to be considered for an additional semester of graduation they will have to leave the residence and pay the period enjoyed starting from 1 April 2027;
- if they do not meet the requirements to be considered for an additional semester of graduation they will have to leave the residence and pay the full amount period enjoyed starting from the date of assignment.

2. Students who apply in subsequent years and who are assigned housing services, but do not complete their enrolment or do not obtain recognition of the credits provided for in Table A2 by 2 April 2027 will have to leave the residence within 3 working days and pay for the entire period used starting from the date of assignment.

Art. 34 paragraph 6.3 STUDENTS WHO MUST LEAVE THE RESIDENCE FOR SERIOUS REASONS

Students who have to leave their residence during the academic year due to natural disasters or other particularly serious reasons, concerning the students themselves or their family members and adequately documented/certified, will not have to return any amount equal to the value of the accommodation used.

Art. 34 paragraph 6.4 STUDENTS WHO GRADUATE IN THE MONTH OF JULY WINNERS OF THE THIRD YEAR OF THE COURSE

Students can return for free in September if they enroll in the first year of a master's degree in the 2027/28 academic year.

If they do not enroll, they will have to pay the amount with student housing fees for the month of September.

ART. 35 REVOCATION OF HOUSING SERVICE FOLLOWING RESIGNATION OR LOSS OF REQUIREMENTS

Art. 35 paragraph 1 REVOCATION FOR RENOUNCEMENT OF THE HOUSING SERVICE 2026/27

Please note that, as per Article 5, paragraph 1.2, if students renounce their accommodation upon assignment or after checking in, they will be considered "commuters" for the purposes of the scholarship amount.

Students who enter the Residence and subsequently give up their assigned space will be required to return the value of the housing service used, calculated at €8.18 per day.

Art. 35 paragraph 2 REVOCATION OF HOUSING SERVICE DUE TO LOSS OF REQUIREMENTS

The cases in which the revocation of the assigned housing service and the payment for the period used is foreseen are listed in the following articles of this announcement.

1. Early Years (Section III)

- a. Students enrolled in the first year of courses who do not achieve the merit requirement for maintaining the first installment of the scholarship, as set forth in Article 13, paragraph 5, "Specific provisions for successful candidates assigned a place in an EDISU residence."
- b. Students who are eligible in the final scholarship rankings but do not meet the required merit requirements, as per Article 13, paragraph 6.1, "Specific provisions for eligible assignees of a bed-space in an EDISU residence."
- c. Students applying as first year master's degree students require both the scholarship and the service housing but do not enroll in a master's degree program by April 2, 2027:
 - those with additional degree requirements will have to pay for the period used starting from 1 April 2027;
 - without further requirements for a degree semester, students will have to pay for the entire period used starting from the check-in date.
- d. Students excluded from the provisional scholarship rankings who do not intend to file a complaint, as provided for in Article 12, paragraph 2, "Provisional Rankings."
- e. Students excluded from the final rankings for housing services and scholarships, as provided for from art. 12 paragraphs 4 and 5 "Final rankings".
- f. Students subject to revocation of the benefit following an economic or merit assessment, even relating to years previous academics.
- g. Students whose benefits have been revoked following an offense committed in the Residence, as set forth in the Internal Regulations of the Residences.

2. Subsequent years, further semesters (Section IV)

- a. Students excluded from provisional scholarship rankings who do not intend to file a complaint, as provided for in Article 17, paragraph 3, "Provisional Rankings."
- b. Students excluded from the final rankings for housing services and scholarships, as provided for from art. 17, paragraph 5 "Final rankings".
- c. Students who transfer courses for which the University recognises an insufficient number of credits for the maintaining eligibility for the scholarship, as provided for in Article 15, paragraph 4.
- d. Students who do not complete their enrollment by April 2, 2027, as provided for in Article 15.
- e. Students subject to revocation of the benefit following an economic or merit assessment, even relating to years previous academics.
- f. Students enrolled in the additional semester who do not comply with the provisions of art. 34, paragraph 6.1 "Allocation and use of the housing service – further semesters – special cases";
- g. Students whose benefits have been revoked following an offense committed in the Residence, as set forth in the Internal Regulations of the Residences.

3. Students who lose their right to residency following a revocation of benefits as set forth in the articles of the University Residences Internal Regulations will not be able to request housing services.

The Benefits will be revoked, in accordance with the combined provisions of this Article 35 and Article 47.

SECTION X

CONTRIBUTION FOR STUDENTS WITH DISABILITIES EQUAL TO OR GREATER THAN 46%

ART. 36 RECIPIENTS OF THE CONTRIBUTION

Students with a disability rating of 46% or more, pursuant to Law 118/1972, registered for targeted placement pursuant to Law No. 68 of March 12, 1999, and enrolled full-time for the 2026/27 academic year in a bachelor's degree, single-cycle master's degree, or master's degree program at the universities and degree programs listed in Article 1 of this announcement, may apply for the grant.

Students who have graduated at the time of application cannot apply for the grant. For other conditions of non-graduation, For admission and exclusion, please refer to Article 3 of this Notice.

When completing the application, students must attach, in the appropriate section, certification of their disability and registration for targeted placement pursuant to Law No. 68 of March 12, 1999.

Please note that work activities exceeding 180 days will result in exclusion from the benefit, as they will result in termination of enrollment in the targeted placement program. In the event of suspension of the benefit due to work activities lasting less than this period, EDISU Piemonte will verify with the Piemonte Lavoro Agency whether the enrollment requirement for the targeted placement program is met.

The disability certificate does not need to be attached if students have submitted it in previous academic years and it is of the "non-revisable" type.

Students who are not yet enrolled in targeted placement at the time of completing the application will be excluded from the provisional rankings and must enroll by April 2, 2027, and attach documentation proving their enrollment to the complaints procedure. Otherwise, they will be excluded from the final rankings.

Students can request telephone assistance or schedule an appointment at the front desk to receive information about enrolling in targeted placement programs.

In the latter case, the student will be contacted by the Piemonte Lavoro Agency to complete the registration.

Students who have applied for the EDISU Piemonte scholarship for the 2026/27 academic year are NOT eligible to apply for the grant.

Those wishing to apply for a grant under this announcement must first submit an online application for the scholarship, open a ticket declaring their intention to apply for the benefit covered by this announcement, and attach certification attesting to their disability and registration for targeted placement.

Students already staying at EDISU Piemonte residences will also have to give up their accommodation, check out, and pay for the period used.

Students requesting funding can also access the catering service at reduced rates.

ART. 37 DURATION OF BENEFITS

Benefits are granted for the first enrollment at each course level according to the following durations, without prejudice to the provisions of Articles 3 and 9 of this Notice.

Enrolled in full-time degree courses	Nine semesters, starting from the year of first enrollment.
Students enrolled in full-time single-cycle master's degree courses	Fifteen semesters (for those enrolled in courses with a legal duration of 6 years) or thirteen (for those enrolled in courses with a legal duration of 5 years), starting from the year of first enrollment.
Enrolled in full-time master's degree courses ⁷⁸	Seven semesters, starting from the year of first enrollment.

The contributions are financed entirely by the Piedmont Region with resources from the Regional Fund for the Employment of the Disabled, for an amount of €300,000.00 ⁷⁹ (CUP J61I26000210002 and CUP J61I26000200002, relating to the catering service).

The final grant rankings are formulated in such a way as to provide each University with the same percentage of grants in relation to those eligible.

⁷⁸ D.M. 509/99, D.M. 270/04.

⁷⁹ Regional Government Resolution of the Piedmont Region No. 8-2810 of 08/07/2026

Contributions are distributed according to the following criteria:

1. 15%, according to the ranking order defined in art. 12 paragraph 1, for students enrolled in the first years of degree courses, degree single-cycle master's degree, master's degree.
2. 85%, according to the ranking order defined in art. 17 paragraph 1, for students enrolled in subsequent years of degree courses, single-cycle master's degree, master's degree (art. 15 paragraph 1.1).

ART. 39 CONTRIBUTION AMOUNTS

The amount of the contribution⁸⁰ is determined according to the methods described in the following paragraphs on the basis of the "type of student" (art. 4) and the University/Parificato ISEE, pursuant to article 6.

Successful students can access EDISU canteens or alternative services affiliated with EDISU, at the rate corresponding to band 1, which for the 2026/27 academic year amounts to €3.00 for a full meal.

For students applying for only the additional semester of their course, the amounts are halved.

The amount allocated is that provided for by the Regional Criteria for students with disabilities as per the provisions of art. 3 paragraph 4 of Ministerial Decree 1320/2021,

The amounts, net of €150.00 as a contribution for the catering service and inclusive of the increase, are as follows:

	ISEE ≤ €13,153.12	€ 13.153,12 < ISEE ≤ € 17.537,50	€ 17.537,50 < ISEE ≤ € 23.626,00	€ 23.626,00 < ISEE ≤ € 26.306,25
In office	4.503,16	3.896,22	3.086,98	1.873,11
Commuter	6.597,04	5.716,99	4.543,60	2.783,50
Out of office	11.395,49	9.889,55	7.881,64	5.380,00

For the purposes of the amount, the "ON-SITE" student category also includes students who have won an INPS scholarship or another type of scholarship for the free assignment of a bed in a university college.

For the purposes of the amount, the "PEDOLARE" student category also includes students who have received an INPS scholarship or other type of scholarship for assignment to a university college with payment of part of the tuition fee.

Verifications regarding enrollment and commitment will be conducted on April 2, 2027. Students who are enrolled part-time on that date will be excluded from the grant.

ART. 40 INCOME AND MERIT REQUIREMENTS

Income requirements are established in Article 6 of this announcement. Merit requirements for students in subsequent years are established in Article 29 of this announcement. For transfers, please refer to Articles 9 and 14 of this announcement. In the event of credit recognition (shortening of academic career, single courses, previous academic careers), if this occurs:

1. by the time the application is submitted: students are required to declare it using the specific option available in the section "School data" > "Merit" of the online application;
2. after submitting the application, but by April 2, 2027: students are required to notify EDISU by filling in the appropriate section for data modification or complaint.

Changes may also occur following official checks during the academic year.

ART. 41 METHODS AND DEADLINES FOR SUBMITTING THE APPLICATION

Art. 41 paragraph 1 APPLICATION SUBMISSION METHODS

To submit an application, go to www.EDISU.piemonte.it and select the "Online Services: Access Scholarships, Accommodation, Meals, Refunds, and Grants" section (hereinafter referred to as the Online Help Desk). Select the "46% DISABLED CONTRIBUTIONS" option from the online help desk.

Applications can be submitted starting from October 28, 2026. The application procedures are indicated in art. 7, paragraph 1.1 (for students in possession of SPID or CIE) and 1.2 (for international students without residence in Italy in

⁸⁰ Ministerial Decree 1320/2021 and Regional Criteria 2026/27 Section VIII and Annex A

⁸¹ Regional Criteria 2026/27 Sec. Art III. 1 c.5

(possession of a Temporary Access Code). International students whose family unit resides abroad must follow the application procedures indicated in Articles 30 and 31.

By the application deadline, students under 18 must have their parents/guardians complete the application authorization form, available on the EDISU website in the Documentation > Forms > Scholarships and other grants section. This form must be attached to the application itself in the identity document upload, along with the parents' identity document.

To credit the IBAN, please verify the information set out in Article 7, paragraph 3.

Students must submit their application by the deadlines indicated in the following table, even if they are not yet enrolled at the time of application. If they enroll in a program other than the one indicated in the application, they must promptly notify EDISU of the change according to the procedures indicated in Article 7, paragraphs 5 and 6.

In the event of a transfer to another non-Piedmontese university or withdrawal from studies after the publication of the final rankings and during the academic year, the benefit received or the eligibility condition will be revoked.

Students can also request telephone assistance or schedule an appointment at the front desk, including assistance with enrolling in targeted placement programs.

Art. 41 paragraph 2 DEADLINE FOR SUBMISSION OF THE APPLICATION

EXPIRATION

November 27, 2026, 12:00 PM

The online application must always be submitted by 12:00 noon on the deadline day. This procedure closes automatically at 12:00 noon on that day, and the countdown is reset.

After 12:00 PM, you will not be able to submit your application, even if your failure to submit is due to force majeure or the actions of third parties (e.g., problems with your internet connection or the device you are using).

For international students not residing in Italy who submit their application with a Temporary Access Code, submission by 12:00 PM will be possible only after attaching the signed PDF of the application and a copy of a valid identity document.

It may take up to 6 hours from the request for the Temporary Access Code to its issuance by EDISU. Applicants must take this time into account when calculating the time required to complete and submit the application within the deadlines established by the call for applications, and assume full responsibility for this.

Art. 41 paragraph 3 RECEIPTS

Following submission of the application, two receipts will be sent to the indicated email address:

1. The first receipt, with the subject "Data acquisition via web", is sent following the online submission of the application.
Students who applied with a Temporary Access Code (TEMP) attached to the application form will have the previously signed documents attached to the application process. Students who applied with SPID (SPID) attached to the application form will have the PDF version available for safekeeping.
2. The second receipt, with the subject "Receipt of application", is sent following the import of the application into the database EDISU. The application's protocol number is indicated in the text.

The application is considered successfully submitted if and only if the first receipt is received. Receipts will remain available on the Student Online Help Desk's personal page in the "Receipts" section.

Students who entered the ISEE protocol or the DSU release protocol during the compilation phase, within 48 working hours

After the second receipt, they will receive another with the subject "INPS Data Receipt" containing the data related to EDISU's query of the INPS database. If EDISU does not find a valid ISEE, the reason for the invalidity will be indicated.

Students whose receipt with the subject line "INPS data receipt" contains the wording "ISEE with omissions and/or discrepancies" must submit documentation proving the accuracy of the DSU information, as indicated in INPS and Ministry of Labor message no. 8415 of October 26, 2020. The documentation can be submitted via the "Data modification" procedure by 12:00 noon on November 27, 2026, the application deadline, or subsequently via the ticketing system, ISEE economic requirements section. It is also possible to submit a new University ISEE certificate that corrects the omissions/discrepancies found in the previous one.

They may also submit a complaint, as per the following paragraph 6, attaching, together with the documentation proving the discrepancies found, the annotated ISEE and DSU.

Art. 41 paragraph 4 MODIFICATION OF DATA

Students who have submitted their application by 12:00 on November 27, 2026, may modify their data according to the procedures established in the previous article 7, paragraph 4 of this announcement.

ART. 42 DATES OF PUBLICATION OF THE RANKINGS AND DEADLINES FILING OF COMPLAINTS

PROVISIONAL RANKING	COMPLAINTS	FINAL RANKING
March 19, 2027, 12:00 PM	From March 19 to April 2, 2027, at 12:00 PM	April 30, 2027, 12:00 PM

Students can check their results by accessing the "rankings" page of their online service using their SPID or CIE. International students without Italian residency must access the site using a Temporary Access Code.

Complaints against the provisional ranking may be submitted on the dates indicated in the table.

The appeal may be submitted, according to the procedures established in Article 7 of this announcement, by both eligible and excluded students. Excluded students must take into account all the reasons for exclusion. Appeals will be accepted.

Only requests for corrections of material errors relating to data found in documents with a specific date prior to the submission of the application are accepted. The appeal procedure is available by consulting the provisional ranking results and selecting "COMPLETE."

Interested students may appeal against the final ranking results to the Piedmont Regional Administrative Court (TAR) within 60 days of publication.

They can also appeal to the Head of State within 120 days of publication.

ART. 43 PAID-IN ACCOMMODATION

Paid accommodation declarations for 10-month contracts (from September 1, 2026, to September 30, 2027) must be submitted following the instructions in Article 8, paragraph 2 of this announcement, both regarding the type of contract and the declaration submission procedure.

SELF-CERTIFICATION SUBMISSION DATES

From March 19 to April 9, 2027, 12:00 PM

ART. 44 PERIOD OF CONTRIBUTION PAYMENT

The entire amount will be disbursed in May 2027.

The regional tax for the right to study amounting to €140.00 will not be reimbursed.

Winners may receive the grant exclusively through a bank account or prepaid card with a SEPA IBAN, owned or jointly owned by the students. Postal savings accounts are excluded.

If students do not provide an IBAN by April 30, 2027, the applicable installment will be paid during the payment period established by the EDISU schedule following the IBAN entry. No ad hoc payments will be made to students who provide their IBAN late.

International students, who are not permitted to open a current account under current Italian banking regulations, may enter a foreign IBAN, provided it is part of the SEPA network. To proceed with the payment, the winner must provide an Italian address. Payment cannot be made until such time as the winner receives such notification.

Payments to students from certain "high-risk third-party countries" identified by current European legislation may experience delays or failure to process payments. EDISU will not be held responsible in such cases.

For further information on how to communicate your IBAN, please refer to Article 7, paragraph 3.

Please note that payment of the instalment means the start of the administrative process, which concludes the following month with the payment by EDISU to the credit institution indicated in the IBAN provided by the students.

The amount may therefore be available on the current account in the month following the disbursement, based on the timeframes of the individual credit institutions.

If you fail to provide your IBAN by December 31, 2027, your installments will no longer be due.

SECTION XI

FINAL PROVISIONS

ART. 45 INFORMATION PURSUANT TO ARTICLES 12, 13 AND 14 OF REGULATION (EU) 27 APRIL 2016, NO. 679 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL ON THE PROTECTION OF NATURAL PERSONS WITH REGARD TO THE PROCESSING OF PERSONAL DATA AND ON THE FREE MOVEMENT OF SUCH DATA

EDISU Piemonte processes personal data and is considered the Data Controller pursuant to the legislation on the protection of personal data (Regulation (EU) 27 April 2016, no. 679 (hereinafter, more briefly "Regulation" or "GDPR") and Legislative Decree 30 June 2003, no. 196 (hereinafter, more briefly "Code").

This notice is intended to specify which personal data are processed, why they are recorded, and how they are used.

1. DATA CONTROLLER

The Data Controller is EDISU Piemonte - Via Madama Cristina, 83 - 10126 – Turin (TO) CF 97547570016 | VAT No. 06440290010.

The Data Controller can be contacted at the postal address indicated, as well as at the email address privacy@EDISU-piemonte.it

2. DATA PROTECTION OFFICER

The Data Protection Officer, appointed pursuant to Article 37 of the Regulation, can be contacted at dpo@EDISU-piemonte.it

3. LEGAL BASIS AND PURPOSE OF THE PROCESSING OF PERSONAL DATA

The processing of personal data is lawful if there is a valid legal basis. For the processing considered in this policy, the valid legal bases are the following:

- **Contract** (art. 6, paragraph 1 letter b) of the Regulation): the processing is necessary for the performance of a contract the interested party is a party or is in the process of taking pre-contractual measures at his/her request;
- **Legal Obligation** (art. 6, paragraph 1 letter c) of the Regulation): the processing is necessary to fulfill a legal obligation legal entity to which the data controller is subject;
- **Public interest** (art. 6, paragraph 1 letter e) of the Regulation): the processing is necessary for the performance of a task of public interest or connected to the exercise of public authority vested in the data controller;
- **Social protection obligation and/or right** (Article 9, paragraph 2, letter b) of the Regulation): processing is necessary for the purposes of carrying out the obligations and exercising specific rights of the controller or the data subject in the field of social protection to the extent authorised by Union or Member State law.

Personal data will be processed to fulfill the obligations related to participation in the competition (compiling rankings, disbursing benefits, etc.) and to verify the veracity and/or permanence of the conditions (financial and merit-based) or status (for example, that of a beneficiary of international protection) self-certified by the participant, including for the purpose of revoking and subsequently reimbursing the benefits granted.

Personal data will also be processed to fulfill regulatory, accounting, and tax obligations and for statistical purposes, the latter through communication to designated public bodies.

They will also be processed for reporting purposes and for checks carried out by ministerial and regional bodies to verify the correct allocation of funding, particularly the PNRR and ESF.

Any additional and specific processing purposes, including those arising from subsequent processing, will be communicated via a different and more detailed notice, possibly accompanied by a request for specific consent.

4. PERSONAL DATA SUBJECT TO PROCESSING

EDISU Piemonte records, uses, and archives personal and contact information (for example, name and surname, citizenship, telephone number, postal and email address, tax code, family name, and other personal identification details) provided directly by the interested party when completing and submitting the application to participate in the competition.

In order to provide the benefits set forth in the Call for Applications, EDISU Piemonte also processes information relating to financial situation, university career, and status as a person with a disability or under international protection.

This information is also communicated directly by the interested party. For a more precise identification of the types of

For the personal data subject to processing, please refer to the contents of this Competition Notice and the information requested therein for the submission of the relevant application.

Finally, EDISU Piemonte will process data not communicated directly by the interested party but received from third-party institutions (Revenue Agency, the university of affiliation, other universities, etc.) from which they have been requested in order to carry out checks relating to the veracity and/or permanence of the conditions and status self-certified by the participant.

5. RECIPIENTS OR CATEGORIES OF RECIPIENTS OF PERSONAL DATA

In order to pursue the purposes stated in this Policy, personal data will be communicated to employees and collaborators of the Data Controller in their capacity as Authorized Persons to process data.

Personal data will also be disclosed to companies/professional firms that provide assistance and/or consultancy to the Data Controller in accounting, administrative, fiscal, legal, tax, and financial matters, as well as to third-party service providers to whom disclosure is necessary for the performance of the services covered by the Call for Proposals.

These entities will process the data in their capacity as Data Processors.

The Data Controller may also disclose personal data to administrative, institutional, and/or judicial authorities (for example, the Revenue Agency, Piedmont universities, the Guardia di Finanza, the Regional Observatory for Universities and the Right to University Education, the National Association of Organizations for the Right to University Education, etc.) and to any other entity to whom disclosure is required by law and/or for the purposes set out in this policy.

These entities will process the data in their capacity as independent Data Controllers.

The complete list of recipients of personal data is available, upon request, from the Data Controller.

6. USE OF AUTOMATED DECISION-MAKING PROCESSES

To assign scores and the associated ranking, EDISU Piemonte uses automated decision-making processes pursuant to Article 22 of the Regulation. Pursuant to the aforementioned article, the Data Controller implements appropriate measures to safeguard the data subject's rights, freedoms, and legitimate interests, including the right to obtain human intervention on the part of the controller, to express their point of view, and to contest the decision.

7. DISSEMINATION OF PERSONAL DATA

EDISU Piemonte does not disclose any personal data. The rankings can be viewed exclusively on the personal page of the Online Help Desk (by clicking "Ranking List" in the "Scholarship" section).

8. PERIOD OF STORAGE OF PERSONAL DATA

The personal data contained in the application form, in attached documents, or subsequently transmitted and/or acquired, including at the initiative of E.DI.SU PIEMONTE, will be retained for the period established by the conservation and disposal plan drawn up pursuant to Legislative Decree no. 42 of 22 January 2004 ("Code of Cultural Heritage and Landscape").

9. NATURE OF THE PROVISION OF PERSONAL DATA AND CONSEQUENCES OF A POSSIBLE REFUSAL

Providing your data is necessary to assign your score and the associated ranking. Failure to provide your data will therefore result in the impossibility of obtaining the benefits provided for in the competition announcement.

10. TRANSFER OF PERSONAL DATA TO THIRD COUNTRIES OR INTERNATIONAL ORGANIZATIONS

For the purposes listed in this Policy, personal data may be transferred to countries within or outside the European Union. In such cases, EDISU Piemonte will ensure appropriate safeguards are in place to protect personal data in accordance with the provisions of the Regulation (Articles 44-50).

11. RIGHTS RECOGNIZED TO THE INTERESTED PARTY

Right of access (Article 15 GDPR)	The data subject has the right to obtain from the Data Controller confirmation as to whether or not personal data concerning him or her are being processed, and, where that is the case, access to the personal data and the information referred to in Article 15 of the Regulation. If personal data is transferred to a third country, the data subject also has the right to be informed of the existence of adequate safeguards relating to the transfer pursuant to Article 46 of the Regulation.
Right to rectification (Article 16 GDPR)	The data subject has the right to obtain from the Data Controller without undue delay the rectification of inaccurate personal data concerning him or her. Taking into account the purposes of the processing, the data subject has the right to have incomplete personal data completed, including by providing a supplementary statement.
Right to cancellation (art. 17 GDPR)	The data subject shall have the right to obtain from the Data Controller the erasure of personal data concerning him or her without undue delay and the Data Controller shall have the obligation to erase personal data without undue delay when: a) the personal data are no longer necessary in relation to the purposes for which they were collected or otherwise treated; b) [letter omitted as it does not apply to the processing indicated in this information]; c) the data subject objects to the processing pursuant to Article 21, paragraph 1 of the Regulation and there are no overriding legitimate grounds for the processing; d) the personal data have been unlawfully processed; e) the personal data must be erased for compliance with a legal obligation in Union or Member State law to which the Controller is subject; f) [letter omitted as it is not applicable to the processing indicated in this information]

Right to limitation of treatment (art. 18 GDPR)	The data subject has the right to obtain from the Data Controller restriction of processing where one of the following applies: a) the accuracy of the personal data is contested by the data subject, for a period enabling the Data Controller to verify the accuracy of the personal data; b) the processing is unlawful and the data subject opposes the erasure of the personal data and requests the restriction of their use instead; c) although the Data Controller no longer needs the personal data for the purposes of the processing, they are required by the data subject for the establishment, exercise or defense of legal claims; d) the data subject has objected to processing pursuant to Article 21, paragraph 1, pending verification whether the legitimate grounds of the Data Controller override those of the data subject.
Notification obligation (art. 19 GDPR)	The Data Controller shall communicate to each recipient to whom the personal data have been disclosed any rectification, erasure, or restriction of processing carried out pursuant to Articles 16, 17(1), and 18, unless this proves impossible or involves disproportionate effort. The Data Controller shall inform the data subject of these recipients upon request.
Right to data portability (Article 20 GDPR)	<i>[article omitted as it is not applicable to the processing indicated in this information]</i>
Right to opposition (Article 21 GDPR)	The data subject has the right to object at any time, for reasons relating to his or her particular situation, to the processing of personal data concerning him or her pursuant to Article 6, paragraph 1, letters e) or f), including profiling. The Data Controller shall refrain from further processing the personal data unless it demonstrates compelling legitimate grounds for the processing that override the interests, rights, and freedoms of the data subject, or for the establishment, exercise, or defense of legal claims.
Right to lodge a complaint with the Authority (art.77 GDPR)	Without prejudice to any other administrative or judicial remedy, any data subject who believes that the processing of personal data concerning him or her violates the Regulation has the right to lodge a complaint with the competent independent administrative authority in the Member State of the European Union where he or she habitually resides, where he or she works, or where the alleged violation occurred.
Right to compensation (art.82 GDPR)	Anyone who suffers material or non-material damage caused by an infringement of the Regulation has the right to obtain compensation for damages from the Data Controller or the Data Processor.

ART. 46 VERIFICATION OF THE TRUTHFULNESS OF THE CONDITIONS SELF-CERTIFIED ECONOMICS AND SANCTIONS

Art. 46 paragraph 1 VERIFICATION OF ECONOMIC CONDITIONS

To ensure compliance with the deadlines set out in the call for applications, checks and verifications of the authenticity of student self-certifications are conducted after the benefits are paid. In compliance with the provisions of the "Regulations for Verification Procedures for Applications for Benefits Provided by EDISU Piemonte"⁸² and subsequent amendments, EDISU verifies the authenticity of student self-certifications regarding financial circumstances, through random checks in conjunction with the Regional Command of the Guardia di Finanza, with which EDISU Piemonte has signed a memorandum of understanding.

Students will be notified of the start of the process via registered letter for *post-clearance verification only*. Each student can also track the process on their personal page at the Online Help Desk, under "Checks/Revocations." EDISU Piemonte guarantees that checks will be carried out within the timeframes established by current legislation.

If the verified data, collected from databases and/or documentation already in possession or requested from students or certifying bodies, affects the benefit based on the University ISEE (or, in the case of students with part of their family residing abroad, the value calculated from the ISEE Parificato) or ISPE (or, in the case of students with part of their family residing abroad, the value calculated from the ISPE Parificato) values, recalculated ex officio, the student will be excluded from the final scholarship ranking based on the ex ante verifications or, in the case of a first scholarship installment, will be offset against the second installment or will be requested for the amount not directly due to the student. With regard to ex post verifications, EDISU Piemonte will revoke the scholarship and any other benefits awarded in the same academic year and will apply the administrative sanctions set forth in Legislative Decree 68/2012, art. 10, paragraph 3, without prejudice to the provisions of art. 38 L. 122/2010.

If the requirements for independent student status are found not to be met, EDISU Piemonte will completely revoke the scholarship and impose the administrative sanctions set forth in Article 10, paragraph 3 of Legislative Decree no.

⁸² Available at <https://www.edisu.piemonte.it/it/servizi/borse-di-studio-e-altri-contributi/borsa-di-studio/accertamenti>

68/2012. In this case, EDISU Piemonte will not recalculate the benefit based on the ISEE value integrated with the family income, thus eliminating the very conditions for maintaining the benefit in self-certified status.

Furthermore, the scholarship will be revoked for students enrolled in the first years whose financial assessment reveals that their ISEE Universitario value (or, in the case of students with part of their family residing abroad, the ISEE Parificato value) is higher than their declared value and higher than the ISEE Universitario threshold (or, in the case of students with part of their family residing abroad, the ISEE Parificato value). This threshold, for the 2026/27 academic year, discriminates between successful candidates and eligible candidates. If students who have benefited from the housing service and are found not to be compliant with the financial assessment, they are required to refund the entire amount, quantified as €2,700.00, as defined in Article 5, paragraph 1.2, point a.

EDISU also carries out random checks to verify the consistency of the financial information provided pursuant to Article 31 of this announcement.

EDISU Piemonte is verifying 100% of the consular documentation submitted by EU and non-EU international students pursuant to Article 30 above in order to issue the ISEE parificato data collection form. If non-compliance with the consular documentation is detected, students will not be granted benefits (*Ex Ante checks*), or EDISU Piemonte reserves the right to conduct additional checks even after the benefits have been disbursed following the discovery of further grounds for irregularities or reports, including from the Guardia di Finanza.

EDISU Piemonte may also verify the "ISEE Parificato" data collection forms for students who availed of the confirmation of financial data in the 2026/27 academic year. In the event of a discrepancy between the consular documentation in EDISU's archives and the ISEE Parificato calculation, EDISU may recalculate the scholarship amount or revoke the benefit if the maximum thresholds are exceeded, even in the academic years for which the scholarship was received without being eligible.

In the event that a discrepancy is found between the data confirmed to EDISU Piemonte and those submitted to the University of enrollment, or present in the INPS database, administrative sanctions may be imposed pursuant to and as a result of the "Regulation of the verification procedures on applications submitted to obtain the benefits provided by EDISU Piemonte" and subsequent amendments.

These penalties may also be imposed if the official recalculation does not exceed the limits set by this competition announcement. This *approach* is dictated by the fact that, due to their higher certified income, they have unlawfully benefited from preferential social benefits, as regulated by Article 38 of Law 122/2010.

Regarding self-certification of residence for a fee (Article 8), EDISU will conduct checks with the relevant offices to ensure the proper registration of rental agreements. EDISU reserves the right, in any case, to request a copy of the duly registered rental agreement from students.

In compliance with the memorandum of understanding between EDISU Piemonte and the Provincial Command of the Guardia di Finanza, independent checks are conducted by the Provincial Command. These checks may also include verification of the accuracy of the paid accommodation declaration (Article 8). Please note that, with respect to these checks, EDISU Piemonte is required to fully comply with the provisions of the Guardia di Finanza.

Art. 46 paragraph 2 SANCTIONS

In compliance with the provisions of the "Regulations for the verification procedures for applications submitted to obtain benefits provided by EDISU Piemonte" and subsequent amendments, if, from the investigations carried out, it appears that false declarations have been submitted in order to benefit from the benefits, the applicant will be subject to administrative sanctions which are ascertained and imposed pursuant to art. 10, third paragraph of Legislative Decree 68/2012, or pursuant to art. 38 of Legislative Decree 31 May 2010, no. 78 as converted by Law 30 July 2010, no. 122 and will forfeit any benefits resulting from the provision issued on the basis of false declarations⁸³ without prejudice to further provisions and actions provided for by current legislation.

Students will be required to repay the amount paid and will be subject to a penalty consisting of payment of three times the amount received, without prejudice to the application of the penalties set forth in Article 38, paragraph 3 of Legislative Decree No. 78 of May 31, 2010, converted, with amendments, by Law No. 122 of July 30, 2010, which are proportional to the financial benefit received, as well as the criminal provisions for acts constituting a crime. They will also lose the right to obtain further disbursements for the duration of their studies, and will forfeit ALL benefits provided by EDISU Piemonte in the years following the year of the assessment, including the discounted rate for catering services .

Anyone who makes false statements, signs false documents, or uses them⁸⁵ is punishable under the Criminal Code and specific laws. Providing a document containing untrue information is equivalent to using a false document.

Specifically, false statements, falsified documents, and the use of false documents will be reported by EDISU Piemonte to the Judicial Authority for possible criminal investigation.

The application of the administrative sanctions provided for in this paragraph is binding. EDISU Piemonte has no discretion: any irregularity detected will result in the automatic imposition of the relevant sanctions.

⁸³ Art. 75 D.P.R. 445/00.

⁸⁴ Chapter VI, Article 1 of the "Regulations for the assessment procedures for applications submitted for benefits provided by EDISU Piemonte"

⁸⁵ Art. 76 D.P.R. 445/00.

ART. 47 REVOCATION OF THE SCHOLARSHIP AND HOUSING SERVICE FOLLOWING AN EXAMINATION OF MERIT, WITHDRAWAL AND LOSS OF REQUIREMENTS

Art. 47 paragraph 1 VERIFICATION OF REGISTRATION AND MERIT

To verify enrollment and merit, academic records, transfers, and advancements, universities conduct checks on all self-certifications submitted by students. These checks include enrollment in the 2026/27 academic year, the year of initial enrollment, the number of academic credits declared, and any transfers, advancements, and withdrawals, including those from previous academic years.

The initial checks will begin after the application deadline and will conclude with the payment of the second scholarship installment. Furthermore, checks may be conducted after the installments have been paid, even following notification from the universities in years following the awarding of the grant.

Art. 47 paragraph 2 REVOCATION OF THE BENEFIT

Students who incur exclusion or forfeiture of eligibility for benefits during the 2026/27 academic year must return the sums received as scholarships and/or the value of housing services used and other financial assistance, losing the right to exemption from university fees, pursuant to current legislation regarding debt collection.

Furthermore, benefits are revoked from students who have been subjected to serious disciplinary action by their home university, such as exclusion or suspension from multiple university exams or suspension from university attendance for a period of one year or more.

Art. 47 paragraph 2.1 FIRST YEARS LACK OF MERIT

Following verification of failure to meet the merit requirements for maintaining the first installment of the scholarship received, EDISU revokes the benefits received, the eligibility condition, the reimbursement of the regional tax, and the exemption from paying university fees through a specific provision pursuant to current legislation on debt collection.

Pursuant to Article 8, paragraphs 1 and 2, of Law 241 of August 7, 1990, as amended, EDISU verifies merit for the right to maintain the first installment of the scholarship, the accommodation used, and eligibility. The revocation process, concerning the first years, will begin on March 30, 2028, and will conclude by September 30, 2028, unless otherwise approved by the EDISU Board of Directors.

If the test result is compliant with the self-certification, students will be notified of this on their personal page at the Online Help Desk. No further communication will be sent informing them of the test result.

In the event of proven lack of merit, reference is made to the provisions of the following article 47, paragraph 3 – Refunds of Benefits.

Art. 47 paragraph 2.2 FIRST YEARS AND SUBSEQUENT YEARS LOSS OF REQUIREMENTS

Furthermore, the provisions of Article 3 "Conditions for Non-Admission" and "Conditions for Exclusion" shall constitute grounds for revoking the benefits under this notice if EDISU verifies their existence, following checks which may also take place after the publication of the rankings, as well as the provisions of Article 35, paragraph 2 "Revocation of Housing Service" and the existence incurred a serious disciplinary measure adopted by the university to which he or she belongs, such as exclusion or suspension from several university exams or suspension from university attendance for a period equal to or greater than one year.

Furthermore, as regards the assignees of a bed-space, having incurred a disciplinary measure pursuant to the provisions of the Internal Regulations of University Residences and subsequent amendments, constitutes grounds for revocation of the accommodation service and, where applicable, the scholarship.

art. 47 paragraph 3 REFUND OF BENEFITS: METHODS

1. Scholarship recipients, scholarship-eligible students, and housing recipients will be notified by registered letter with return receipt containing a notice of revocation of the benefit, information regarding the amount to be repaid, the payment deadline, and the payment methods in accordance with current debt collection legislation.

Students are required to communicate any changes to their residential or domicile address to EDISU through the Ticketing service available on the website www.edisu.piemonte.it, selecting the "Benefit Cancellations" section.

Those whose benefits have been revoked and who have not provided a valid residential or domicile address, including any domiciliary representative, and who are therefore unavailable, will be reported to the offices of their home university for administrative suspension of their academic career. These offices will proceed with the suspension of their academic career based on the provisions of their respective regulations.

This block will also be applied to students who have not paid the amount due within the deadlines indicated in the notification letter.

Students are also asked to provide a valid telephone number.

2. Students eligible for scholarships who are not eligible for housing will be notified on their personal page in the Online Help Desk, in the "Checks/Revocations" section, so as to inform students of the conclusion of the merit-based process (Article 47, paragraph 2.1) and the outcome for them. No other written communication will be sent to individual students.

Repayment of benefits is subject to current legislation. In all cases of failure to repay the amounts due, any other benefits awarded will be suspended until the debt is settled.

Art. 47 paragraph 4 ACADEMIC CAREER BLOCKS

Those whose benefits have been revoked and who fail to pay the amount due by the deadlines indicated in the notification letter, or who fail to comply with the installment plan granted pursuant to the EDISU Credit Recovery Guidelines, will be subject to an administrative suspension of their academic career. Their names will be reported to the offices of their home university for administrative suspension of their academic career. These offices will proceed with the suspension of their academic career based on the provisions of their respective regulations.

This block, as indicated in the previous paragraph, will also be applied to students who have not provided a valid residential or domicile address complete with any domiciliary agent, and who will therefore be untraceable.

Art. 47 paragraph 5 COMMUNICATION TO THE UNIVERSITY

The revocation will be communicated to the relevant University offices, who will revoke the tuition fee exemption and request payment of the amount due in accordance with the current Tuition Fee Regulations.

Art. 47 paragraph 6 REGISTRATION In the event of failure to repay the sums due, EDISU will proceed with the recovery of the credits by communicating the debtors to the Revenue Agency - Collection competent for forced collection matters. The methods of forced collection and the related procedures are governed by the respective legal provisions in force for the purposes of applying the procedural provisions.

Art. 47 paragraph 7 REVOCATION OF FURTHER SERVICES AND BENEFITS

EDISU Piemonte will revoke further services and benefits as established by the respective announcements and internal regulations.

ANNEX "E"

SPECIFICATIONS AND SPECIAL CASES REGARDING THE INFORMATION TO BE ENTERED IN THE CONSULAR DOCUMENTATION FOR INTERNATIONAL STUDENTS

Below are detailed guidelines on the information that must be included in the financial documentation for students whose families reside in non-EU and EU countries.

The most common exceptional cases are also listed. If the cases listed do not cover your specific situation, students are asked to contact EDISU by opening a ticket.

Further specifications will be defined exclusively in English in the following Appendix F, dedicated to the use of international students only.

1. COMPOSITION OF THE FAMILY UNIT

This means a certificate listing all members living with the student. It must include the full name and date of birth of each cohabitant.

Parents: Parental information must always be provided, unless applying as an independent student (see below) or the following specific cases apply:

- a) Death: In the event of the death of a parent, this must be specified on the certificate. If this is not possible, a death certificate may be submitted. This may be a non-original copy, without legalization, and is also acceptable in English, French, or Spanish.

In the case of a student who has lost both parents, the registered family unit must comply with the provisions of Article 6, paragraph 1.6, only if the students reside alone.

- b) Divorce or legal separation: In the case of divorce or legal separation, this must be specified on the certificate. If this is not possible, the divorce or legal separation certificate may be submitted. This certificate may be a non-original copy, without legalization, and is also acceptable in English, French, or Spanish.
- c) Financial and emotional detachment: If the student has only one biological parent and there are no financial or emotional ties with the other parent, this must be specified in the certificate. If this is not possible, a certificate of financial and emotional detachment may be submitted. This certificate may be a non-original copy, without legalization, and is also acceptable in English, French, or Spanish. If this document can only be submitted as an affidavit, it must be translated into Italian and legalized.

Non-cohabiting members: For all members of the household who are adults as of January 1, 2026, listed on the family composition certificate, documentation must also be submitted to prove their income and assets. If the family composition certificate lists members who no longer live with the student, they may be excluded from the household by submitting additional documentation proving their absence from the household. This documentation may be submitted in non-original copies, without legalization, and is also acceptable in English, French, or Spanish.

Married students: The family unit consists of the student, their spouse, their children, and any other cohabitants. The spouse's parents must be included in the family unit only if they still reside with them or if, despite having a different residence, the student does not meet the requirements for independent status (see below).

Members of age: "members of age as of January 1, 2026" means any member of the household (including students) who turned 18 during the calendar year 2025 (January 1-December 31) and therefore are of age as of January 1.

2026. Any members born on or after January 1, 2008, are excluded from this definition.

Remarriage: If a student's parent is remarried to a person other than the other parent, the new spouse must be included in the family unit and therefore their income and assets must be submitted.

2. INCOME

For all household members who were adults on January 1, 2026, the total gross annual income must be submitted, or, if there was no income, a certificate of no income or unemployment for the requested year. This information must be provided even if the household members were not adults in the requested year but are adults on January 1, 2026.

Below are the details of the information required:

- Type of income: Total gross annual income must be provided. Certificates specifying net income or a generic income (without the specification "gross") will not be accepted. However, certificates in the form of tables or income statements that, while not specifying "gross," allow for tracing the income by showing tax and social security withholdings, and any bonus and premium payments, are acceptable. If all monthly payments for the year are not submitted, EDISU Piemonte automatically applies the thirteenth monthly salary calculation; furthermore, it is necessary to declare any forms of income support and/or state subsidies held by a family member.
- Required currency: Income must be expressed exclusively in local currency, so that EDISU can convert it into euros for the purpose of calculating the ISEE parificato. Certificates showing income already converted into euros or currencies other than the local currency will not be accepted. If the document shows both income already converted into euros and in local currency, it will be accepted, but the value converted into euros will not be taken into account.

- income reference period: for non-EU students, only the income of 2025 is required. For EU students, it is Only 2024 income is required.
- You must provide your total annual gross income or the total gross income for each individual month from January to December. Certificates reporting only a few months' salary, without further information about income or unemployment for the remaining months, will be considered ineligible. If all monthly salary payments are not submitted, EDISU Piemonte automatically applies the thirteenth monthly salary calculation. Additionally, you must declare any forms of income support and/or government benefits received by a family member.

Income statements referring to periods between two different years (for example, income between March 2024 and March 2025) will not be permitted.

- Unemployment: If one or more family members who were adults on January 1, 2026, had no income in the requested year, a certificate of no income or unemployment for that year is required. For any siblings who were adults on January 1, 2026, or for the student themselves (if they were adults on January 1, 2026), proof of enrollment in a school or university in the requested year is also acceptable as proof of unemployment. In this case, too, the documents must be translated into Italian and legalized.
- Pensions: If the household includes pensioners, documentation must be provided regarding the gross pension for the entire year requested. Providing only one monthly payment or fewer than 12 monthly payments for the requested year will not be sufficient. If pensions for all 12 individual monthly payments are submitted, EDISU will calculate the annual pension based on 13 monthly payments for the entire year. Additionally, any forms of income support and/or government benefits received by a family member must be declared.
- Exchange rate: EDISU uses the Bank of Italy's guidelines (<https://tassidicambio.bancaditalia.it/terzevalute-wf-ui-web/converter>). For EU students, the calculation is effective as of December 31, 2024, while for non-EU students, it is effective as of December 31, 2025 (or the first immediately preceding working day). If documents show income in both euros and local currency, the euro value will not be taken into account, and EDISU will convert the local currency income into euros. If the document indicates income in euros, it will be considered non-compliant.

3. MOVABLE ASSETS

For all family members who were adults on January 1, 2026, information regarding their assets (deposits, current accounts, savings accounts) must be submitted, or, if none exist, a certificate of absence. This information must be provided even if family members were not adults on the requested date but are adults on January 1, 2026.

Below are the details of the information required:

- Presence of movable assets: for non-EU students, the certificate must show the balance as of December 31, 2025 or the average balance for the year 2025; for EU students, the balance must be as of December 31, 2024 while the average balance must refer to 2024. This document can be submitted as a non-original copy, without legalization and is also acceptable in English, French or Spanish.
- Absence of movable assets: If a family member who was an adult on January 1, 2026, did not own any movable assets as of December 31, 2025 (non-EU students) or December 31, 2024 (EU students), documentation proving this absence is required. For this type of information only, a notarized self-declaration or affidavit may be accepted. The document certifying the absence of real estate assets must always be translated into Italian and legalized.

Certificates of absence of movable assets issued by individual credit institutions, banks, finance companies or other private entities are not acceptable.

4. REAL ESTATE ASSETS

For all family members who were adults on January 1, 2026, information regarding the presence of real estate assets must be submitted, or, if none exist, a certificate of absence. This information must be provided even if the family members were not adults on the requested date but are adults on January 1, 2026.

Below are the details of the information required:

- Houses and other buildings: for non-EU students, it is mandatory to submit information relating to houses or other types of buildings owned by each member of the household who was 18 years of age on 1 January 2026 as of 31 December 2025; for EU students, it is mandatory to submit information relating to houses or other types of buildings owned by each member of the household who was 18 years of age on 1 January 2026 as of 31 December 2024. It is also mandatory to report the specific surface area in square metres.
- Absence of real estate assets: If a member of the household who is 18 years of age as of January 1, 2026, did not own any real estate as of December 31, 2025 (non-EU students) or December 31, 2024 (EU students), a certificate of non-ownership must be submitted. A rental contract is not acceptable as proof of non-ownership.
- Agricultural land: It is not necessary to submit information about any land owned. However, a certificate of ownership of land may be accepted to certify the absence of houses or other buildings only if the certificate is a land registry extract listing all the real estate assets registered to the citizen.
- Rental Agreement: The rental agreement cannot be used to certify the absence of real estate ownership. However, students They can submit it to EDISU to deduct the fee when calculating their ISEE value. Please note that fees with a value greater than or equal to the total family income will not be deducted. In this case, too, the documents must be translated into Italian and legalized.
- Presence of a mortgage on a building: in case a building is burdened by a mortgage, it is possible to present a copy of the mortgage deed with the relative residual debt capital quota as of 31 December 2025 [2024 FOR EU] in order to proceed with the

Deduction of the value up to the value of the building. In this case, too, the documents must be translated into Italian and legalized.

5. INDEPENDENT STUDENTS

"Independent students" means single, unmarried, or married students who intend to apply without including their parents' family unit (Article 6, paragraph 1.5).

To apply as an independent student, in addition to the documentation listed above, you must provide additional documentation proving your independent status, namely:

- have received an income from work of at least 9,000.00 euros (or equivalent in foreign currency) for the tax years 2024 and 2025
- have resided outside of their family of origin (in a property not owned by a family member or other relative) for at least 2 years prior to the date of application submission.
- Income requirement: You must submit documentation demonstrating that your gross earned income was at least €9,000.00 (or equivalent in foreign currency) in both 2024 and 2025. Married students can also reach the €9,000.00 threshold by using their spouse's income or by combining their own and their spouse's income. If all monthly payments are not submitted for the year, EDISU Piemonte will automatically calculate the thirteenth monthly salary. Additionally, you must declare any income support and/or government benefits received by a family member.

Any scholarship received from EDISU or another educational institution does not count toward the minimum income threshold.

- Residency requirement: Applicants must present a document proving their residence outside of their family's home for at least two years prior to the scholarship application date. This residence cannot be in a property owned by a family member or other relative.

To certify this requirement, you can use the rental agreement, a certificate of residence, or the property ownership certificate for the residence registered in the student's name. These documents must also be translated into Italian and legalized.

ANNEX “F”

THIS ANNEX F IS ENTIRELY IN ENGLISH AS IT IS FOR THE EXCLUSIVE USE OF INTERNATIONAL STUDENTS

For all international students, regardless of their country of origin:

- **UNIFORMITY OF TREATMENT:** EDISU is committed to ensuring uniformity of treatment for all students, adapting its requests to the documentation available in each country and requesting documentation that is as closely aligned as possible with the requirements set out in the Notice of Competition and compliant with Italian law. The documentation listed in this document has been identified on the basis of the guidelines issued by the Italian Ministry of University and Research (MUR), as well as the verification and assessment activities carried out by our staff.

- **INCOMES:** Both labour and pension incomes must include any additional allowances or bonuses, as well as the thirteenth-month salary (if applicable). If the income documentation submitted indicates the total income for the relevant tax year but does not explicitly confirm that these components have been fully taken into account, or if it reports only twelve gross monthly payments, EDISU will automatically calculate the value of the thirteenth-month salary (end-year bonus mandatory by Italian law) and add it to the declared income _____

- **BUILDINGS DESTROYED OR DAMAGED BY WAR OR NATURAL DISASTERS:** If one or more buildings owned by the student or the student's family have been damaged or rendered uninhabitable as a result of force majeure events, such as war or natural disasters, they may be excluded from the calculation of the applicant's real estate assets, provided that official documentation issued by the National Land Registry or the competent authority is submitted, certifying that the property has been damaged or rendered uninhabitable. _____

- **SPECIAL CASES (REFUGEE STATUS, TEMPORARY PROTECTION):** Students who have refugee status, are beneficiaries of temporary protection (Ukraine), or are in other circumstances provided by EDISU's Notice of Competition that preclude the inclusion of their family household, must declare their own household composition, as well as any income and assets held in Italy or in another European country. In the event of family reunification, the other members of the household must also be included in the ISEE Parificato; accordingly, they must be included in the student's household composition and declare any income and assets held in Italy or in another European country. Students belonging to these categories are strongly advised to read carefully the sections of the Call for Applications specifically dedicated to their circumstances. _____

IRAN

Apostille	NO
London Convention	NO

ACCEPTABLE DOCUMENTATION:

HOUSEHOLD COMPOSITION: "eghrýrnýme," a declaration issued by the relevant office in which the head of household provides their own information and that of their dependents; since there are no other equivalent examples of a family status certificate, this declaration is accepted provided that the identity card of the parent submitting the declaration is attached

Note: The "eghrýrnýme" is not sufficient to certify the independent living status of any family member, nor to certify divorce or death (the wording contained therein, such as "my daughter... living independently" or "my late wife..." is not sufficient): in these cases, additional documentation proving the situation is required (such as a certificate of residence, a lease agreement, or a marriage certificate in the first case, a divorce decree in the second, and a death certificate in the third)

INCOMES:

Preferred documentation:

Ezhýrnýme-ye Mýliyýti (tax return) issued by the Iranian National Tax Administration (INTA), affiliated with the Ministry of Economic Affairs and Finance

The office reserves the right to evaluate other forms of proof of income on an individual basis, such as:

- A statement from the employer declaring the monthly or annual salary amount; alternatively, pay stubs from January through December may be submitted.
- The relevant government agency issues a form detailing the employment contract, including information on income, bonuses, and allowances.

The office reserves the right to evaluate other forms of proof of unemployment on an individual basis, such as:

- Eghrýrnýme: in this document, family members can be described as unemployed or incomeless

Please note: For unemployed family members, the employment status (unemployed/homemaker/student/zero income, etc.) must be explicitly stated. Simply declaring that the father is the family's primary breadwinner, that he is the only working member or that his family members are in his care is not sufficient

PROPERTIES: A document listing all real estate properties owned by the applicant, issued by the State Registry of Deeds and Property. It details the characteristics of the properties, including their area in square meters. If only lands are listed, the document can be considered as proof of absence of real estate properties.

Please note: Inquiries regarding a specific property, individual deeds of sale, or property certificates are not acceptable; a complete cadastral search is required

ABSENCE OF PROPERTIES: A declaration from the national-level Office of Deed and Property Registration (local-level declarations are not acceptable) confirming that no property is registered in the applicant's name.

Please note: It is not acceptable to certify the absence of property by submitting a lease agreement or by including such information in the "eghrýrnýme."
